

Letter of Recommendation for Relo Co. Fall 2025

Julie and Trask were exceptional in helping us relocate a 3,500-square-foot office that housed extensive interior design samples and supported a staff of 17 employees.

Julie's outstanding organizational skills made what could have been a stressful process remarkably smooth. She managed the clean-out, systematic packing, and coordinated move efficiently, even while our new space was still under construction.

Thanks to their professionalism, attention to detail, and flexibility, the entire relocation was handled seamlessly. I would highly recommend Relo Co. to any organization in need of reliable and highly organized relocation services.
