CurveTech

Perfect for flat roofs.

An innovative and energy-efficient solution for skylights on a flat roof.

The CurveTech skylight features an innovative curved-shaped glass surface that lets in more daylight, easily drains rainwater and stands out externally as a modern addition to roof surfaces - a perfect solution for low slope and flat roofs.

Features

- Highly energy efficient, direct roof mount that brings large amounts of sunlight through a flat roof.
- Double glazed window with protective curved-shaped glass.
- Protective cover keeps inner pane warmer reducing likelihood of condensation and minimizing sound from rain and hail.
- Maintenance-free PVC curb with polystyrene insulation.
- Solar blinds available for CFP.

1. Curved-shaped glass cover for water drainage
2. Double glazed glass unit
3. PVC curb with polystyrene insulation
4. Drywall groove for interior finish
