

GenHERation®

Celebrate Women's History Month!

GenHERation® is hosting virtual programming every weekday in March to inspire and energize their community. Throughout the month, over 50 leaders will join GenHERation® for a variety of fireside chats, panels, skill-building workshops, wellness sessions, and giveaways! Register at <https://genheration.com/event/womenshistorymonth2022/>.

I was a Speaker at an international event hosted by GenHERation to celebrate Women's History Month 2022! Throughout the month, over 50 leaders were featured during a variety of fireside chats, panels, skill-building workshops, and wellness sessions. I spoke on the International Women's Day panel to more than 200 young women and encouraged them to seek spaces where they can achieve their maximum potential in both their personal and professional lives, organizations that have inclusive talent systems. I also elaborated on my motto in life to “learn, unlearn, and relearn.”

- Wangari Kamau
