Subject: Thank you!

Dear Steve,

We very much appreciate the time you devoted to our students for your presentation on Wednesday, October 11! Your idea to combine the presentation on Dress for Success in Interviewing was very well received! The students were involved in the presentation and definitely are the wiser because of your work for them!

Time is a very precious commodity. I know how much time you put into preparation, presenting, bringing items to demonstrate your points, and getting here (and back!). Students gained knowledge and will be better prepared for the interviews in which they participate as they begin and further their careers. That first few minutes and how they look as they meet the interviewer are so important! Wearing the appropriate attire allows a person to feel more comfortable and do a better job with the interview as we know.

Thank you for coming and giving of yourself and your time!

Marcy
