Housing Commission of Anne Arundel County

September 28, 2017

To: Anne Arundel County Food Bank
From: Jan Liddick, Service Coordinator, and AA County Housing Commission

Dear Food Bank Staff,

I want to take this opportunity to thank all of you for your dedication, loyalty, kindness, generosity and commitment to Pinewood Communities in Glen Burnie.

We house 300 low-income seniors and persons that are disabled, and as you can imagine, I have my hands full.

As the Service Coordinator for Pinewood Communities, the residents come to me for assistance with various things and I know I can always count on the Food Bank to assist me.

Most recently, I picked up a 2 rollators, which assisted my elderly residents that could not afford to purchase one.

The staff is always professional and willing to assist me with my resident's needs, especially Brittany.

The AA County Food Bank is an asset to all of the residents in Anne Arundel County and we are very fortunate to have this awesome group of people that truly CARE about those that are less fortunate.

Respectfully,

Jan Liddick
Service Coordinator
