Features

Advance Rubber Compound

Proprietary SertaGrip™ compound increases traction, control and longevity in wet and dry conditions.

All-New Tread Pattern

SilentTread™ pattern uses staggered tuning technology and variable pitch sequence for quiet, comfort and safety.

Agressive Design

Large staggered shoulder blocks, deep design grooves and thick M/T styling deliver true off-road capability while keeping great on road manners.

Benefits

Wide and deep tread pattern features an open shoulder design to further enhance handling, grip, stability and ride quality, while easily expelling mud at high and low speeds.

Delivers durable strength and powerful traction with an aggressive self-cleaning tread and deep sipe design to produce maximum grip on uneven surfaces and all types of tough terrain.

Three ply shielded sidewall construction offers strength and protection with additional biting edges and a three-layer reinforced casing for impact and puncture resistance.
