Cognizance beyond the distractions of the human experience, Visionary Guidance is an all-encompassing consultation technique; a seeming blend of philosophies, psychologies, and spiritual practices of human reality merged with non-physical awareness using an altered state or trance. Channeling has been utilized by many to gain greater clarity regarding their transformational process and as a source of guidance and confirmation for a truthful, expansive, validating view of their reality. No matter how you refer to the expressed information, the bottom line is truth. Whether in a group, semi-private, or one to one session, this is your opportunity for expansion!

“Explore your Self, Awaken your Mind, Expand your Heart” with an enlightening reflection, at one of these Events:

“TranceMissions”: publicly channeled group session where many Frequencies merge; expansive and informative...

“Circle of One”: semi-private meditative space devoted to self exploration and personal questions with Malachite...

“Mini Channeler’s Symposium”: Come let go of what you think Channeling is and experience the Channel you are every moment...
