Experiential Learning Course (EXL)

This experiential learning course includes a hands-on learning project (applied learning, service learning, creative activity, teacher education, laboratory, co-op, or internship). MTSU's goal is to provide relevant real-world learning opportunities that will benefit students. This course will count toward the completion of the EXL Scholar Graduation Distinction. The EXL Scholar Distinction requires at least 16 credit hours of EXL coursework, including the 1-credit hour EXL 4000 course, which will be taken during the final semester. Additional requirements for the EXL Scholar Distinction include external experience and an internal MTSU-sponsored service activity. Students who qualify as EXL Scholars will receive cords for graduation and be recognized by President McPhee during the commencement ceremony, as well as a notation on the official transcript and a certificate for framing. For more information about the EXL Scholars Program, visit, <https://w1.mtsu.edu/exl/index.php>. MT Engage Designated Course

Connect, Reflect, Engage! In this MT Engage course, you will be an active learner who participates in a beyond-the-classroom experience and makes connections across learning opportunities. You will complete reflections that help you make sense of your learning and its value to your educational and career goals. To support a developing sense of yourself as a learner, upload at least one assignment from this course involving reflection to your OneDrive and create a folder named MT Engage so you can easily locate all the work from your MT Engage classes. Then, look back on this collection of your work later to assess your growth and identify the knowledge, skills, and abilities you have developed during your time at MTSU.

ePortfolio Statement: As part of the MT Engage program, students will build an ePortfolio presentation showcasing their ability to make connections across and reflect on various learning experiences. Students should be aware that ePortfolios are not to contain confidential personal information, and that a student's unauthorized storage or use of copyrighted works or proprietary information in an ePortfolio is prohibited. ePortfolio privacy: ePortfolios are private until the public link is shared (this access continues until the box is unchecked). ePortfolios are not internet searchable until they are posted to a host webpage.

The MT Engage program promotes active engagement in learning across educational experiences. MTE program requirements and incentives can be located at https://w1.mtsu.edu/mtengage/Requirements_Incentives.php. You will receive important informational emails from MT Engage about ePortfolio training and how you can qualify for scholarships and cash awards. For more information, go to <https://w1.mtsu.edu/mtengage/index.php>

In this course, you will participate in a beyond-the-classroom activity and submit at least one assignment to the D2L ePortfolio. The designated **MTE assignment for Fall 2024 is the Registering to Vote Experience Paper or the Early Voting Experience Reflection Paper**. Additional information can be located under Course Assignments in the syllabus and the instructor will provide further information in class. As part of the MT Engage program, students will build an ePortfolio presentation showcasing their integrative learning. MT Engage offers ePortfolio training; see http://mtsu.edu/mtengage/student_resources.php for details.

Tevera Practicum Management and Accreditation Software

Tevera is a web-based data management system that the Department of Social Work uses to collect data for purposes of assessment, evaluation, and accreditation. Tevera is an integral part of all core courses, including practicum. Practicum candidates are expected to have an activated Tevera account. Candidates for the BSW and MSW programs will complete assignments, assessments, and time logs, which require an activated account. There are no exceptions to this policy for social work majors. Tevera is a one-time purchase that you will have lifetime access to. Once purchased, Tevera must be activated. You DO NOT need to purchase and activate Tevera a second time or for any subsequent courses. Tevera is covered through financial aid with University Bookstore only.

Supplementary Reading

The profession of social work is steered by six core values, which are service, social justice, dignity and worth of the individual, importance of human relationships, integrity, and competence. Values and principles aid in setting a standard for social workers' behavior. Social work professionals are required to have the ongoing ability to develop knowledge, skills, and judgment, for safe and ethical practice. Students will need to review the professional ethics of social work, which are guided by the following organizations:

International Federation of Social Workers (IFSW)
National Association of Black Social Workers (NABSW)
National Association of Social Workers (NASW)

Graduation Information

Standardized Examinations Requirements

The following are **required standardized examinations** for **all graduating seniors at MTSU**.

1. **General Education Core** - All university graduates must complete a group of basic courses known as the General Education Core. Undergraduate students demonstrate their basic knowledge by taking a General Education exam the semester they graduate. MTSU's current General Education exam is the California Critical Thinking Skills Test (CCTST). The exam is given to all seniors who will graduate with a bachelor's degree. Test dates are scheduled during the summer, fall, and spring semesters. Testing sessions last approximately one hour online. The exam is online at the University Testing Center in the KUC. You will take this exam on your own time, not class time. For additional information, you may send an email to iepr@mtsu.edu.
2. **Area Concentration Achievement Test (ACAT)** - All graduating seniors at MTSU must take a Major Field Test. For social work, the Major Field Test is the Area Concentration Achievement Test (ACAT) which assesses content knowledge and retention by students after their major field of study. This is an online exam. **Students should schedule the above major field tests by visiting the website** <https://w1.mtsu.edu/testing/online.php>.

For both exams, students who are registered with the Disability Access Center (DAC) will need to check to see if they are eligible to waive the exams. To receive a waiver of exams, students must check with DAC at 615-898-2783 or dacemail@mtsu.edu. Additional information regarding these examinations can be found at https://w1.mtsu.edu/iepr/field_test.php.

Additional Graduation Information

May be found at <https://w1.mtsu.edu/one-stop/index.php>

Course Requirements

Style & Formatting

Unless otherwise specified, all assignments utilize the APA 7th edition format. For assignments requiring submittal to the D2L dropbox, students should use **Microsoft Word** and label the document using this format for each assignment: **Last Name Assignment Name** (e.g., Coble Social Worker Interview Paper). **Do NOT submit assignments in any other format such as Google Docs, PDF, etc.). They will not be accepted, and a grade of [0] will be given for the assignment.** It is highly suggested you create a folder for each class and save a copy of each assignment you submit.

Class Attendance, Participation, and Professionalism

Students are expected to attend class on time and exhibit mutual respect toward classmates, the professor, and guest lecturers. Students are expected to maintain professional behavior and language in class. Finally, students must follow the Academic and Professional Standards of the Department of Social Work (see the *MTSU Social Work Student Handbook*). If the instructor notices trends in a student's lack of participation, an in-person or virtual meeting may be called to address participation issues.

Attendance Reporting

Class attendance is expected and will be monitored to keep the students on track. MTSU requires that instructors complete an attendance report for each course at midterm and at the end of each semester. The student is also expected to participate in all interactive aspects of the course (in-class and online). For example, you must communicate with other students via emails and chat discussion board exchanges. **Students are also expected to check their D2L email and news feed/bulletin board regularly for announcements and instructions regarding class assignments.**

Make-Up Policy

A calendar of due dates for course assignments is provided in the syllabus and D2L.

Late assignments will be considered only in extenuating circumstances. Note: "extenuating circumstances" will be defined by the instructor, not the student; therefore, do NOT assume your reason for not submitting an assignment by the deadline will be acceptable.

Assignments

There are six (6) categories of assignments in the course:

1. **Discussion Boards [DB] (150 points)** – in D2L, the DB assignments this semester are 2, 3, and 5-12 (a total of 10 discussions)

Students will earn points by completing ten (10) DB assignments and may also participate in an ungraded introductory online discussion. Each DB will open on Sundays at 6:00 AM and close the following Saturday at 11:59 PM.

Students can earn up to ten (10) points for each DB post and up to five (5) points for participating in the in-class discussion held the Tuesday after the discussion board assignment closes—**for a total of fifteen [15] available points per DB assignment.**

For the in-class discussions, the instructor will group students based on the content and themes of their online posts related to that week's readings and materials. Students will then work in groups to provide constructive feedback by sharing their ideas, insights, and observations with their peers. Note: video messaging in D2L may be required for some of these discussions.

2. **Online Quizzes (60 Points)**

Students will complete six (6) quizzes on course material, including readings from Suppes &

Wells (2020). There is a 25-minute time limit per quiz (only one attempt per quiz). Refer to the course schedule for specific dates.

The format of the quizzes is multiple-choice, True/False, matching, or fill-in-the-blank. Quizzes are strictly an independent evaluation tool. Although students may use their text, class lecture notes, and online resources to take the test, they should refrain from taking the quizzes or collaborating in any capacity with other students. Also, the quiz questions or answers should not be shared with other students.

When taking online quizzes, students should access D2L through <http://elearn.mtsu.edu> instead of through PipelineMT. Students should save each answer to online exam/quiz questions as they answer each question in case a computer crashes or loses Internet connectivity. Students may reboot their computers or wait for internet connectivity to access the test again, and D2L will allow students to continue taking the test using the time left and the question answers they have saved.

3. **Midterm Exam (45 points)**

Students will complete a midterm exam based on material covered in chapters 1-6. The exam format is multiple-choice, True/False, matching, or fill-in-the-blank. The midterm will be taken in class and during the midterm schedule. Refer to the course schedule for the specific date.

4. **Final Exam (70 points)**

Students will complete a comprehensive final exam based on material covered in Chapters 1-12. The exam format is multiple-choice, True/False, matching, or fill-in-the-blank, and possibly some essay questions. The final will be taken in class based on the university final exam schedule. Refer to the course schedule for the specific date.

5. **Choice Assignment (50 points)**

Students will choose **ONE** of the following to complete:

Choice B – Research Assignment – The student will select five (5) peer-reviewed journal articles to create an annotated bibliography. An annotation is a brief summary of a scholarly work. The annotation informs the reader of the cited sources' relevance, accuracy, and quality. Articles and/or books must have been published within the past ten years. This assignment will utilize APA 7th ed. format but will NOT include a reference page for this assignment. The student should provide a full APA citation per article.

The annotated bibliography should focus on the student's interest in social work (i.e., medical, forensic, mental health, child welfare, social, etc.). The student will prepare five (5) annotated bibliographies. Each annotated bibliography is limited to one page, double-spaced, and will contain four parts:

1. An APA style full citation of each article and/or book before each summary and listed alphabetically by lead author;

Grading Procedure

The assignments will give students a chance to apply the material covered in the course. The grading of the assignments will emphasize the completion of the tasks, as described, as well as the quality with which each task is completed. The grading scale for all assignments is presented in Table 1.

Table 1. Grading Scale for All Assignments

Points	Percentage	Letter Grade
450-500	90-100	A
400-449	80-89	B
350-399	70-79	C
300-349	60-69	D
≤ 299	≤ 59.8	F

The **midterm grade** will be based on the total number of points accumulated by mid-semester. For example, if a student has earned 122 of 135 possible points by mid-semester this student would have a mid-term grade of **[A]** ($122 / 135 = .90 = 90\%$). The **student's final grade** in the course will be based on the total accumulation of points earned on all tasks as listed in the table above.

Incomplete grades are given rarely and only in extenuating circumstances. Page 31 of the 2023-2024 MTSU [Undergraduate Catalog](#) states: "The grade [I] indicates that the student has not completed all course requirements because of illness or other uncontrollable circumstances, especially those which may occur toward the close of the term. Mere failure to make up work or turn in required work on time does not provide a basis for the grade of I unless the extenuating circumstances noted above are present for reasons acceptable to the instructor." Please refer to the Undergraduate Catalog for the complete policy on the [Grades \(Marking System\)](#).

Student Evaluation

Student evaluation may include but is not limited to exams, in-class assignments, written assignments, and oral presentations.

Course Evaluation

The course is evaluated formally using the Middle Tennessee State University student evaluation of course format. In addition, individual suggestions and comments by students will be accepted. Faculty peer evaluation may be employed at the discretion of the instructor.

Academic Integrity/Misconduct

Please review the [information on Academic Integrity and Misconduct](#). Academic integrity is a hallmark of Middle Tennessee State University. We expect students to present original work for all academic assignments turned in for credit and appropriately credit all sources used.

Academic misconduct includes, but is not limited to:

1. Plagiarism: The adoption or reproduction of ideas, words, statements, images, or works of another person as one's own without proper attribution. This includes self-plagiarism, which occurs when an author submits material or research from a previous academic exercise to satisfy the requirements of another exercise and uses it without proper citation of its reuse.
2. Cheating: Using or attempting to use unauthorized materials, information, or study aids in any academic exercise. This includes unapproved collaboration, which occurs when a student works with others on an academic exercise without the express permission of the professor. It also includes purchasing assignments or paying another person to complete a course for you.

3. Fabrication: Unauthorized falsification or invention of any information or citation in an academic exercise.

Going online and using information without proper citation, copying parts of other students' work, creating information to establish credibility, or using someone else's thoughts or ideas without appropriate acknowledgment is academic misconduct. If you have a question about an assignment, please ask me to clarify. All cases of academic misconduct will be reported to the Director of Student Academic Ethics and may result in failure on the test/assignment or for the course.

Students guilty of academic misconduct are immediately responsible to the instructor of the class. In addition to other possible disciplinary sanctions (including suspension from the university), which may be imposed through the regular institutional procedures as a result of academic misconduct, the instructor has the authority to assign an "F" or zero for an activity or to assign an "F" for the course. Students accused of plagiarism will be immediately reported to the Director of Student Academic Ethics.

The instructor will submit materials to an online service (Turnitin.com) which will review the work for plagiarism. The student should also review the report generated for each assignment and self-check for plagiarism. Information on how to cite work correctly is provided within the course modules or through the [University Writing Center](#).
