

Home Inspection Professional

As we continue to fight our way through the COVID-19 crisis, we have to all do our part to support each other. As an Inspection Service, we are considered “essential real estate services” during our “shelter in place” order and thus are able to support you at this time. However, to keep everyone safe and healthy RC Home Services has adopted the following protocols going forward.

- Occupied Homes: I will enter provided no one has been sick in the last two (2) weeks and we ask that all occupants vacate the premises during the inspection.
- Vacant Homes: I will go to the property provided no one has lived there or no one has been sick in the last 2 weeks.
- I will require sellers, buyers and realtors to not be present during the inspection. However, I will continue to encourage buyers and agents to present for the walk-through during the last 30 minutes of the inspection, provided that no one has been sick during the last two (2) weeks. Facetime is also available for buyers if needed during parts of the inspection.
- I will wear gloves and use hand sanitizer regularly.

I am here to support you with your home purchase/sale and am dedicated to keeping the real-estate business moving forward during this unprecedented time.

Please feel free to reach out and stay in touch, I am here, and open!

Stay safe and healthy,
