ELECTION NEWS

The latest election is in its final days, with three candidates vying for the two open positions on the Board of Directors. If you have not mailed in your ballot, please do it now since we need at least 34 ballots in order for the election to be valid on the meeting day.

As you can see in the meeting notice, this May meeting will be in-person at the C&C Properties office in Vacaville. Those interested can watch the election results and be among the first to personally welcome and meet the latest Board members.

A parallel Zoom session will be broadcast to allow those interested who cannot be present in person to witness the event.

COMMUNITY NEWS

The Board has not provided any community news.

Please abide with the requirements in the CC&Rs because the fines were raised at the start of the new year. The Application Fee for architectural changes submitted after completion also increased, but there is no Application Fee if the proposed architectural changes are submitted for approval before being done.

LAWN CARE TIPS

Spring is here, so it's timely to share some tips to keep our lawns in tiptop shape.

- Apply fertilizer once every two months during the period March – October.
- Water regularly, every other day — daily in the hot, dry summer months.
- Mow weekly (less frequently will work in March and October).
- 3 An Architectural Consent is needed when replacing the lawn with a rock garden or removing a tree.

While thinking about Architectural Consents, please remember that an Architectural Consent is needed whenever a change is made that is visible from the street. No consent is needed for maintenance or like-for-like such as repainting with the same colors.
