

A glimpse at what we have accomplished in
the past year

Israel Day at the Federation

The Alliance had a strong presence at Israel Day at the Jewish Federation. Several board members maned a table promoting our organization which resulted in several new people joining the Alliance.

Demonstrations to Save the Hostages

Demonstrations in Sarasota continued in support of the hostages on Saturday mornings at the downtown Farmers Market and with Run for their Lives, on Sunday evenings

Living Room Conversations and Potluck Dinners

The Alliance has started several living room conversations with members on topics ranging from the “Rules of War”, to “Immigration Stories from Members”, to the “STOP Woke Act of 2022 and its Legacies for Florida's Academics”

Uniting Our Community with Jewish Values

- Our Jewish values shape our actions.**
- We speak out on issues of ethical concern.**
- We bring together people of different political views to create nonpartisan approaches to policy concerns.**
- We support the State of Israel.**
- We speak about antisemitism and other hate.**
- We collaborate with nonprofit and faith-based community programs which share our values.**
- We embrace *tzedek, tikkun olam* and *derekh eretz*.**

The time is late; the hour is short and the matter is urgent. It is not incumbent for us to complete the task, but neither are we free to desist from doing all we can. — *Pirkei Avot, Ethics of Our Fathers*

Legislative Meeting

1. Several board members attended a legislative meeting with our Florida state representatives. (The meeting was sponsored by)
 - A. A new bill that will put more religion in the schools and if passed, would be a major violation of church state separation.
 - B. Concern over the appointment of an antisemitic individual to be a trustee at the University of West Florida.
2. We have submitted several letters to the editor on issues related to immigration, Israel, antisemitism and potential deportations.
3. We have met with several congregations to form collaborations and help with programming. Also we are pleased that 8 local congregations have been recognized by the Florida Jewish Federation.
4. Our representatives have testified about immigration issues at the Sarasota County Commission and also about issues that affect the School Board.

Reproductive Rights

Prior to the referendum on Choice, the Alliance held a program with Florida Humanities on Reproductive Rights. Presenters were Rabbis Singer and Weisel.

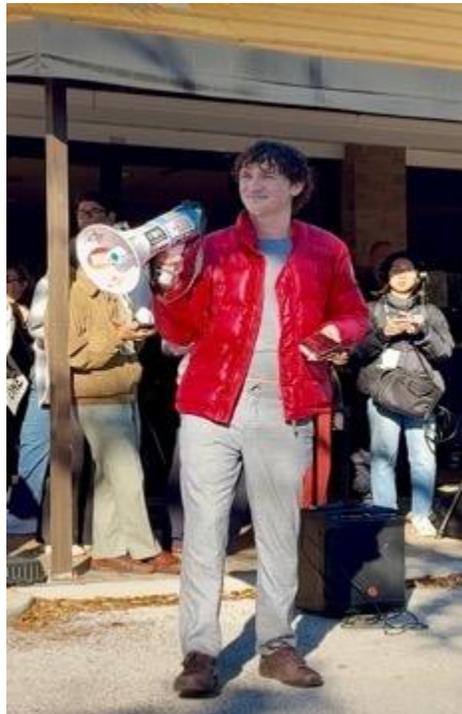

Book Banning Program With Temple Emanu-El

The Suncoast Jewish Alliance stands steadfastly with the Jewish State of Israel and held an emergency Zoom discussion just for Alliance members to respond to our immediate concerns. Board member Professor Uzi Baram and Alliance President Norm Olshansky provided a concise, history overview and then moderated the discussion.

Join us at New College of Florida for Gloria Z. Greenfield's newest documentary, **A Collective Descent into Evil: The Lethal Obsession with Jews and the Jewish State** (2026).

The film delivers a powerful examination of the forces driving modern antisemitism, hostility toward Israel, and the broader ideological threats to Western civilization. Through expert voices, the film clarifies what is at stake and what must be done to confront these dangers.

An award-winning filmmaker and founder of Doc Emet Productions, Greenfield has spent more than 15 years strengthening Jewish identity and confronting ideological attacks on democracy through internationally acclaimed films translated into ten languages. Her notable works include *Civilization in the Danger Zone*, *The Fight of Our Lives*, *Unmasked Judeophobia*, and *The Case for Israel*.
