"OBecans working together to support our unsheltered neighbors and build a better OB for everyone!"

Founded in 2025 as a 2-Year temporary Sub-Committee of The OB Community Foundation's Advocacy Committee, we are an organized group of OBecans who want to find and implement effective solutions to the many problems facing the unsheltered population of our community with empathy, integrity, and practical action! **The Taskforce's goal is to see a 10% reduction in the homeless count in the 92107 over the course of its 2 year mandate. Our plan to accomplish this is:**

1. **Develop a Community Services Plan** to identify the needs of the unhoused population in OB.
2. **Organize a Coordinated Community Service System locally** to provide these necessary services to our unsheltered neighbors.
3. **Build out the necessary funding mechanisms and community infrastructure** to allow this system to stand the test of time on its own and continue this work after our Taskforce is officially dissolved.

Get Involved
