### Please describe what you consider to be the strengths of the course and/or instructor: Scott Coble

- Mr. Coble was extremely effective in helping us with assignments and was efficient regarding the assignment schedule. He was consistent and responsive, he provided us with everything we needed to be successful in his class.
- Awesome teacher! He is so passionate about social policy it was hard not to get excited with him. I never thought anyone could make social policy fun for me. I originally registered for the online class but changed my mind the first week when I realized I would do better and learn more in person and he did not disappoint. I ended up enjoying this class more than my other classes! I loved the way he changed up the discussion replies toward the end of the course because I got a lot more out of discussing the posts in class than I ever have done past discussions in any class. It would be awesome to take classes with him in the future if they are ever available!
- Scott Coble's strengths with this class are making it fun and easy to learn. Being on time and caring about his students.
- Mr. Coble is also a great lecturer and very helpful! I enjoyed this class very much!
- Mr. Coble is one of the best professors I have had the chance to learn from. Speaking with Mr. Coble was empowering. He was always willing to work with any student that needed help in school or in life. He is someone to bounce ideas off of and get advice from. He taught in a way that was to see the students succeed in the class and throughout college. He not only taught the material, but also a mindset to have as one goes through life. I would recommend Mr. Coble to any other student. He had a way of making a topic in social work that is not the most interesting, he made it very interesting and engaging.
- The instructor was easy to get along with and created a fun environment for the class. The instructor easily related the work to real-life events which helped students understand the material more having that correlation.

- Professor Coble had a strong lecture ability, a fun/easy-going class environment, showed sympathy and empathy for students, always set us up for success, and always proved to be helpful with any assignment.
- His teaching style and dedication to students was displayed throughout the class. I know that me and other students were a little nervous coming into this class but Professor Coble was so thorough and helpful that he made it a little less stressful.
- Very helpful, and makes difficult topics more simplified and understanding to learn. He is willing to work with you outside of class and explain even further. Overall a very helpful instructor who does not want to see his students fail.
- Professor Coble was very fun and very knowable teacher. he taught in a way that the students would understand and he helped us understand what he was teaching. this was one of my favorite classes because of Professor Coble.
