The 2026 Eden Isles Christmas Boat Parade Route

Saturday Night, December 19th

The parade begins at Tammany Yacht Club, with all boats departing shortly after dusk. Spectators can enjoy the lights from waterfront homes, restaurants, and gathering spots throughout our waterfront community as the boats make their way through the canals.

After passing The Blue Crab, the fleet divides into two groups:

- Starboard Group (odd-numbered boats) turns right and follows the green route.
- Port Group (even-numbered boats) turns left and follows the red route.

Both groups travel through different sections of the community before rejoining and finishing together back in the Big Lagoon at Tammany Yacht Club. Whether you're on the water or watching from shore, the parade offers a great view of the decorated boats as they pass through our local waterways.
