ABOUT US

Studio Glass Miami has been crafting beautiful custom glass and mirror projects since 2006. Think of us as your creative headquarters for all things glass and mirror.

Our mission at Studio Glass Miami is to create everything you want and exactly what you need. We're committed to crafting bespoke glass and mirror solutions that exceed your expectations and enhance your space with style and functionality.

SHOWER ENCLOSURE

SOLUTIONS & HARDWARE

SLIDING DOOR

Round Roller System (Brushed Nickel)

The Round Roller System in Brushed Nickel combines smooth sliding performance with a clean architectural look. Its exposed roller design gives the shower enclosure a modern, premium detail while keeping the overall glass layout minimal and refined. This shower enclosure system consists of one sliding door and one fixed glass panel.

HARDWARE

ROUND ROLLER SYSTEM

Dimensions: Max header bar length: 78"

ROUND PULL HANDLE

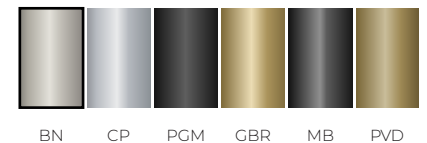

Available in 2 sizes: 6" and 8"

TECHNICAL INFORMATION

All shower glass enclosures are tempered and available in 2 optional thicknesses: 3/8" or 1/2" with flat polished edge.

Glass Type Options: Clear, Low Iron (Ultra clear), Bronze, Gray, Frosted, Reeded (textured) glass.

FINISH OPTIONS

SLIDING DOOR

Element system (Matte Black)

The Element System in Matte Black brings a clean, modern look with bold black hardware that adds strong contrast against the light stone backdrop. Its frameless glass design creates an open, spacious feel while the matte finish gives the enclosure a sleek and refined style. The system consists of 2 sliding doors.

HARDWARE

ELEMENT SYSTEM

Dimensions: Max header bar length: 72"

KNOBS AND PULLS

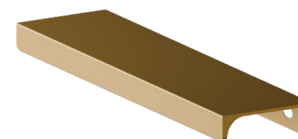

MODERN KNOB

AVAILABLE COLORS

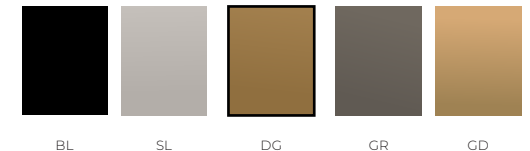

RECTANGULAR PULL

SIZES: 3", 6", 8"

AVAILABLE COLORS

SLIDING DOOR PULL

AVAILABLE COLORS

Ask us about recessed pull option and oversized pulls

A modern bathroom vanity setup against a wall of large, light grey stone tiles. A large, round, dark-framed mirror is mounted on the wall. Below it, a white, oval-shaped sink sits on a thick, light-colored wooden shelf. To the left of the sink, a potted plant with green leaves sits on a similar wooden shelf. A black, cylindrical pendant light hangs above the mirror. On the wall between the two shelves, there are two small white bottles of soap. Below the sink shelf, three rolled-up white towels are visible. The floor is made of dark grey stone tiles.

MIRROR SOLUTIONS

STUDIO GLASS MIAMI

FRAMED MIRROR

Sleek square and rectangular shape mirrors designed for modern interior spaces, set in durable aluminum frames that offer a clean and timeless finish suitable for any room.

3/16" Clear mirror	P1010, P2020, P3030, P4040, P5050
5/32" One-way bronze mirror	P1010, P2020, P3030, P4040, P5050
1/4" Gray, Bronze, Antique french	P2020 AND P4040

ORGANIC SHAPE

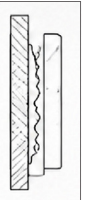

Organic-shaped mirrors feature soft, irregular contours that bring a modern, artistic touch to any space while breaking away from traditional straight lines.

Each piece can also be framed. Ask us about custom design recommendations and lead time.

SGM offers multiple professional mounting solutions to ensure a secure installation while matching the desired aesthetic:

01

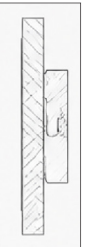

Direct Adhesive Mounting: Mirror is securely bonded to the wall or panel for a clean, seamless look.

02

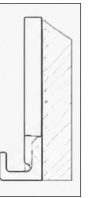

Wood Backing(Heavy mirrors without frame):

Mirror is mounted using hidden wooden panel attached to the back of the mirror, which hook onto a narrow wood support panel on the wall.

03

J-Mold System: Mirror is set within a J-mold channel, creating a sleek, frame-like appearance.

LED MIRROR

LED mirrors available with customizable lighting options, including:

01

LED installed behind the mirror for a soft backlit glow.

02

LED installed in front for a brighter, more direct lighting effect.

03

Sandblasted glass + LED effect for a soft, frosted finish that diffuses light and adds privacy while maintaining a modern look.

All lighting is controlled by a standard wall switch (no sensors or laser touch buttons) or a remote control.

Please note we do not perform electrical installation—clients must ensure proper electrical wiring is prepared and left accessible for us to connect the LED system to their existing switch.

WALL MIRROR

Whole wall mirrors are popular because they make spaces look bigger, brighter, and more luxurious by reflecting light and depth.

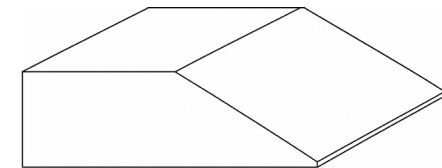

Mirror options

- 3/16" Clear mirror
- 1/4" Low Iron, Gray, Bronze, Antique french

Sizing, mounting, beveling options

Wall mirrors can also be framed or bevelled. Maximum panel size is subject to elevator dimensions and site conditions. Larger installations will be completed using multiple panels.

Direct Adhesive Mounting is the only acceptable and safest way of attaching wall mirror to the wall.

Mirror **Bevel edge** dimensions: 3/8" - 2"

GLASS FIXTURES

STUDIO GLASS MIAMI

GLASS BACKSPLASH

Glass elevates modern kitchens by enhancing light, creating visual openness, and providing a clean, hygienic, non-porous surface ideal for everyday use. It integrates seamlessly into fixtures like cabinet doors, tables, partitions or backsplash adding depth while maintaining a minimalist aesthetic.

Textured glass backsplash is not only visually striking but also extremely easy to clean and helps maintain a spotless, contemporary look, while visually gives artistic, light-reflecting effect that enhances the overall sense of space and luxury.

BACKSPLASH GLASS OPTIONS:

- TEXTURED GLASS
- REEDED GLASS
- FROSTED GLASS
- CLEAR OR LOW IRON (ULTRA CLEAR) GLASS
- BRONZE GLASS
- GRAY GLASS

MIRROR BACKSPLASH

This modern kitchen design uses a full mirror backsplash that visually expands the space, making the kitchen feel brighter, deeper, and significantly more open without any structural changes or wall removal. We also offer the best glass cleaner spray to keep the mirror surface streak-free, oil-free, and perfectly shiny, instantly enhancing the luxury look of the entire kitchen.

As a backsplash, it offers a sleek, easy-to-maintain finish that reflects light and delivers a polished, high-end look. A subtle LED strip can be added under the upper cabinets to enhance task lighting and give the kitchen a more modern, ambient look.

BACKSPLASH GLASS OPTIONS:

- CLEAR MIRROR
- GRAY MIRROR
- BRONZE MIRROR
- ANTIQUE FRENCH MIRROR

TINTED AND FROSTED GLASS

BRONZE GLASS

AVAILABLE THICKNESS BRONZE 1/4", 3/16", 3/8", 1/2"

Bronze Glass features a warm brown-tinted finish that adds a stylish, modern, and elegant look to any interior. Its soft bronze tone helps reduce glare and provides a light level of privacy while still allowing natural light to pass through. This glass is ideal for decorative partitions, cabinet doors, shelving, shower panels, and other interior glass applications.

FROSTED GLASS

AVAILABLE THICKNESS FROSTED 1/4", 3/8", 1/2"

Frosted glass provides a refined, modern, and privacy-enhancing surface that gently diffuses natural and artificial light while limiting direct visibility, making it a perfect choice for shower enclosures, interior partitions, office dividers, cabinet inserts, doors, and decorative architectural applications.

GRAY GLASS

AVAILABLE THICKNESS GRAY 1/4", 3/16", 3/8", 1/2"

Clear Glass offers a clean, transparent, and timeless look that works well with almost any interior style. Its clear finish allows maximum light to pass through, making spaces feel brighter, open, and more spacious. This glass is ideal for cabinet doors, partitions, shelves, shower panels, display units, and other decorative or functional glass applications.

361 Ansin Boulevard, Hallandale
Beach, Florida 33009

HOW TO ORDER

1. CHOOSE YOUR PRODUCT CATEGORY

- Shower Enclosures
- Cabinet & Closet Doors
- Mirrors
- Textured/Colored Glass Interior design projects
- Room Dividers
- Glass Fixtures

2. SEND US YOUR PROJECT DETAILS^b

Brief description of your project, we must know following:

- Type
- Style
- Location
- Timeline
- Installation assistance

3. PROVIDE MEASUREMENTS *(REQUIRED FOR ESTIMATE)*

INCLUDE CLEAR EXACT DIMENSIONS IN INCHES:

- **Width (W)** – left to right opening
- **Height (H)** – floor to top or installation height
- **Wall-to-wall measurements** (for enclosures/dividers)
- **Glass panel sizes** (if known or replacing existing)
- **Door swing direction** (left/right, front view)
- **Number of panels/doors**

4. SEND PHOTOS OR VIDEOS

Wide shot + close-ups of installation area (helps avoid errors)

5. SELECT FINISHES & OPTIONS

- **Glass or Mirror type** (clear, frosted, textured, tinted)
Page. 25 & 35
- **Hardware finish** (chrome, brushed nickel, matte black, etc.)
Page. 4-11
- **Special features** (pulls, handles, custom cuts, LED etc)
Page. 38-39

6. RECEIVE YOUR ESTIMATE

We will review your details and send a detailed quote via email

7. REVIEW & APPROVE

Confirm specifications, measurements, design and approve the estimate. For installation projects after approval a technician will be sent to the site to take final measurements.

8. PAYMENT

Secure your order by paying the estimate or required deposit (instructions included in email)

9. PRODUCTION & INSTALLATION SCHEDULING

We will coordinate timeline for pick up or installation after measurement appointment and payment confirmation.
