

THE IRWIN DIFFERENCE

From the very beginning Irwin Seating Company's mission has been to provide the very best products and service to customers in need of public seating. Our customers appreciate the focus this brings to our People, Products & Service and it's what the Irwin Difference is all about.

Family owned and operated for more than a century, Irwin Seating Company remains committed to it's roots and manufactures fixed seating in Grand Rapids, Michigan and telescopic systems in Altamont, Illinois, helping to employ thousands of American workers. A culture of continuous improvement has been developed and everyone is challenged to look for ways to improve processes,

Irwin Seating is well known for products that are stylish, comfortable and easy to maintain. Independent tests validate our continual internal testing to insure consistent quality. Our highly skilled workforce makes sure product fit and finish are always up to standard.

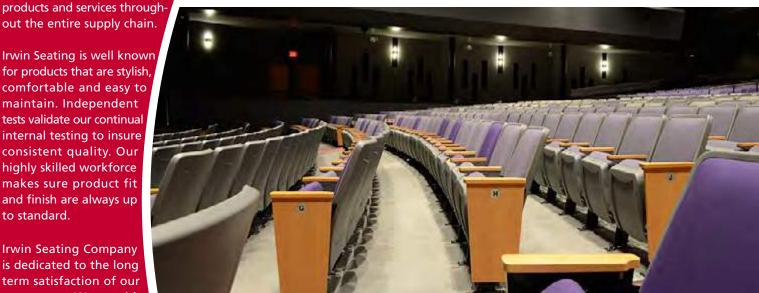

out the entire supply chain.

Irwin Seating Company is dedicated to the long term satisfaction of our customers. We provide unmatched service before, during and after installation. Project management teams help evaluate your needs to provide model selection assistance and layout expertise. Factory certified installation crews make certain products are installed safely and securely. Our focus doesn't stop after installation is complete; should parts or service be required we field a responsive team to assist customers in the future.

Talk with your Irwin Seating Company representative today and experience the Irwin Difference.

THEATRE SEATING

Irwin Seating Company offers the most comprehensive range of seating for performing arts venues. From contemporary theatres to period style halls we understand the challenge of how to design seating solutions for each unique theatre. Our design and manufacturing capabilities can provide a perfect match for every architectural approach. We have also set the standard for cu tom solutions, the reproduction of period style seating and the resto-

ration of existing seating. We are recognized by historical societies. and customers for our extensive capabilities and attention to detail. Speak with your Irwin Seating representative to find to find out how to put the Irwin Difference to work for you.

GYMNASIUM SEATING

With practices before school, classes throughout the day and games in the evening, gymnasiums are often the most-used area for a typical school. We understand the demands this heavy use places on the equipment and design our telescopic systems to reflect that. Time saving options like our Smart Rail and the IDS power system make set up and storage quick, simple and safe. Multiple seat options are available to create a comfortable experience and provide flexibility to set up differentiated seating areas based on the chair type used. In addition, a number of options exist to help promote team / school pride.

Wauwautosa East High School - Wauwautosa, Wisconsin
