

If you want your cockpit covers, bimini tops, dodgers, seat covers and solar protection screens to keep their initial qualities and looking as good as new, it is essential to follow the cleaning instructions below.

Care & Maintenance

1. Spread the fabric out on a flat surface. Dampen the fabric with clean water. Spray on Ferrari® Clean or add a diluted solution of gentle liquid soap.
2. Leave to act for 2 or 3 minutes according to degree of dirt.
3. Use a natural bristle brush to brush out to the edges.
4. Rinse with a lot of clean water to remove all traces of the soapy solution. If the product comes in contact with other materials, rinse immediately.
5. In case of severe dirt and grime, repeat the cleaning process.
6. Repeat steps 1 to 5 on the reverse side of the fabric.
7. Hang up the Stamoid® Marine textile and leave until completely dry.
8. As soon as the textile is completely dry, you can put it back in place to protect your boat.
