INNOVATIONS

GMT Innovations Pvt. Ltd. (CIN: U43229KA2026PTC215439) is a leading engineering company specializing in the design, installation, testing, commissioning, and maintenance of advanced HVAC, Plumbing, Electrical, and Fire Fighting systems. Under the leadership of Directors Mr. Mansoor and Mr. Mohammed Tabrez, we combine technical expertise, innovative engineering practices, and industry-leading technologies to deliver energy-efficient, reliable, and sustainable building solutions.

Our commitment to quality, precision, and customer satisfaction has made us a trusted partner for commercial complexes, corporate offices, retail spaces, hotels, healthcare facilities, educational institutions, industrial plants, and residential developments across India.

With a highly skilled team and a customer-centric approach, GMT Innovations consistently delivers projects that meet international standards while ensuring long-term performance, operational excellence, and exceptional value for our clients.

INNOVATIONS

OUR VISION

To be India's most trusted partner in innovative climate engineering, setting global benchmarks in energy efficiency and smart building automation by 2030.

OUR MISSION

To provide high-quality, cost-effective HVAC and MEP solutions through meticulous design, superior execution, and an unwavering commitment to safety and

End-to-End HVAC & MEP Expertise

System Design & Consultation

Comprehensive thermal load calculations and customized air conditioning designs tailored to building architecture and occupancy patterns.

Installation & Execution

Expert deployment of VRF/VRV systems, chillers, and AHUs with high-precision ductwork and copper piping integration.

Operations & AMC

Proactive maintenance schedules and 24/7 technical support to ensure zero downtime and peak system longevity.

Smart Automation (AI-HVAC)

Integrating IoT and AI-driven smart controls for real-time energy monitoring and automated climate adjustments.

INNOVATIONS

Seamless Execution Roadmap

01

Consultation

Site audit and thermal load analysis.

02

Custom Design

Engineered CAD drawings and material specs.

03

Execution

Precision installation by expert technicians.

04

Handover

Testing, commissioning, and AMC setup.

Commercial Excellence

Our commercial portfolio features sophisticated air management solutions for Grade-A office spaces across Bengaluru. From centralized chiller plants to high-efficiency VRF systems, we ensure optimal comfort for thousands of corporate professionals.

GMT INNOVATIONS

ENGINEERING COMFORT. DELIVERING EXCELLENCE.

WE PROVIDE HVAC SOLUTIONS FOR EVERY SPACE

HOTELS | INDUSTRIES | VILLAS | APARTMENTS | MALLS | DUPLEX HOUSES | RESTAURANTS | MARRIAGE HALLS | AND MANY MORE

Delivering reliable, energy-efficient and cost-effective HVAC solutions tailored to meet the comfort needs of every space.

DESIGN | SUPPLY | INSTALLATION | TESTING | COMMISSIONING | AMC

EXPERT ENGINEERS | QUALITY WORKMANSHIP | ON-TIME DELIVERY | ENERGY EFFICIENT | PAN INDIA SERVICES | 24/7 AFTER SALES SUPPORT

GMT INNOVATIONS

ENGINEERING COMFORT. DELIVERING EXCELLENCE.

VRF SYSTEM SOLUTION

ONE OUTDOOR UNIT | MULTIPLE INDOOR UNITS | PERFECT COMFORT

- ENERGY EFFICIENT
- INDIVIDUAL COMFORT CONTROL
- COMPACT & SPACE SAVING
- RELIABLE PERFORMANCE
- QUIET OPERATION

ADVANCED VRF TECHNOLOGY

Connect multiple types of indoor units to a single outdoor unit for maximum efficiency, comfort and flexibility.

VRF OUTDOOR UNIT

CASSETTE UNIT

360° Air Flow
Ideal for Offices, Showrooms, Hotels, Restaurants

SPLIT UNIT

Silent Operation
Ideal for Rooms, Villas, Apartments, Shops

DUCTABLE UNIT

Concealed Installation
Ideal for Large Areas, Villas, Penthouses

FCU UNIT

Efficient & Reliable
Ideal for Hotels, Commercial Buildings, Apartments

IDEAL FOR

- Hotels & Resorts
- Industries
- Malls & Commercial Complexes
- Villas & Duplex Houses
- Apartments
- Restaurents
- Marriage Halls

and Many More...

- HIGH ENERGY EFFICIENCY
- FLEXIBLE INSTALLATION
- PRECISE TEMP. CONTROL
- LOWER POWER CONSUMPTION
- QUIET & SMOOTH OPERATION
- LONG LIFE & RELIABILITY

GMT INNOVATIONS

GMT INNOVATIONS

ENGINEERING COMFORT. DELIVERING EXCELLENCE.

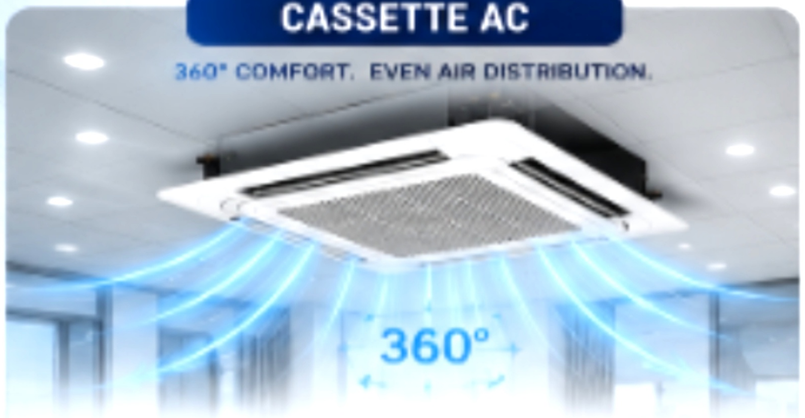

ADVANCED HVAC SOLUTIONS FOR EVERY SPACE

COMFORT | EFFICIENCY | RELIABILITY

ENERGY EFFICIENT
QUIET OPERATION
RELIABLE PERFORMANCE
EASY MAINTENANCE

CASSETTE AC

360° COMFORT. EVEN AIR DISTRIBUTION.

Cassette ACs are ceiling mounted units that provide 360° air distribution, ensuring uniform cooling and comfort in every corner.

- **360° AIR FLOW**
  Ensures uniform cooling in all directions.
- **SPACE SAVING DESIGN**
  Fits seamlessly into false ceilings.
- **QUIET & COMFORTABLE**
  Low noise operation for a peaceful environment.
- **IDEAL FOR**
  Offices, Showrooms, Hotels, Restaurants & Commercial Spaces.

SPLIT AC

SIMPLE. SILENT. EFFECTIVE.

Split ACs are the perfect solution for individual rooms and small spaces, delivering efficient cooling with quiet operation.

- **FAST COOLING**
  Quickly cools the room to desired temperature.
- **LOW NOISE OPERATION**
  Silent performance for uninterrupted comfort.
- **EASY TO MAINTAIN**
  Simple filter cleaning for better air quality.
- **IDEAL FOR**
  Homes, Bedrooms, Small Offices, Shops & Cabins.

CHILLERS

POWERFUL COOLING. BUILT FOR LARGE SPACES.

Chillers provide reliable and efficient cooling for large buildings and industrial applications through chilled water circulation.

- **HIGH CAPACITY COOLING**
  Designed for large scale & continuous operation.
- **ENERGY EFFICIENT**
  Advanced technology for lower energy consumption.
- **RELIABLE & DURABLE**
  Built to perform in demanding conditions.
- **IDEAL FOR**
  Commercial Buildings, Hospitals, Malls, Industries & Large Facilities.

WE DELIVER COMFORT IN EVERY ENVIRONMENT

The GMT Advantage

- Technical Precision: Meticulous design review for optimized air flow.
- Smart Integration: 2026-ready AI and IoT smart climate controls.
- Local Presence: Strategic headquarters in Bengaluru's industrial hub.
- Quality First: ISO-grade material sourcing and expert craftmanship.

INNOVATIONS

Health, Safety, Environment & Quality

Our 'Zero-Harm' policy ensures that every project is executed with the highest regard for personnel safety and environmental protection. We strictly adhere to national safety codes and international quality standards in every HVAC installation.

100%
SAFETY COMPLIANCE

ZERO
ACCIDENT RECORD

A-GRADE

INNOVATIONS

Industrial & Retail Scale

Handling the complexities of large-scale retail environments like IKEA Bengaluru (4.5 lakh sq. ft.) and major logistics hubs, our engineering team masters high-volume air turnover and precise temperature stability for critical environments.

ABOUT US

INNOVATIONS

We warmly invite you to explore the complete company profile of GMT INNOVATIONS, a trusted name in the HVAC and Electro-Mechanical industry.

GMT INNOVATIONS specializes in delivering comprehensive engineering solutions, including Design, Estimation, Planning, Supply, Installation, Testing, Commissioning, and Maintenance of HVAC and Electro-Mechanical systems.

With extensive expertise in Heating, Ventilation & Air Conditioning (HVAC), Electrical Systems (HT & LT), Plumbing, Fire Fighting Systems, and Building Automation Solutions, our team of experienced engineers, designers, draftsmen, and skilled technicians ensures every project is executed with precision and excellence.

Our commitment to innovation, quality workmanship, and customer satisfaction enables us to successfully execute projects ranging from residential buildings to large commercial and industrial facilities.

From concept and system design to installation, testing, commissioning, and after-sales support, GMT INNOVATIONS delivers turnkey solutions that comply with national and international quality standards.

We continuously invest in advanced technologies, modern engineering practices, and skilled manpower to provide innovative, energy-efficient, and sustainable HVAC solutions tailored to our clients' requirements.
