Cognizance beyond the distractions of the human experience, Visionary Guidance is an all encompassing consultation technique; a seeming blend of philosophies, psychologies, and spiritual practices of human reality merged with non-physical awareness using an altered state or trance. Channeling has been utilized by many to gain greater clarity with regard to their transformational process and as a source of guidance and confirmation for a truthful, expansive, validating view of their reality. No matter how you refer to the expressed information, the bottom line is truth. Whether in a group, semi-private, or one to one session, this is your opportunity for expansion!

*“Explore your Self, Awaken your Mind, Expand your Heart” with an enlightening reflection, at one of these Events:*

**“TranceMissions”**: publicly channeled group session where many Frequencys merge; expansive and informative...

**“Circle of One”**: semi-private meditative space devoted to self exploration and personal questions with Malachite...

**“Mini Channeler’s Symposium”**: Come let go of what you think Channeling is and experience the Channel you are every moment...
