

Shiloh Mantle Impartation Service, the Bishop gave us the mantle, saying we should place it on our handkerchiefs and our foreheads. I just placed the mantle on my handkerchief and on my nose. As I did, I told God I knew He would heal me. That was it! The following day, I noticed I was not feeling anything again, till now! God healed me! I give Him all the glory!"

— Ijeoma Nwajiugo.

Three Years Osteomelitis (A Bone Disease) Healed!

"Three years ago, I was afflicted with osteomelitis, a disease of the bone. It made my leg to swell up, and the pus which came out of it filled a paint bucket. I went to places and visited hospitals, where doctors confirmed that it was osteomelitis. They advised that I shouldn't do house chores anymore. Because of the health problem, I joined this Commission in June 2010. In a service, the Bishop said we should ignore any medical verdict concerning our health. He told us to expect our healing with faith. At Shiloh 2010, I came, settled on Shiloh ground and God finalized everything! During the fearful praise session, the Great Physician worked on the bone! To God be the glory, I am glad to tell you all that the osteomelitis, which came with me to Shiloh 2010, is no more with me! I give God the glory!"

— Kelechi Jonah.

Strange Eye Disease Healed!

"I was hit by a strange disease on my eyes. My eyes had been aching me since last year.

After joining this Commission in April 2010, I made up my mind to attend Shiloh. I settled on Shiloh ground because I came all the way from Kenya. During the Shiloh Mantle Service, I took the mantle and placed it on my face. Immediately, all the scars that were on my face dried up! The ache stopped! I can see clearly now!" — John Kariga

(From Winners' Chapel, Kenya).

15 Years Impotence Gone!

"In 1998, I discovered that I had an erectile dysfunction, which later became full blown impotence. Since then, I had been believing God for my healing.

I'd been to so many places and hospitals for treatment, but all to avail. However, something within me kept telling me that as long as God lives, things would be okay.

Because of this challenge, I came to Shiloh to seek the face of God. So, I stayed in Canaan Land. The Bishop laid hands on me and he prayed that I be delivered from the assault. I was filled with Joy and I gave thanks to God. At the end of Shiloh, before I got to the gate, erection took place. I came to give glory to God!" — Oselokhale Iwebiakpor.

In conclusion, as I have often said, "Obedience may be costly, but the end result is priceless". Every outstanding encounter is always in response to man's obedience. (John 2:5)

Abraham became the father of nations by passing the various tests of obedience as we found in Genesis chapter 12 all the way to chapter 22.

If the spirit of God is impressing on your heart to be on ground at Shiloh, never allow anything to deter you because a change of story must be awaiting you. While we are all entitled to the same impact at the viewing centres, we may not have the same quality of concentration as we would have it on ground.

As it is written, *"Through desire a man, having separated himself, seeketh and intermeddleth with all wisdom."* — Proverbs 18:1.

Most of the time, a focused separation is required for divine encounters. That is what all the above testimonies have proved. You are next in line for a turnaround encounter at Shiloh 2015.

Jesus is Lord!

David O. Oyedepo

PRESIDENT & FOUNDER
LIVING FAITH CHURCH WORLDWIDE
a.k.a. WINNERS' CHAPEL INTERNATIONAL
CANAANLAND, OTA-LAGOS, NIGERIA

As we are all aware, Shiloh is prophetically a place of divine encounters with God.

As it is written; *"And the LORD appeared again in Shiloh: for the LORD revealed himself to Samuel in Shiloh by the word of the LORD."* - **1Sam 3:21**

Also, we would all agree that God reserves the right to determine where He wants to meet with His people; because He is the Most High.

For example, God said to Abraham, 'get up, take your son Isaac to a mountain that I will show you and offer him unto me for a burnt offering' (Gen 22:1-3 paraphrased)

But, it took Abraham a 3-day journey to get to that place and there he met God, who swore a generational blessing on him. (Gen 22:17-18)

This shows that most encounters with God are usually at a cost.

If God wants you to meet with you on ground at Shiloh in Canaanland, you better get there!!

As it is written;

"Take heed to thyself that thou offer not thy burnt offerings in every place that thou seest:

But in the place which the LORD shall choose in one of thy tribes, there thou shalt offer thy burnt offerings, and there thou shalt do all

that I command thee." — Deut 12:13-14

The following testimonies will strengthen your quest for on-the-ground encounters at Shiloh 2015:

Four Years Prostate Cancer Humiliated!

"We joined this Commission last September. I came into this Commission with pain and sorrow in my heart. For four years, my husband had been down with prostate cancer and fermentation. We used to get him prepared as a woman that is in her menstrual period, because of the leakage of the pus coming out of him. For four years, I took him to several hospitals, churches and even to herbalists. I spent a lot of money, I bought goat and did a lot of sacrifices, but nothing worked!

In September last year, a friend of mine invited us to Winners' Church. That was how we came here, during a healing programme. We were just sitting at the Love Wing of the tabernacle. Previously, my husband could neither sit down nor sleep. That day we were in church, I was surprised because he was able to sit down.

When the church service was over and we got home, he told me he was able to sit down in church, and that he didn't feel any pain. Then he said that we would continue to come to the church.

During Shiloh 2010, we were here for five days. We had nobody to talk to on how we were going manage ourselves here, since it was our first time. We sat for five days, with no water to drink! We just stayed and we believed God!

At the end of the Shiloh event, immediately we left, my husband said he felt no more pain, and the leakage of pus stopped! Since then till date, he is okay! I thank God for healing him!" — Mrs. Eunice, A. A.

Triplets After 20 Years Of Waiting!

"My husband and I got married 20 years ago as Christians. Since then, we had been believing God for the fruit of the womb. We went to hospitals to know what was really wrong, and for treatment. After running so many tests, the results showed that there was nothing wrong with my husband or me. The doctors, who could not locate the cause of our barrenness, were all confused! My husband and I did not allow that to worry us, because we have a God that can do all things! Some of our family members started getting worried. They suggested to us what to do, and where else to go. But we kept on holding unto our God. Meanwhile, I had not been pregnant before.

In 2007, my husband and I came to Canaan Land for Shiloh. We came with high expectations. During the service, I made a vow unto God that if He should give us fruit of the womb, we would come back to Canaan Land to give Him the glory.

In November 2010, I got pregnant for the first time in my life! When the pregnancy was five months, the devil launched his attack, but he failed. All through the pregnancy period, God's protective arm was upon me and the triplets in

the womb. In June 2011, I was delivered of these triplets – two boys and a girl! We thank God for visiting us in a very strange way!" —Mrs. Bodurin, O.

Miracle Marriage!

"I am standing right here, as a living testimony of the prophecy of the servant of God at Shiloh 2010. I came to Shiloh as a single. I had reached the age of marriage, but nothing was happening for me. This was a concern for me. So, I made up mind to remain on Shiloh ground till the event was over. During Shiloh, the Bishop had prophesied that in 2011, there would be 240 miracle marriages. So, I keyed into the declaration. He also said, 'The only one that can stop you, is your doubt! No devil can stop it!' I caught it!

Furthermore, he said we should keep congratulating everyone, and that the language for 2011 is 'Congratulations.' I told the Holy Spirit, 'I am greeting people congratulations, how do I get my own?' He said I should keep sowing the seed of congratulation. Since then, I kept on sowing the seed. Everyone I saw, I congratulated them.

Truly, on Saturday, August 20, 2011, I was gloriously married! I give God all the glory! The bishop is truly a prophet, and he is my father!" — Mrs. Aderonke, F.

10 Years Marital Spell Broken!

"During Shiloh 2010, we came all the way from Delta State, to remain on Shiloh ground, with a strong expectation. Among the things we listed in our Prayer Request Form was the breaking of 10 years marital spell. Before we left Shiloh, the Bishop declared that many people would be married in the first quarter of 2011. I keyed into that prophecy!

In December, I met my husband and he proposed to me. As if that was not enough, in June 18, 2011 we got married. The God of Shiloh

is not a liar! We give Him all the glory!" — Mr. & Mrs. Tawio, T.

Divine Visitation!

"I had suffered from tuberculosis for five years. Since then, I had been believing God for my healing. During Shiloh 2009, when I participated in one of the specialized healing services, God's servant told us to go back home and start doing those things we were not able to do.

Meanwhile, for five years, I was not bathing with cold water. It was because of this stubborn problem that I came again for Shiloh 2010. I remained on Shiloh ground, so as not to lose focus. Also, I came with my stove, just to boil hot water. After the service, I went back to my hostel and I had my bath with cold water! Since then, those things I could not do before, I started doing them! Now I can trek a long distance, without panting or getting tired! That was how God healed me of five years tuberculosis! Also, the Bishop told us to write the names and the number of children we wanted. God visited me! This is David, my baby boy!"

— Grace Jeremiah

Healed Of Heart Condition!

"I am a medical doctor from South Africa. I was scheduled for a heart operation on Monday, December 5, 2011. The doctors said my chances of survival was 50-50. Doctors in the Academy Hospitals where I work, told me to cancel my journey to Shiloh and go for the operation. That notwithstanding, I came for 2011 and stayed on ground all through. The doctors and professors said, 'You cannot be inside the aeroplane because you will die. You can't make it in your condition.' I told them, I was going for restoration and healing.

My pastors and delegate colleagues were not aware that my heart valves were not working properly. My blood pressure since 2005 was 220/120, and I was on medication.

I went to the Healing School and after the message, we were asked to go for a test. A doctor colleague of mine took me to the cardiologist. The result said my blood pressure had dropped to 120/70, and the four valves were pumping and working."

— Dr. Meloh Nakaya (Nakaya came to Shiloh 2012 still bouncing in sound health).

Weddings Galore!

"We are three sisters in our family. My eldest sister was supposed to wed in October 2004. But a week to her wedding day, after the cards had been printed, the wedding was cancelled. The same thing happened after four years, in November. She was supposed to wed on November 2nd; just a week to her wedding, so many stories came up and it was cancelled. It became a concern to us! People were even mocking my mother and asked her questions. But I want to bless God for Shiloh 2010, 'The Hour Of Restoration.' I came and stayed on ground throughout the event.

During Shiloh, the Bishop told us to write the date we wanted to wed, and put it under our pillow. I came from Abuja then. I wrote for my sister and myself. As for my younger sister, I did not desire so much for her. In May 29, 2011, my elder sister got wedded! As at that time, I was not in any defined relationship. But on June 10th, I got my marriage proposal from my husband, and on November 20, we wedded.

To crown it all, my younger sister had her traditional marriage on December 31st, and on January 1, 2012, she wedded! I return to give God the glory!" — Blessing, U.

25 Years Sinusitis Healed!

"I had been suffering from sinusitis for 25 years. I was not breathing well, and I had a runny nose on a daily basis. I joined this Commission on September 30, 2010. Then I came to Shiloh ground, because of these protracted challenges. On Friday, during the
