TRUST THE LIGHTING EXPERTS

Our partnership with QTL, the leader in architectural lighting, gives you the highest quality lights to illuminate your space.

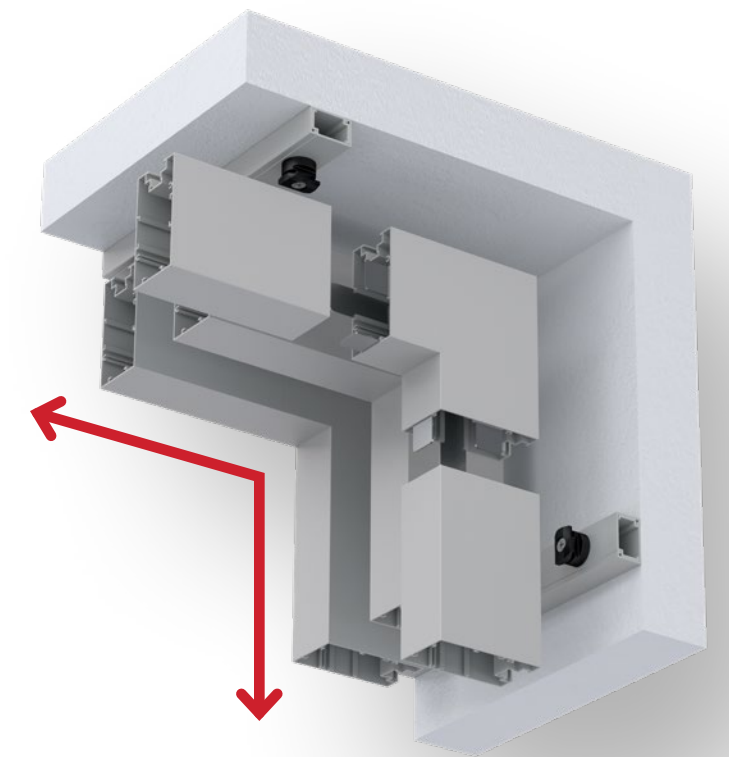

WALL TO CEILING LIGHTING

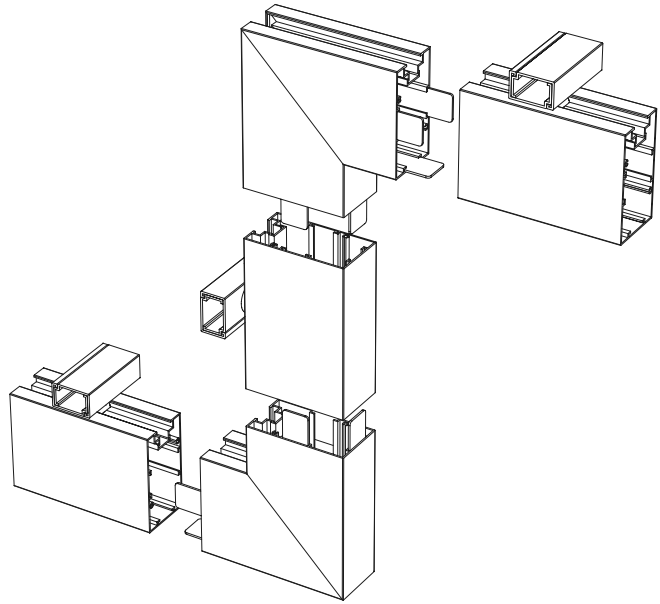

FRONT LIT OR BACK LIT LIGHTING

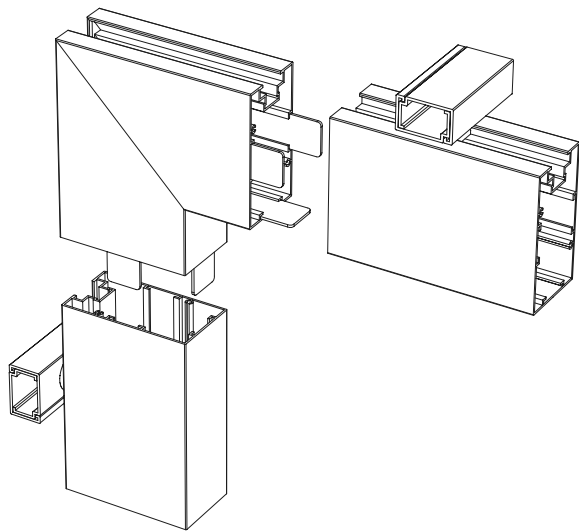

The perfect transition.

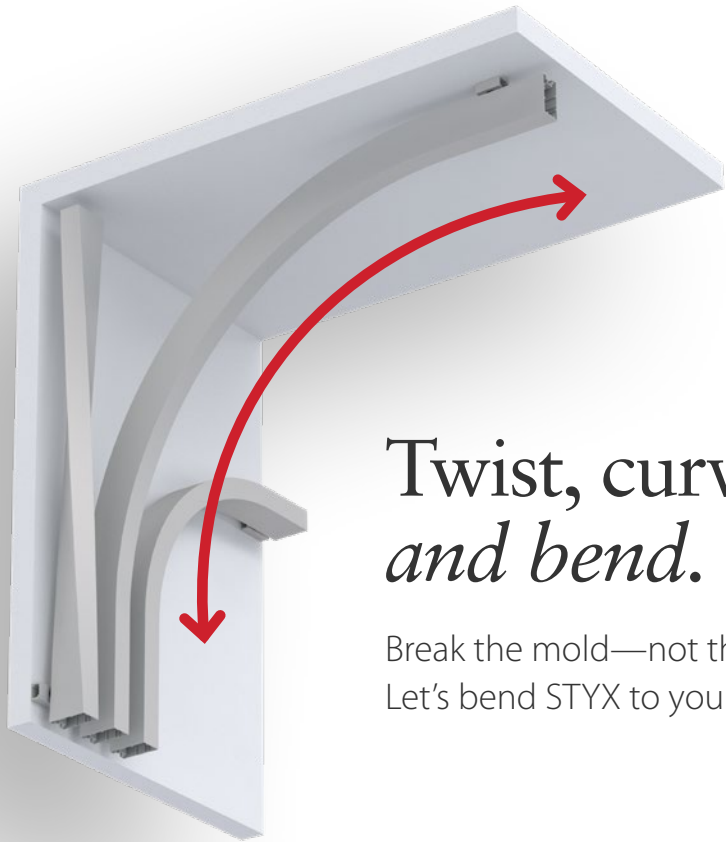

Prefabricated corners keep your angles clean, sharp, and precise.

CEILING TO WALL TO CEILING TRANSITION

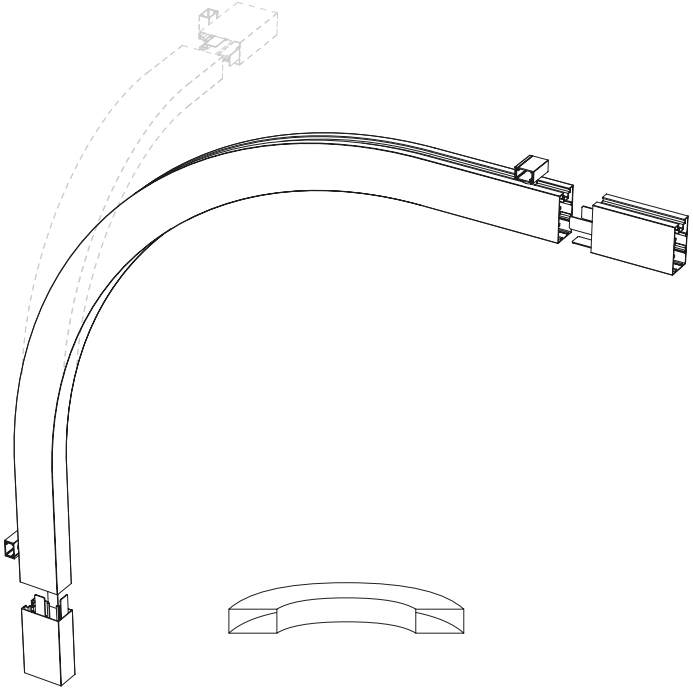

WALL TO CEILING TRANSITION

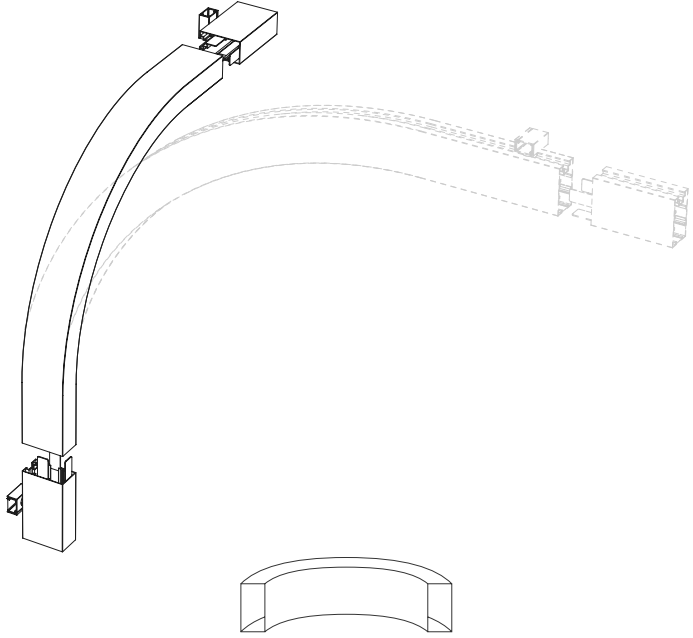

Twist, curve,
and bend.

Break the mold—not the rules.
Let's bend STYX to your will.

"HARD-WAY" CURVE

"EASY-WAY" CURVE

How to play with STYX™

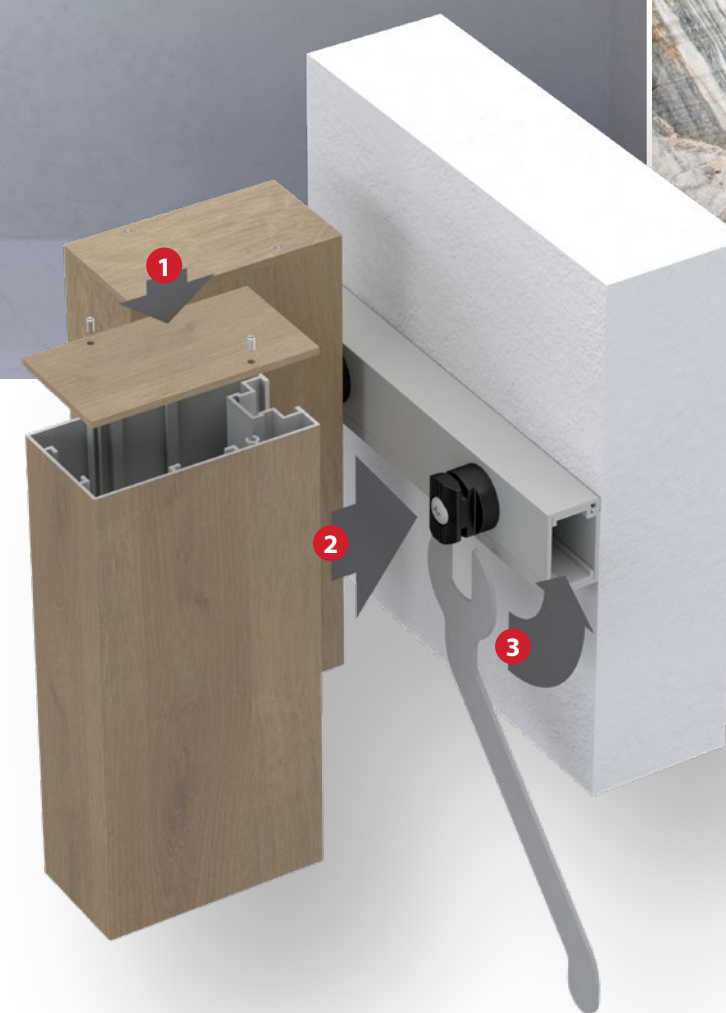

Independently fastened metal sticks go where you want them. Add dimension, continuity, and sense of visual movement.

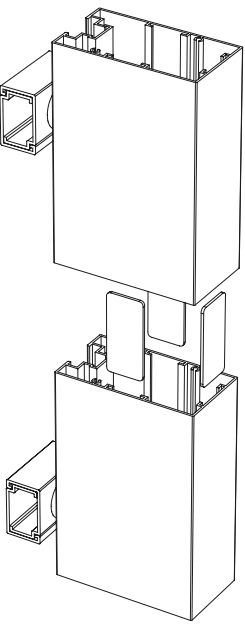

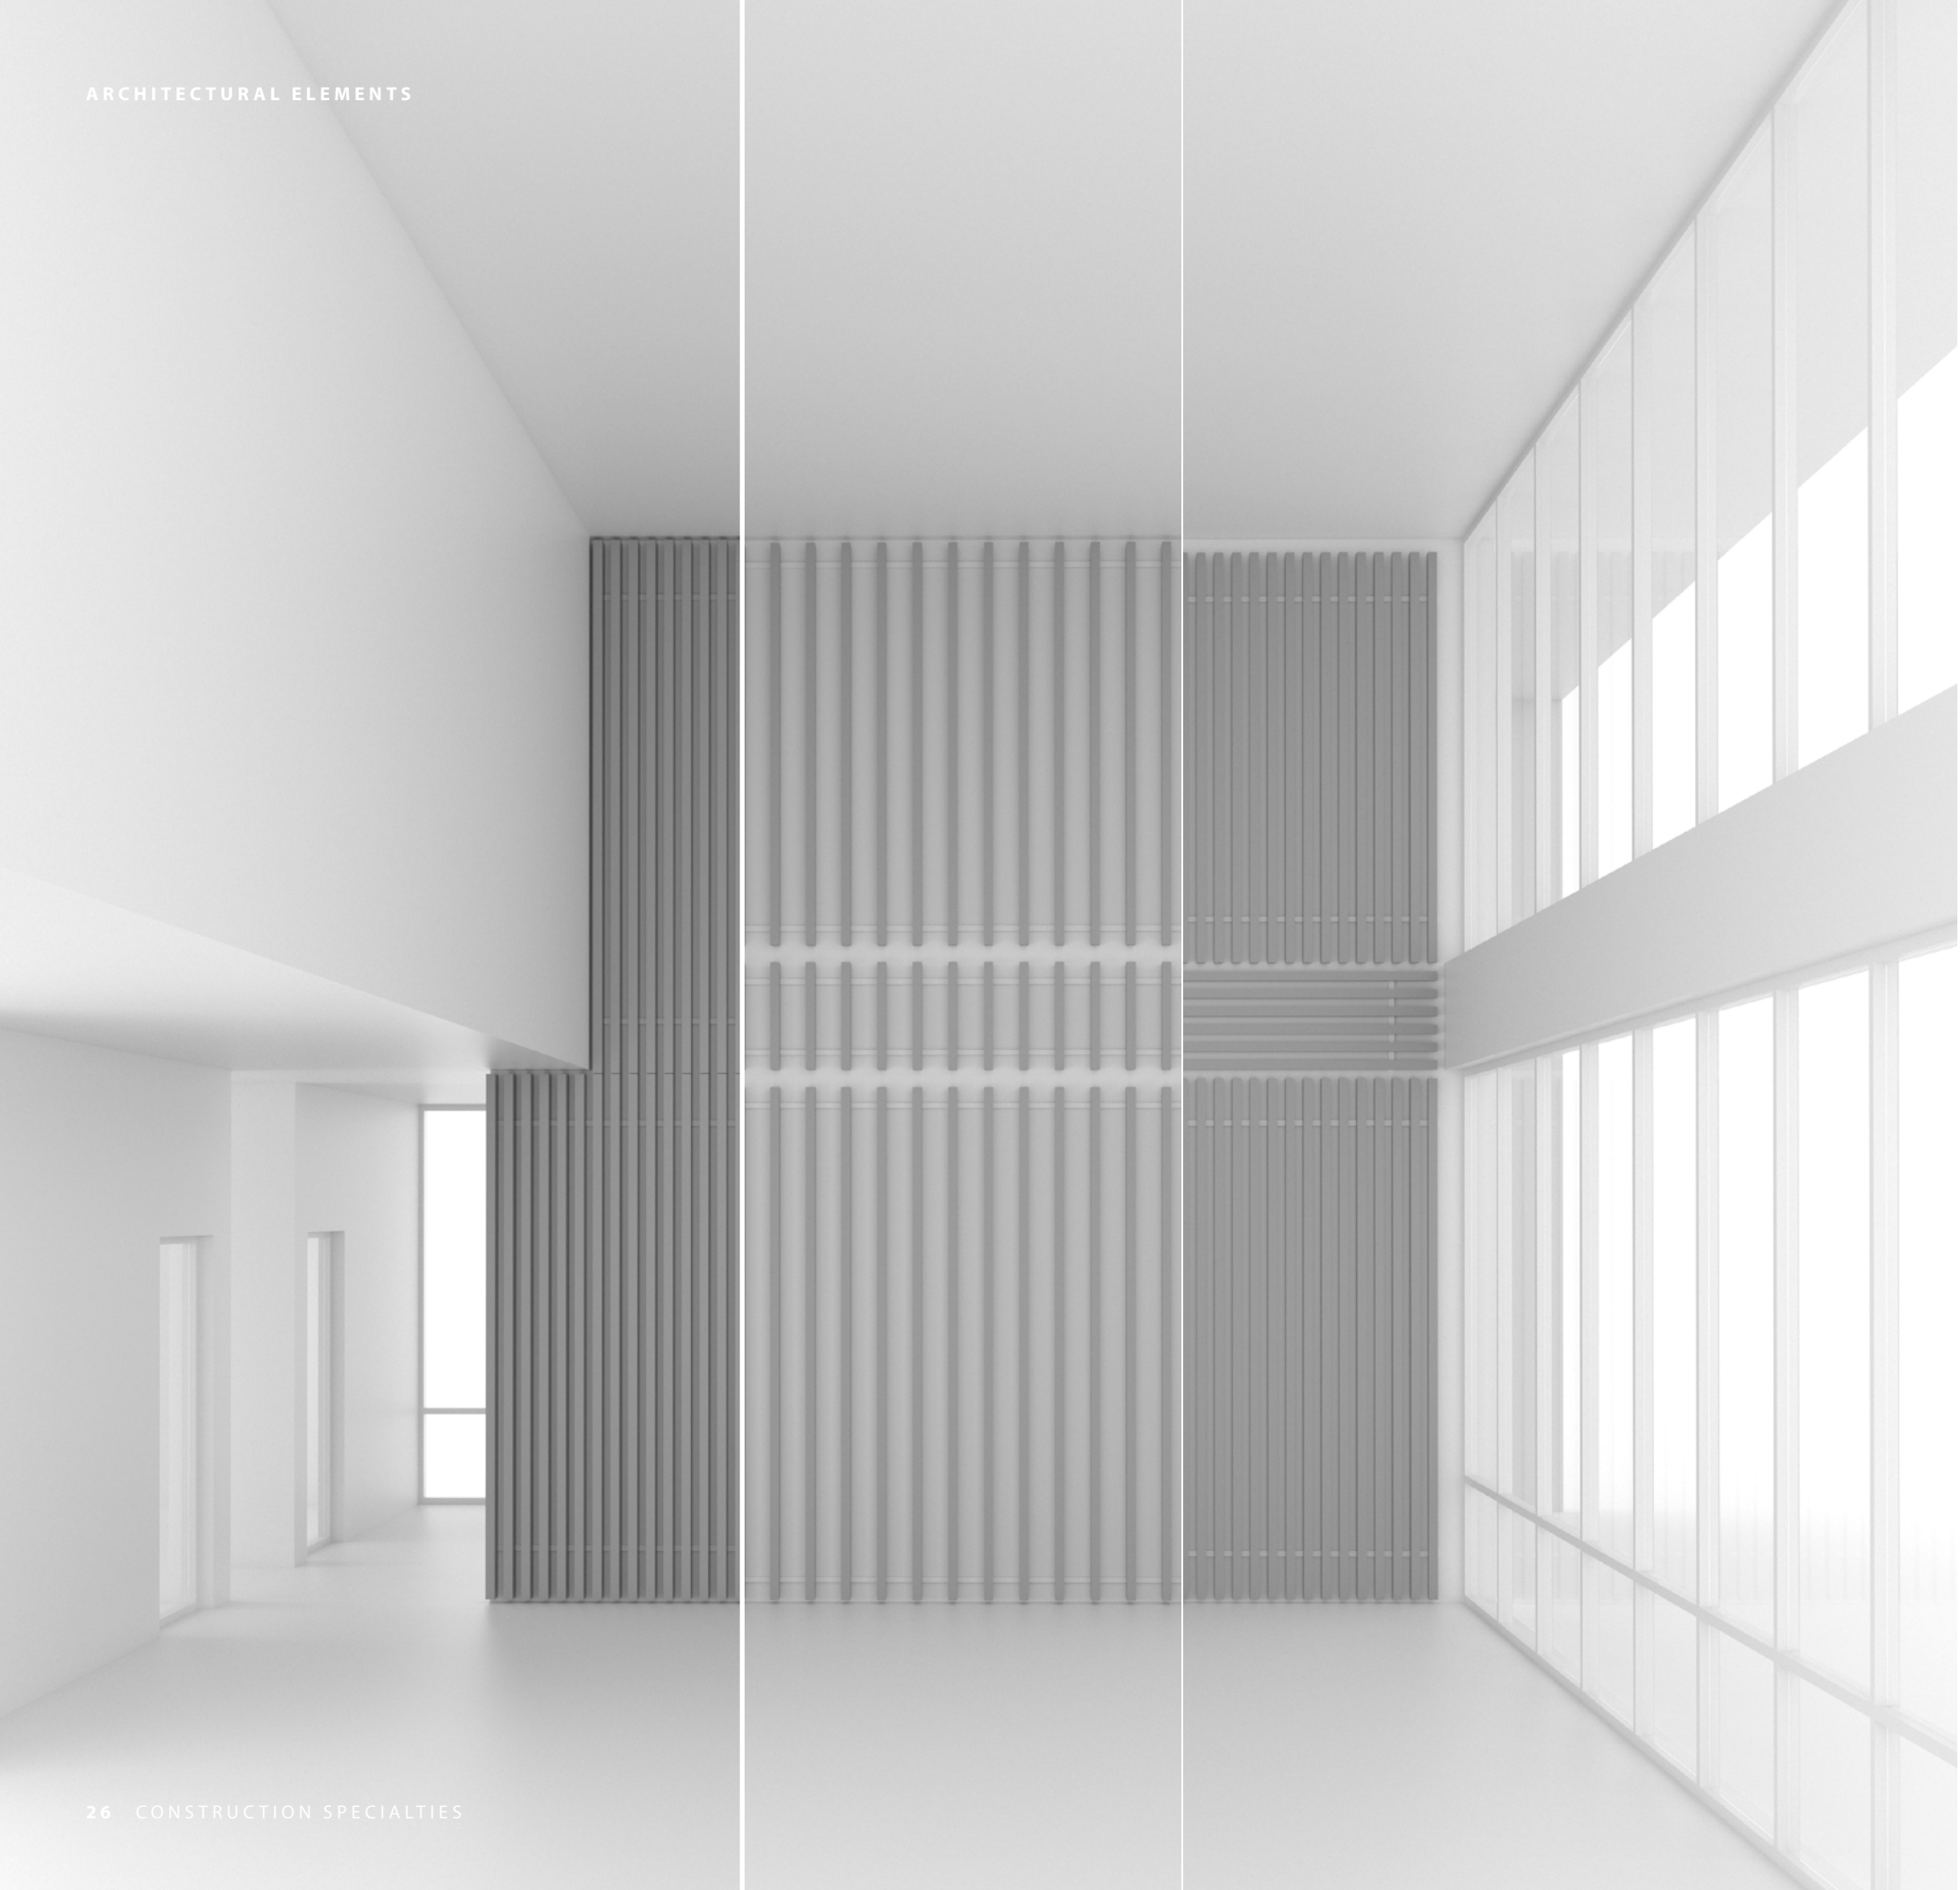

*Watch how
STYX installs.

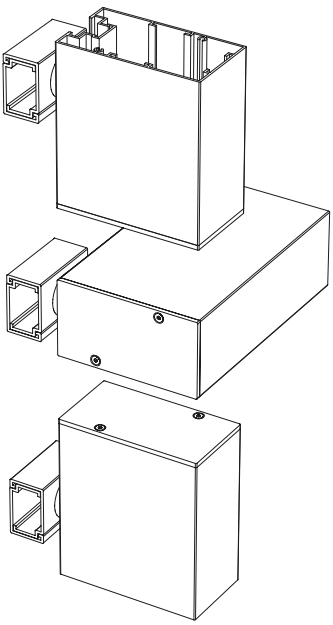

1-2-3 Simple installation

Using our patented Quick Lock™ system, installation is fast and seamless in just three simple steps.

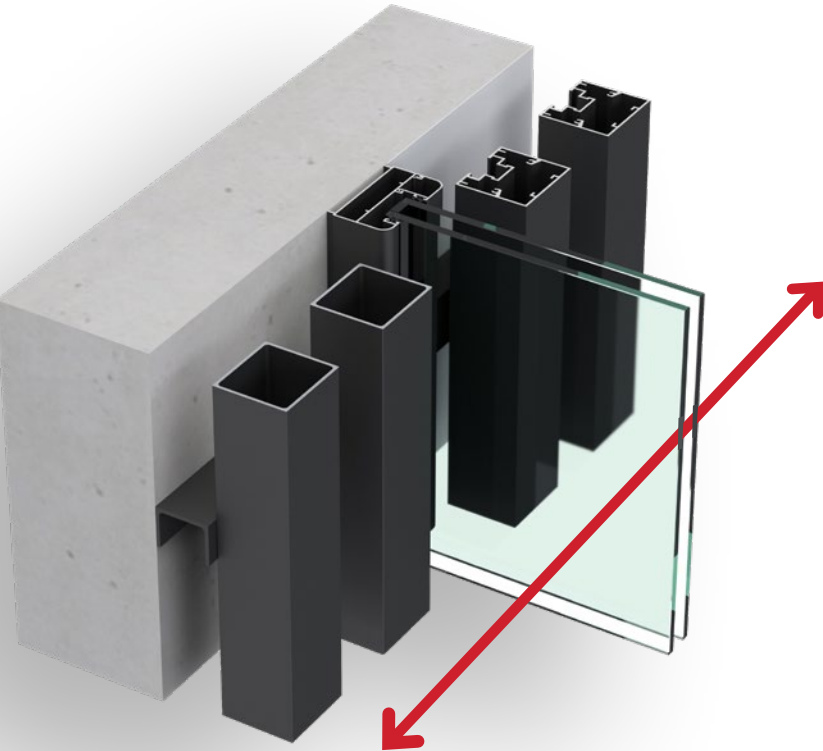

LONG RUN CONNECTION

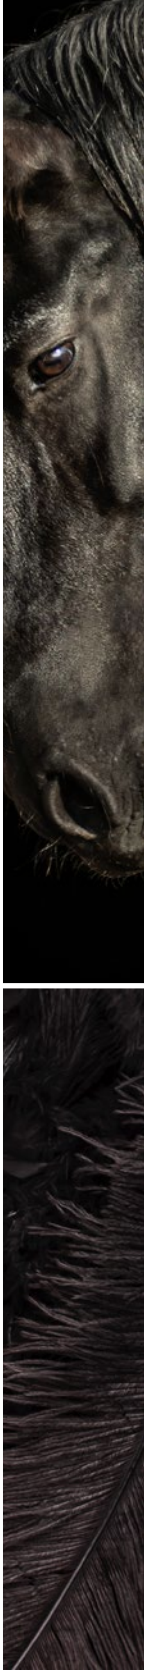

EXTRUSION BREAK & DIRECTION CHANGE

Why decide between
inside or outside?

Now, you can enjoy both. Bring continuity
throughout any space.

Renovations,
space updates,
& new construction.

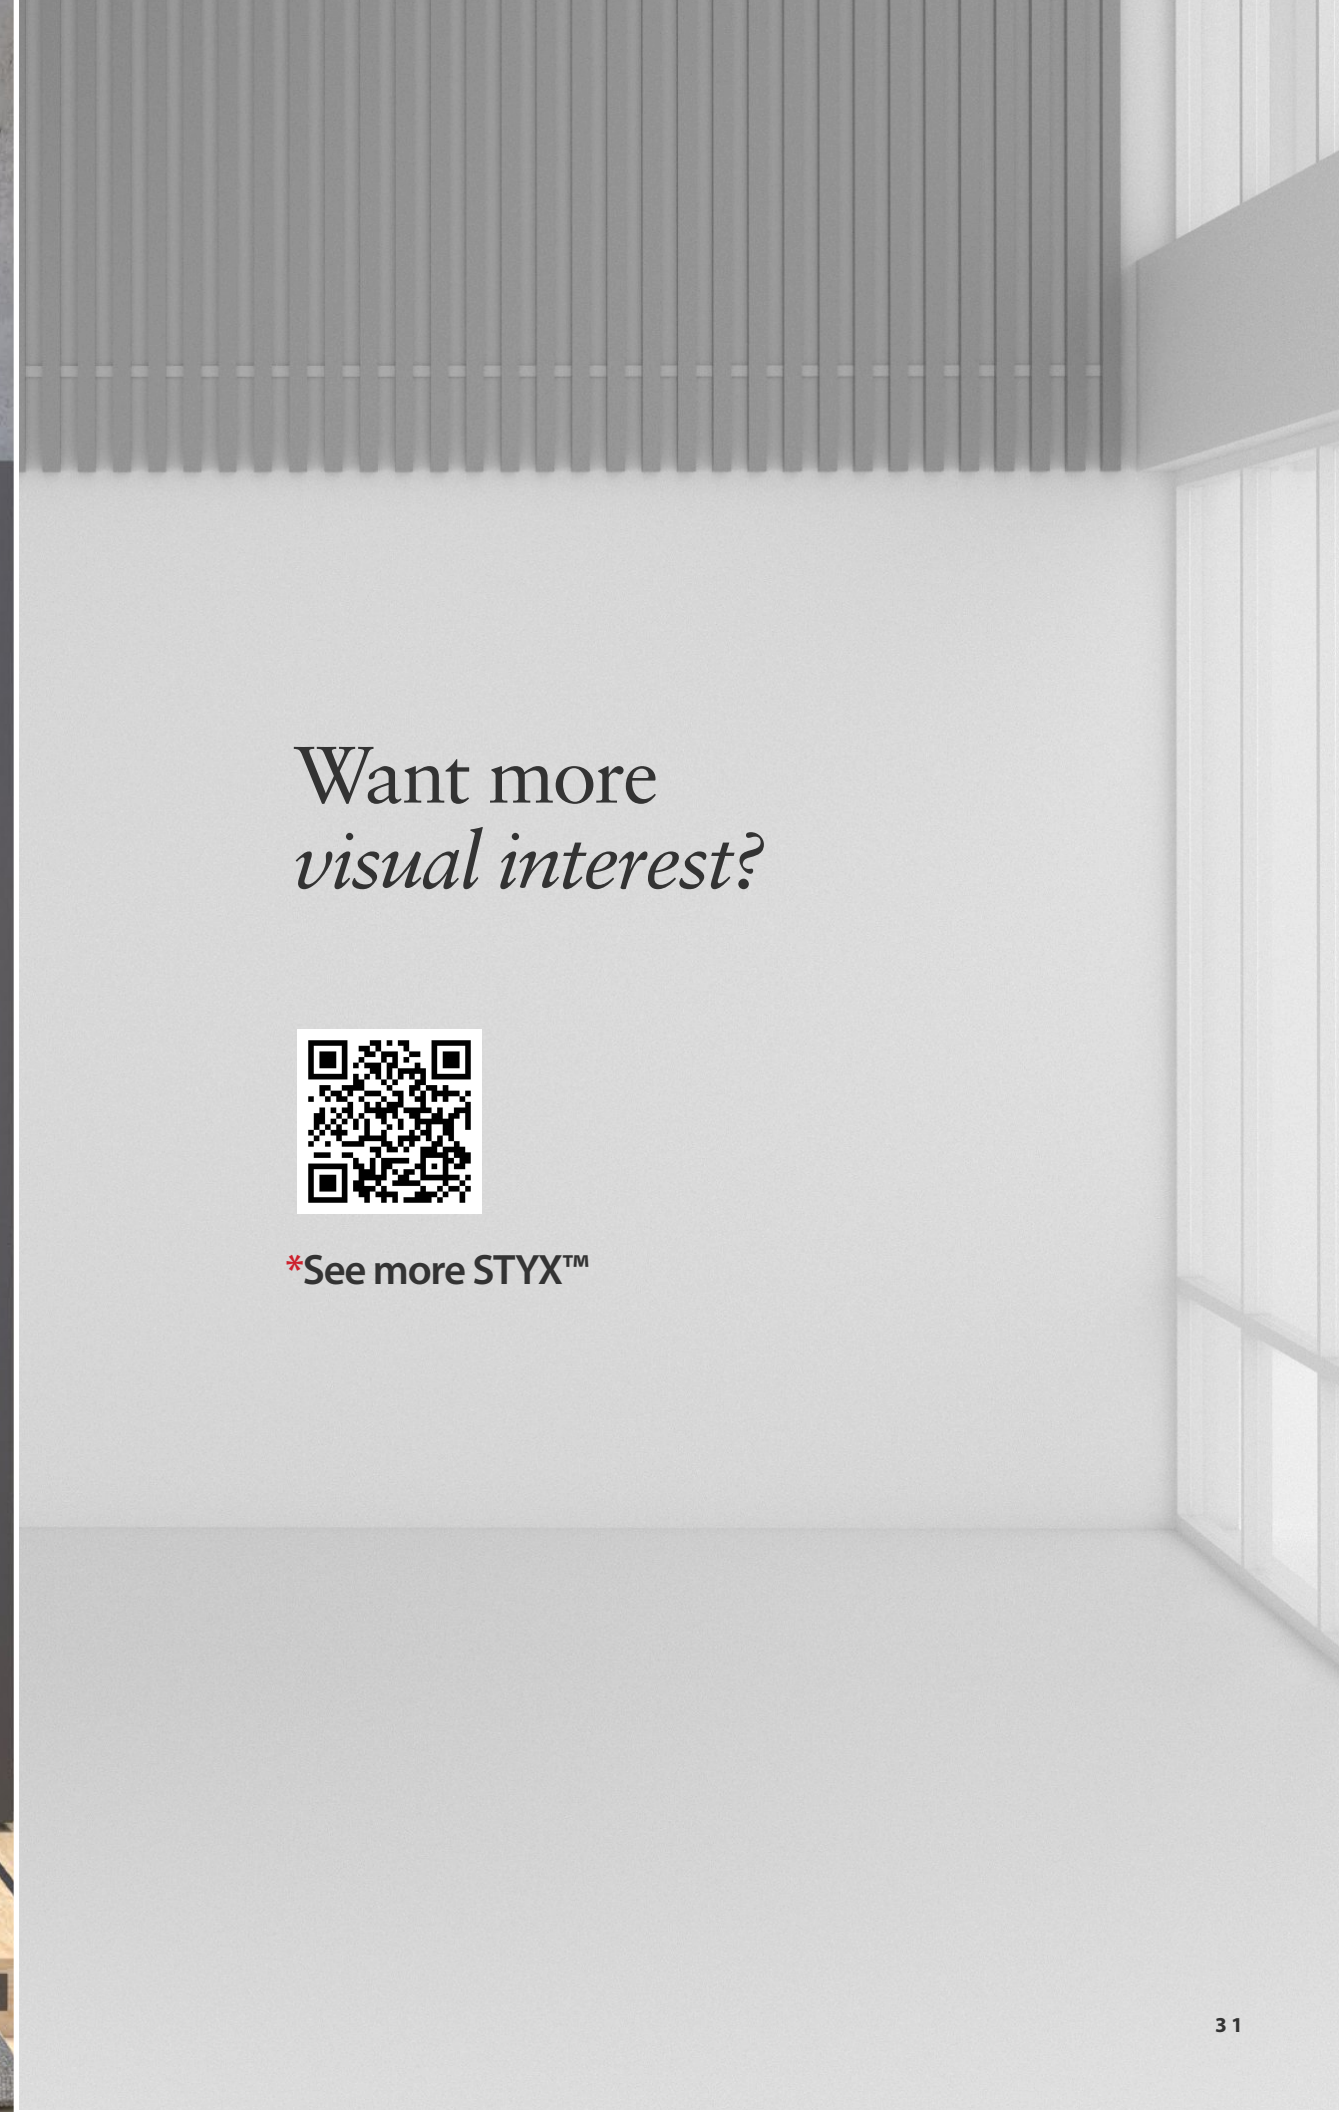

Our decades of experience
engineering exterior solutions give
you the peace of mind to open the
doors and extend STYX™ outdoors.

Want more
visual interest?
