

# Directory of Minority Serving High Schools and Universities in the Balkans

**May 2012**

# Foreword

We are pleased to release the first comprehensive directory of minority serving and religious high schools and universities in the Balkans. The directory contains the list of 268 minority serving educational institutions in the countries of the Balkans (Albania, Bosnia and Herzegovina, Kosovo, Montenegro, Macedonia, Romania and Serbia).

Advanced education is essential for success in the knowledge society. Talented students from all minorities deserve equal opportunities in learning. Similarly, minority communities deserve equal opportunities to prosper in their chosen way of life. It is our plan to continuously update and improve our directory. Please send your corrections and suggestions for improvement to the Forerunner Federation.

In the development of this directory, the following criteria were applied to identify minorities and minority serving educational institutions:

1. Minorities (small nations)
  - a. ethnic or religious groups, based on cultural self-identification,
  - b. less than 2 million people in the group living in the Balkans.
2. Minority serving high schools and universities
  - a. preferentially serve students coming from the minority (>25%)
  - b. leadership and faculty preferentially come from the minority (>25%)
  - c. education is provided mostly in the native language of the minority
  - d. provide general education, including humanities, social and natural sciences
  - e. teach history and traditions of the minority

The mission of the Forerunner Federation is to protect minority cultures, support minority serving education, particularly higher education, and advance minority leadership in the knowledge based society. The Forerunner Federation is a nonprofit charitable foundation established to defend and support small nations, minority cultures worldwide. Success of humanity depends on cultural diversity and appreciation of minority cultures.

Great discoveries start in minority!
