

First Destin Snowbird Meeting

Sputzy Sparacino opened the Destin Snowbird entertainment season with songs from the 70s and 80s. Sputzy, a spectacular Pittsburgh R & B session singer-musician plays the kind of music that gets our snowbird's feet stompin,' their hands clappin' and memories spinning. No matter your mood, said one snowbird, you can't help but love the music. And, indeed they did!

The Club has already registered over 140 plus members and expectations are they will far exceed their membership numbers from last year. President Ken Campbell welcomed the new and returning snowbirds outlining events and activities for the coming season. Registration times, meeting dates, dances, activities and events can all be found on the Club's website at www.thedestinsnowbirds.com. A highlight of the meeting was the introduction of Marija and Louis Petrac who now live in Ohio. They were married 63 years ago in Paris, France, and have lived in Slovenia, Italy, France and now the USA. Marija said they have been coming to Destin for 18 years and they love it.

Coming up, the Emerald Coast Choir will join the snowbirds on December 12 at the 10 a.m. general membership meeting at the Community Center. Don't forget, you can register in person between 8:30 and 9:45 a.m. prior to the meeting. For those of you wanting to register online, follow the process on our website.
