

## **The Men's Guide to the Narrow Gate: No Room for Spiritual Laziness – 30 minutes to 1 hour Presentation**

### **Stop Coasting. Start Striving.**

In a world that celebrates comfort and rewards distraction, most men are winning the battles that don't matter while losing the one that does. You manage the budget, you fix the house, and you carry the weight of your family—but are you winning the war for your soul?

**The Men's Guide to the Narrow Gate: No Room for Spiritual Laziness** is a call to arms for the man who is tired of "good enough." This isn't a lecture on spreadsheets or traffic; it's a tactical briefing for the internal fight against spiritual passivity.

### **What's Inside:**

- **The Reality Check:** Identifying the "lie of the coast"—why being a "good guy" isn't the same as being a spiritual warrior.
- **Defining the Strive:** A deep dive into the Greek roots of competition and struggle. Learn why the path to the Narrow Gate requires the same intensity you bring to your career and your gym sessions.
- **The Daily Direction:** Understanding that in the spiritual life, there is no standing still. You are either walking toward Him or walking away.
- **The Tactical Toolkit:** Moving beyond motivation into the practical tools needed to overcome the world's attempts to make you soft and distracted.
