## Cookie Walk 2023

*Submitted by the Human Concerns Team*

The Human Concerns Team is sponsoring our 2nd Annual Cookie Walk. It will be held on **Sunday, February 12th** following worship in the Gathering Room. You will be able to select your own delicious box of cookies, \$8.00 per dozen and \$4.00 per half dozen.

We are looking for people who are willing to bake cookies, bars or make candy. Last year, we had an amazing variety of goodies that all looked so scrumptious, it was hard to choose!

If you are willing to bake and donate cookies, click below to sign-up!

## Martin Luther King Day is January 16th

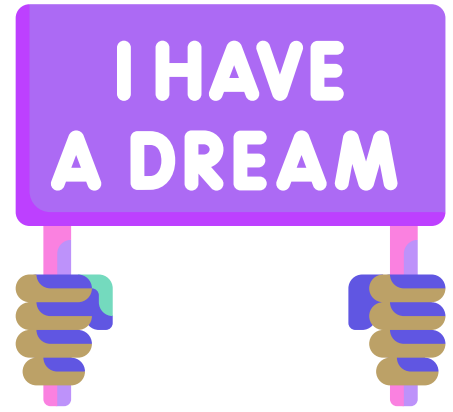

*Submitted by the Circle conversation Group*

On **Monday, January 16th**, the Circle Conversation group will be viewing/listening Dr. Martin Luther King's speech, "I've Been to the Mountaintop."

This was his last speech (on April 3rd in Memphis, Tennessee) as King was assassinated the following day, April 4, 1968.

As a Nobel Peace prize recipient, King set the standard for non-violent resistance as he campaigned for racial justice during the civil rights movement.

All are welcomed to join in exploring and learning about this historic man.

## Songoro Partnership

*All Saints has been Songoro's only partner since 2005*

### Songoro Clinic

Patients of Songoro Village region are now able to avoid the 1 hour walk to Ngoranga hospital for outpatient medical care. A physician provided by the Usa River District government, as agreed when the clinic was built with funds from All Saints, is now equipped and is busy supplying affordable health care to patients.

Equipment and furnishings sponsored by All Saints are labeled.

A physician is busy supplying affordable health care to patients as needed. The clinic is now better equipped to treat patients because of the generosity of All Saints members. Beds are available for inpatient use due to the generosity of contributions collected by All Saints Human Concerns Committee. THANK YOU FOR YOUR SUPPORT.

### Songoro Scholarship Program

Songoro Scholarship Program thanks you for your support!!

Attending school is not guaranteed in Tanzania. The scholarship program has been keeping many of the Songoro youth in school for a number of years. This is a proactive program that is improving the standard of living for today's members of our partner congregation as well as tomorrow's generations. The government only pays the cost of education for students until the age of twelve. Students past that age must pay school fees that are not realistic for most of the families of the Songoro Parish.

The fees for state secondary schools are approximately \$70 per year. The fees for private schools are \$250-\$350. The average annual household income in the Meru region is \$350. Students educated in private schools are more likely to acquire meaningful employment or possibly even higher education.

Funds for secondary school scholarships are transferred in January every year. The scholarship committee in Songoro distributes the funds transferred from All Saints using need and merit as their criteria. Contribution envelopes are available at the narthex display.
