

# Healthy<sup>♥</sup> Starts

from day one.

Legacy  
Community Health Services

**“I got my healthy start  
in Pediatrics - Legacy  
is family focused  
and flexible.”**

“My sister recommended Legacy and said the services were wonderful. I checked it out and I cannot agree more. My son is two years old and each visit with his doctor is very positive. I also appreciate how Legacy is open on the weekends. I work during the day and it's nice for Legacy to provide flexible schedules for working moms.”
