Our Favorite Spot

Our favorite spot to take pictures or just sit and relax is the Brick Mine Bridge.

This is a bridge spanning over the Pembina River on a gravel road. It is a type of truss bridge that is rarely found in North Dakota.

The bridge was originally built in 1905 and was restored in 2017 to keep its iconic look.

To get there: drive east on County 55 and go through the Pembina Gorge. Once through the Gorge you will transition from gravel to a blacktop road. Just past the Walhalla County Club is a street sign that says "Brick Mine Road" -- take a right and head south. You can't miss it.
