Introduction

Garden Park Food Service

Rose Room Coffee Shop

Across the Fraser Valley, Garden Park Tower is known for a broad range of delicious foods both served hot on the premises and provided in a "take home" frozen format, especially soups and delicious complete dinners! Many come to purchase our frozen meals. Others bring them to seniors throughout the area. What we aim for is to ensure that all food items are priced at a very reasonable cost. We endeavor to provide good food for our seniors at Garden Park and for our community. However, everyone is welcome to enjoy our food and facilities. The kitchen staff and dozens of friendly volunteers are to be commended for maintaining the high standards and flavorful recipes! Please come by and have a taste and bring friends with you!
