## Unity Christian Academy

Unity Christian Academy (UCA) offers an educational program from K5 thru 12th grade which facilitates learning through self-instructional materials while enabling students with varied abilities to advance academically. Through professional supervision, a student can develop skills while working at his own academic level within the limits of his own ability. Through controls and motivation, he is able to advance to highest potential.

Student achievement is often harmed by grading and grouping students according to their chronological age. Our academic program uses assessments and diagnostic tests to evaluate the student and prescribe curriculum at his actual level of performance. A student's level is determined by ability, not age. It is UCA's desire to help families raise their children in an environment with Biblical values and a quality Christian Education that is crucial in today's society.

### Statement of Non-Discrimination:

Unity Christian Academy admits students of any race, color, sex, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, sex, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs and other school-administered programs.

## ADMISSIONS

We welcome students of all backgrounds and abilities to apply to UCA. Our admissions process is designed to identify students who will thrive in our challenging academic and social environment. We encourage prospective families to visit our campus, meet our staff, and learn more about our programs.

## Why You Choose Us?

- At UCA we offer individualized curriculum which is proven to enhance student's academic excellence, character and spiritual moral standards.
