Please describe what you consider to be the strengths of the course and/or instructor: Scott Coble

- Professor Coble always was available to answer questions and helped ensure students succeeded.
- I love how he wants all of us to be involved as teams, since that is what we will be doing in the social work field. He is very understanding when we get confused about an assignment and makes sure we have all the tools we need to succeed.
- He is a funny, caring and involved professor who loved teaching his students. A lot of the concepts throughout the semester were fun and educational. He made sure concepts are well put and engraved in our heads.
- Amazing person and professor. Genuinely cares for his students and their education. He made me realize that I am in the right profession.
- Professor Coble was very organized and explained the assignments very thoroughly. He also gave a lot of example materials to help with the assignments.
- Professor Coble Conley changed my college experience. I took a social work class a previous semester with Dr. Sieme and struggled to my detriment. I wound up dropping the class and recommitting to taking it again this semester with some uncertainty. Professor Coble made Social Work concepts, ethical practices, fidelity checks, quizzes, and experiential learning opportunities engaging, interactive, and transformative. This class transformed my understanding of social work concepts and ignited my passion for the field in a way I had not experienced before. Aside from content, Professor Coble treats his students with the practices he teaches. He instilled an environment of vulnerability with honor, he dignified each student, faculty member, external or internal MTSU resource with the utmost respect. I honor and am grateful for teachers like Professor Scott Coble. He changed my life and has been the best professor of my college experience. Not only did he support me, he challenged me and called me higher,
- he has many strengths, very talkative and easy to talk to and understand, very knowledgeable and passionate
- Professor Coble showed strengths in encouraging student engagement, inspiring whole class discussions, and providing clear expectations for assignments.
- He provided very honest and helpful feedback on student work and responses. He provided many real world examples, and exposed us to the reality of social work outside of just the curriculum. He also really helped us improve our APA formatting.
- Knowledgeable about the course, cares about students
- Professor Coble made sure that everyone was interactive, in and out of class, and gave several opportunities for people to prove themselves and learn from others. He was very well educated in what he taught.
- Very personable. cares about the wellbeing and success of each student, is very knowledgeable about social work, was one of the most engaging instructors I've had so far in college.
