

Healthy[♥] Starts

from day one.

Legacy
Community Health Services

“We got our healthy start in OB/GYN - becoming a parent is scary, but Legacy gave us confidence.”

“Becoming a parent is scary. Through Legacy’s tremendous services and parenting classes, we gained so much confidence and knowledge about caring for a new baby. Also, we really appreciate how Legacy encourages fathers to be a supportive, involved partner during pregnancy. Thanks to Legacy and the wonderful providers, we are now ready to be great parents!”
