Tevera Practicum Management and Accreditation Software

Tevera is a web-based data management system that the Department of Social Work uses to collect data for assessment, evaluation, and accreditation purposes. Tevera is an integral part of all core courses, including practicum education. Practicum candidates are expected to have an activated Tevera account. Candidates for the BSW and MSW programs will complete assignments, assessments, and time logs, which require an activated account. There are no exceptions to this policy for social work majors.

Tevera is a one-time purchase that you will have lifetime access to. Once purchased, Tevera must be activated. You DO NOT need to purchase and activate Tevera a second time or for any subsequent courses. Tevera is covered through financial aid with Phillips Bookstore only.

Supplementary Reading

The profession of social work is steered by six core values: service, social justice, dignity and worth of the individual, importance of human relationships, integrity, and competence. Values and principles aid in setting a standard for social workers' behavior. Social work professionals are required to have the ongoing ability to develop knowledge, skills, and judgment, for safe and ethical practice. Students will need to review the professional ethics of social work, which are guided by the following organizations:

International Federation of Social Workers
(IFSW)

National Association of Black Social Workers

Graduation Information

Standardized Examinations Requirements

The following are required standardized examinations for all graduating seniors at MTSU.

1. **General Education Core** - All university graduates must complete a group of basic courses known as the General Education Core. Undergraduate students demonstrate their basic knowledge by taking a General Education exam the semester they graduate. MTSU's current General Education exam is the California Critical Thinking Skills Test (CCTST). The exam is given to all seniors who will graduate with a bachelor's degree. Test dates are scheduled during the summer, fall, and spring semesters. Testing sessions last approximately one hour online. The exam is online at the University Testing Center in the KUC. You will take this exam on your own time, not class time. For additional information, you may send an email to iepr@mtsu.edu.
2. **Area Concentration Achievement Test (ACAT)** - All graduating seniors at MTSU must take a Major Field Test. For social work, the Major Field Test is the Area Concentration Achievement Test (ACAT) which assesses content knowledge and retention by students after their major field of study. This is an online exam. Students should schedule the above major field tests by visiting the website <https://w1.mtsu.edu/testing/online.php>.

Students registered with the Disability Access Center (DAC) must check to see if they are eligible to waive both exams. To receive a waiver of exams, students must check with DAC at 615-898-2783 or dacemail@mtsu.edu. Additional information regarding these examinations can be found at https://w1.mtsu.edu/iepr/field_test.php.

Additional Graduation Information

May be found at <https://w1.mtsu.edu/one-stop/index.php>

Course Requirements

Style & Formatting

Unless otherwise specified, all assignments utilize the APA 7th edition format. For assignments requiring submittal to the D2L dropbox, students should use **Microsoft Word** and label the document using this format for each assignment: **Last Name Assignment Name** (e.g., Coble Social Research Problem Paper). **Do NOT submit assignments in any other format such as Google Docs, PDF, etc.). They will not be accepted, and a grade of [0] will be given for the assignment.** It is highly suggested you create a folder for each class and save a copy of each assignment you submit.

Participation & Professionalism

Students are expected to maintain professional behavior and language when interacting with instructors and peers and on discussion posts/replies. They must also follow the Academic and Professional Standards of the Department of Social Work (see the *MTSU Social Work Student Handbook*). If the instructor notices trends in a student's lack of participation in the discussion boards, an in-person or virtual meeting may be called to address participation issues.

Attendance Reporting

Class attendance is expected and will be monitored to keep the students on track. MTSU requires that instructors complete an attendance report for each course at midterm and at the end of each semester. The student is also expected to participate in all interactive aspects of the course (in-class and online). For example, you must communicate with other students via emails and chat discussion board exchanges. **Students are also expected to check their D2L email and news feed/bulletin board regularly for announcements and instructions regarding class assignments.**

Make-Up Policy

A calendar of due dates for course assignments is provided in the syllabus and D2L.

Late assignments will be considered only in extenuating circumstances. Note: "extenuating circumstances" will be defined by the instructor, not the student; therefore, do NOT assume your reason for not submitting an assignment by the deadline will be acceptable.

Assignments

There are six (6) categories of assignments in the course:

1. **Topic-Related Assignment (TRA)** - Students will earn points for completing eight (8) Topic-Related Assignments throughout the semester that support learning objectives throughout the course content topics. Each assignment opens on Sunday at 6:00 AM and is due Saturday at 11:59 PM of the week it is assigned. Students will complete the assignment and upload the related documentation (either take a picture of the completed assignment or submit notes/reflection in **Word** format depending upon that week's instructions) in the dropbox for each given assignment in D2L (**10 points** per assignment).
2. **Online Discussion Boards (DB)**—Students will earn points for completing eight (8) graded online discussion board assignments. Each discussion opens on Sunday at 6:00 AM and closes on Saturday at 11:59 PM of the week of the assignment (unless otherwise noted on the course schedule). Students may also participate in an *ungraded introduction discussion* at the start of the course (review in D2L).

Students should post their original discussion by **Thursday at 11:59 PM** the week of the assignment and then make the required responses as outlined by the assignment by Saturday of that week (points will be deducted if not completed by this deadline). **Do not wait to post the initial post at the last minute.** This is inconsiderate to your classmates and reflects poor time management skills.

All **initial** discussion board posts (at least 100 words unless otherwise noted on the assignment) must be entered using APA 7 formatting (TNR-12 pt. font, double spacing, proper citations, and **References**). *Note: write a post in Word, save the document, and copy and paste it to the appropriate DB assignment.* Go to **Resources** in D2L for a sample of how discussion board posts should be presented.

For the online section of this course, students will not write two (2) responses to their classmates' posts. Instead, they are **required** to respond using Video Messaging built within the D2L Discussion Board portal. See the **Discussions** in D2L for specific instructions on how to use this feature. This is not an option; all students must post video responses unless an accommodation has been provided by the university's DAC (Disability Accommodation Center). If students have any concerns or technical difficulties, they **MUST** contact the instructor no later than Friday by 3:00 PM (CT) the week the assignment is due. No weekend assistance will be provided. **Practicing this format during the first week's introduction discussion is strongly encouraged.**

Review the discussion threads thoroughly before replying to others' posts. Your message should be a minimum of 30 seconds but no more than 3 minutes. Maintain threads using the "Reply" button instead of starting a new topic. It is important to observe the following guidelines:

- Do not make insulting or inflammatory statements to other discussion group members.
- Be respectful of others' ideas.
- Be constructive and add to the theme of the post.
- Respond to discussion topics or questions in a thoughtful, timely, and thorough manner.
 - Raise and answer questions related to the assigned readings.
 - Share ideas, insights, outside readings, and observations with peers.
 - Relate to the ideas of others respectfully, providing them with constructive feedback.
 - Help others develop their views and ideas.

Participating by only saying or stating, "Great post, Robert!" or "Anna, I couldn't agree with you more!" will **NOT** count as participation. While there is merit in creating a supportive learning atmosphere, these comments do not fulfill the intellectual requirements and stimulation the course requires.

NOTE: THE INITIAL POST IS WRITTEN; ONLY THE TWO RESPONSES SHOULD BE VIA VIDEO MESSAGING.

3. **Online Quizzes** - The student will complete five (5) quizzes in the course. One quiz reviews the general orientation and the course syllabus, whereas the other four (4) quizzes cover course material from the required readings and/or lectures. The students will have one attempt per quiz and will be allotted 45 minutes to complete each. All quizzes will open on Sundays at 6:00 AM and close on Saturdays at 11:59 PM of the week of the assignment (unless otherwise noted in the course schedule). The format of the quizzes is multiple-choice, True/False, matching, or fill-in-the-blank. Quizzes are strictly an independent evaluation tool. Although students may use their text, class lecture notes, and online resources to take the test, they should refrain from

taking the quizzes or collaborating in any capacity with other students. Also, the quiz questions or answers should not be shared with other students.

When taking online quizzes, students should access D2L through <http://elearn.mtsu.edu> instead of Pipeline MT. Students should save each answer to online quiz questions as they answer each question in case a computer crashes or loses Internet connectivity. Students may reboot their computers or wait for internet connectivity to access the test again, and D2L will allow students to continue taking the test using the time left and the question answers they have saved.

4. **Social Problem Research (SPR) Paper** - Students will select a contemporary social problem (e.g., homelessness, infant mortality, mental illness, poverty, food insecurity, education gap, etc.) to examine in this course. Based on information from scholarly sources (peer-reviewed articles, books, etc.), the paper should include the following:
 - 4.1 Introduction – an introduction paragraph with a clear, concise thesis statement.
 - 4.2 Definition of the social problem (describe how the problem has been defined, measured, etc.). This component requires a scholarly definition, not a dictionary-type definition or description.
 - 4.3 Describe the impact of the social problem (e.g., prevalence, incidence, severity, trends).
 - 4.4 Describe the population most impacted by the social problem (e.g., race/ethnicity, age, gender, rural/urban).
 - 4.5 Conclusion - a concluding paragraph summarizing the paper's main points and providing closure. No new concepts or information should be introduced in this section.

The paper should be 3-5 double-spaced pages in length (excluding the title page and reference pages) using APA format. This assignment should include 5-7 scholarly sources published in the past ten (10) years.

5. **Social Welfare Program (SWP) Paper** - Students will identify a federal social program (e.g., WIC, SNAP, TANF, Child Protective Services, Head Start, etc.) designed to address the social problem researched in assignment #4. The paper should include the following components:
 - 5.1 Provide a brief description of the social program (include this in the introduction paragraph).
 - 5.2 Provide a brief description of the target population.
 - 5.3 Provide information about the penetration rate of the program (is it reaching those it is intended to serve?).
 - 5.4 Elaborate on three (3) recommendations to improve the program.
 - 5.5 Conclusion – a concluding paragraph summarizing the paper's main points and providing closure. No new concepts or information should be introduced in this section.

The paper should be 3-5 double-spaced pages in length (excluding the title page and reference pages) using APA format. This assignment should include 5-7 scholarly sources (peer-reviewed articles, books, etc.) published in the past ten (10) years.

6. ***Social Policy Analysis (SPA) Paper** – This is a department Standardized Assignment. In addition to a numeric grade, the assignment assesses competencies designated at points in your education. The instructor will provide a competency report you can access in Tevera (see the last page of the syllabus for a sample). Students will analyze a social policy relevant to

assignments 4 and 5. The social policy analysis paper should be organized using appropriate headings to reflect the following information.

- 6.1 Introduction (this section of the paper is NOT labeled) – Based on the instructor’s feedback on assignment #4, clearly identify the social problem (e.g., define the problem, describe the nature of the problem, magnitude, and cause[s] of the problem). The introduction is NOT labeled as a heading.
- 6.2 Overview of policy – a brief account of how the policy developed to address the social problem (e.g., Ryan White Act, Stewart B. McKinley, Mental Health Parity Act, Food Stamp Act).
- 6.3 Using the Gilbert & Terrell Policy Framework, describe the identified policy components. Resource: www.youtube.com/watch?v=mMaDqHvoJ4o
 - a. Basis of Social Allocation – who benefits from the social policy; addresses eligibility. Resource: <https://youtu.be/mMaDqHvoJ4o>
 - b. Nature of Social Provisions – describe the types/forms of benefits (cash, in-kind, vouchers, etc.) to be allocated. Resource: https://www.youtube.com/watch?v=U1WR6b_QDfE
 - c. Design of the Delivery System – organization of service providers; strategies for delivering provisions/benefits. Resource: <https://www.youtube.com/watch?v=OWDGfzZaUcg>
 - d. Mode of Finance – address the source of revenue/funding (e.g., taxation, voluntary giving, fees, etc.) and system of transfer of funds (e.g., delivery of benefits from source to recipients). Resource: <https://www.youtube.com/watch?v=Tp1cslJJ1ZE>
- 6.4 Based on program evaluations, identify 2-3 policy changes that have been recommended to improve the policy and identify possible unintended consequences of the policy.
- 6.5 Address how the policy aligns with social work values, particularly social, racial, economic, and environmental justice, dignity and worth, and self-determination.

This paper should have 7-10 double-spaced pages (excluding title page and References) and comply with APA guidelines. Use only scholarly sources (peer-reviewed articles, books, etc.) published in the past ten (10) years. The paper should have a minimum of seven (7) scholarly sources (sources ending in .com, .net, and .org are not scholarly sources and will NOT receive credit toward the minimum number of required sources).

Grade Distribution

In-Class Assignments [ICA] (8 @ 10 points each)	80 Total Possible Points
Online Discussions (8 @ 15 points each, 1 intro DB – not graded)	120 Total Possible Points
Online Quizzes (5 @ 20 points each)	100 Total Possible Points
Social Problem Research (SPR) Paper	50 Total Possible Points
Social Welfare Program (SWP) Paper	50 Total Possible Points
*Social Policy Analysis (SPA) Paper	100 Total Possible Points
500 Total Points Possible	

- The student’s final grade for the course will consist of points earned in all assignments and any extra credit attempted.

- There are **500** total points possible in this course. The grading scale contains the point value that accompanies the letter grade.
- Note that grades are related to and reflect the expected learning outcomes of the course.
Students must earn a minimum grade of “C—” in this course to graduate with a degree in social work.

Extra Credit (EC) Opportunities

These are optional. Verification from the Writing Center (WC) should be uploaded to dropbox in its designated section for each specific assignment. Please refer to D2L for specific instructions and an example of the verification form from the WC. Additional extra credit opportunities may be offered at the instructor's discretion and will be announced during class and/or on the news feed/bulletin board in D2L. **Other extra credit opportunities are not guaranteed.**

1. EC 1-Writing Center Documentation (5 points) – Student must provide evidence of completion from the Writing Center of the Social Problem Research paper review.
2. EC 2-Writing Center Documentation (5 points) – Student must provide evidence of completion from the Writing Center of the Social Welfare Program paper review.
3. EC 3-Writing Center Documentation (5 points) – Student must provide evidence of completion from the Writing Center of the Social Policy Analysis paper review.

Grading Procedure

The assignments will give each student a chance to apply the material covered in the course. The assignment grading will emphasize the completion of the tasks, as described, and the quality with which each task is completed. The grading scale for all assignments is presented in Table 1.

Table 1. Grading Scale for All Assignments

Points	Percentage	Letter Grade
450-500	90-100	A
400-449	80-89	B
350-399	70-79	C
300-249	60-69	D
≤ 299	≤ 59.8	F

The midterm grade will be based on the total points accumulated by mid-semester. For example, if a student has earned 195 of 215 points by mid-semester, this student would have a mid-term grade of A ($195/215 = .90.6 = 90.6\%$). The student's final grade in the course is based on the total accumulated points earned on all assignments, as listed in the table above. **There is no midterm or final exam for this course.**

Incomplete grades are given rarely and only in extenuating circumstances. Page 31 of the 2023-2024 MTSU [Undergraduate Catalog](#) states: “The grade [I] indicates that the student has not completed all course requirements because of illness or other uncontrollable circumstances, especially those which may occur toward the close of the term. Mere failure to make up work or turn in required work on time does not provide a basis for the grade of [I] unless the extenuating circumstances noted above are present for reasons acceptable to the instructor.”

Please refer to the Undergraduate Catalog for the complete policy on the [Grades \(Marking System\)](#).

Student Evaluation

Student evaluation may include but is not limited to exams, in-class assignments, written assignments, and oral presentations.

Course Evaluation

The course is evaluated formally using the Middle Tennessee State University student evaluation of courses format. In addition, individual suggestions and comments by students will be accepted. Faculty peer evaluation may be employed at the discretion of the instructor.

Academic Integrity/Misconduct

Please review the [information on Academic Integrity and Misconduct](#). Academic integrity is a hallmark of Middle Tennessee State University. We expect students to present original work for all academic assignments turned in for credit and appropriately credit all sources used.

Academic misconduct includes, but is not limited to:

1. Plagiarism: The adoption or reproduction of ideas, words, statements, images, or works of another person as one's own without proper attribution. This includes self-plagiarism, which occurs when an author submits material or research from a previous academic exercise to satisfy the requirements of another exercise and uses it without proper citation of its reuse.
2. Cheating: Using or attempting to use unauthorized materials, information, or study aids in any academic exercise. This includes unapproved collaboration, which occurs when a student works with others on an academic exercise without the express permission of the professor. It also includes purchasing assignments or paying another person to complete a course for you.
3. Fabrication: Unauthorized falsification or invention of any information or citation in an academic exercise.

Going online and using information without proper citation, copying parts of other students' work, creating information to establish credibility, or using someone else's thoughts or ideas without appropriate acknowledgment is academic misconduct. If you have a question about an assignment, please ask me to clarify. All cases of academic misconduct will be reported to the Director of Student Academic Ethics and may result in failure on the test/assignment or for the course.

Students guilty of academic misconduct are immediately responsible to the instructor of the class. In addition to other possible disciplinary sanctions (including suspension from the university), which may be imposed through the regular institutional procedures as a result of academic misconduct, the instructor has the authority to assign an "F" or zero for an activity or to assign an "F" for the course. Students accused of plagiarism will be immediately reported to the Director of Student Academic Ethics.

The instructor will submit materials to an online service (Turnitin.com), which will review the work for plagiarism. The student should also review the report generated for each assignment and self-check for

plagiarism. Information on how to cite work correctly is provided within the course modules or through the [University Writing Center](#).

Artificial Intelligence (AI)

Currently, there is no formal university policy on using Artificial Intelligence (AI) in coursework. While AI (if used correctly) can be an effective resource to enhance the learning experience, it is imperative to note that submitting an entire paper generated by AI will be easily detected. Furthermore, failure to provide proper citations and references for AI-generated content will be considered a serious violation of academic integrity. Any such instances will be treated as plagiarism, and the student will be required to meet on campus to address these concerns.
