All painted components for telescopic products (including understructure, railings and chair mounts) are provided in black only.

Additional limitations for fixed and lecture room seating exist. Please check www.irwinseating.com/fabrics-and-finishes or contact your Irwin Seating Company representative for details.

Textured powder coat finishes are available for many components, contact your Irwin Seating Company representative for details.

The colors reproduced in this guide may vary slightly from actual product. If an exact color match is required request samples from your Irwin Seating Company representative. We recommend that color critical selections be evaluated using sample chairs in the same environment and lighting conditions that the product will be installed in.
