

Ignite the Summer: Unleash Your Staff's Inner Peacebuilders!

Is your team ready to handle the heat of the summer?

Summer camp should be a legendary adventure, but we all know the reality: high-energy chaos, "bunk drama," and those tricky rainy-day meltdowns. Stop just "managing" your campers and start **leading** them. This high-octane workshop is designed to turn your summer staff into a powerhouse team of **Peacebuilders** who create a culture of safety, belonging, and—most importantly—unstoppable fun!

The Counselor's Tactical Toolkit

We're ditching the boring lectures for a fast-paced, "boots-on-the-ground" training experience. Your team will master:

- **The F.A.R. Superpower:** Stay laser-Focused in the chaos, be **Assertive** without shouting, and become **Resourceful** enough to flip a disaster into a win!
- **The De-escalation Matrix:** Learn the "Four R's" to stop a meltdown before it starts. We'll shift the mindset from "managing a problem kid" to "solving a kid's problem."
- **The Anti-Bullying Radar:** Get the "KYC" (Know Your Camper) skills to sniff out exclusion and master neutral mediation like a pro.
- **Elite Teamwork:** Kill the "Blame Game" between departments. We'll teach your staff the art of the perfect hand-off and how to build a rock-solid, supportive team.

Real-World Ready

We don't just talk about it—we do it. From high-stakes role-plays in the **Dining Hall** to navigating the madness of the **Camp Bus**, your staff will practice real-world scenarios so they're ready for *anything* the summer throws at them.

Don't settle for a staff that just survives the summer. Build a team that thrives! [Book the Workshop Today – Let's Make This Summer Legendary!]
