- I loved how he made us work in teams, since that is what we will be doing in the social work field. He always made sure we had every tool so that we could be successful in his class.
- Professor Coble was very organized and helped with assignments with example materials.
- communicating with students in a way we can understand and ensuring everyone understood the requirements and expectations for each assignment
- This class was the best!
- Great class! Professor Coble is a great educator and creates a welcoming environment for students. This was one of the best classes I have taken in my time at MTSU. He is knowledgeable, compassionate, and cares about student learning. The class was very engaging and collaborative. I also felt that I retained a lot of the course information because of the real life application assignments. If I could rate Coble out of 10, I would give him an 11.
- Communication with students.
- Informative discussion and lectures every class, easy to contact and communicate with, offered plenty feedback for improvement, encouraging, and interactive with the students
