

# Visionary Guidance

Offering Intuitive & Trance sessions extensively since 1986, Cé Ánn (say on), hails from a heritage of psychics, travels throughout the States and Internationally sharing Visionary Guidance. Affectionately called the "Channel's Channel", inspiring loving allowance, self-motivation, intuitive growth and the awakening of unlimited human potential, He makes his home amongst the red rocks of Sedona.

Cognizance beyond the distractions of the human experience, Visionary Guidance is an all encompassing consultation technique; a seeming blend of philosophies, psychologies, and spiritual practices of human reality merged with non-physical awareness using an altered state or trance. Channeling has been utilized by many to gain greater clarity with regard to their transformational process and as a source of guidance and confirmation for a truthful, expansive, validating view of their reality. No matter how you refer to the expressed information, the bottom line is truth. Whether in a group, semi-private, or one to one session, this is your opportunity for expansion! "Explore your Self, Awaken your Mind and Expand your Heart" with an enlightening reflection, at one of these Events:

**"Creating Space"**: meditation playshop with exercises and guided visualization to enhance, relax, and attune. Come receive!

**"Circle of One"**: semi-private meditative space devoted to self exploration and personal questions with Malachite.

**"TranceMissions"**: publicly channeled group session where many frequencies merge; expansive and informative. Bring questions!

**"Blowing through the Sound Barrier"**: this workshop explores relationships between sound, matter, magnetism, and form. Through specific exercises, you will experience what "toning", the music of life's vibrational frequencies, can offer. Restructure matter, promote health, create healing, assist in global changes, to name a few! Come ready to breathe and let some sound out...
