

Indian Oil: The PSU World

Indian Oil: The PSU World

Indian Oil: The PSU World

Indian Oil: The PSU World

01. Who knows?

Who knows today may be last day of life
So hug with love and emotion your wife
Give her a long lovely kiss
Tomorrow you may miss
Smile looking to the shopkeeper
He is also your long time neighbour
You may miss his shop's rice forever
Say hello how are you to the leg puller
Throughout the life he will remember
Today is the best day to look at the world
See the Sunrise and Sunset keep nothing untold.

02. Autumn

The irritating summer has gone
With flowers autumn has come
Neither hot nor cold temperature
Very good for travel departure
Autumn is the festival season
To become joyful lot of reason
Everywhere flowers are in bloom
In the clear sky enjoy the full moon
Honey bee fly from flower to flower
The birds sing sitting on electric tower
When Sun rays fall on morning dew
We can see in world heavenly view.

3.Mobile

In the lust for fast and high lifestyle
I made many relationships fragile
Some friends became hostile
Some shed tears like crocodile
But I had no time to wait for a while
I have to make for me a big profile
When I got it I have only one friend mobile.

4.Indian economy

Gambling of monsoon was Indian economy
With hindu rate of growth there was monotony
Industrialisation has now changed anatomy
With low crude oil price there was harmony
Indian economy played symphony
The rising dollar now took hegemony
High crude price did Indian economy vasectomy
Govt has to do oil based economy hysterectomy.

5. Who will bell the cat

Who will bell the cat
It is already too fat
Me too me too will be cry
The cat will jump and fly
Majority will remain shy
Few will make it hot fry
Some will be stand by
Finally me too will be dry
The cat will do business as usual
Many a times it will be cruel
Media will get again fuel.

6.Had it been Mahabharata time

Had it been Mahabharata time
Meet too campaign super fine
Against Krishna highest disclose
Arjun also liked to taste glucose
Bhishma would have become mad
Drupadi would also be very sad
Thanks to God Twitter not allowed
Embarrassment Krishna did not swallowed .

7.Talk like a child

When we became sixty plus
Loneliness we realise
Childhood was full of friends
During youth it reduced
Married life busy with children
Sweet heart is now only companion
Life begins at sixty it is true
But you have to differently brew
Look for the old forgotten friends
Loneliness will not remain
Like child talk to unknown without hesitation
Life will give new satisfaction.

8.The night

Night is not for darkness alone
Many story it has to unfold and clone
Though night brings nightmare
It is the time to forget your chair
For our sleep night always care
For the thief and rowdy night is fair
For everyone silvery moon light is there
The fragrance of night jasmine in air
When the night is gone it will fall like hair
Without night no existence of beautiful day
To bring day the night departs with sun ray.

9.Dussera wish

Ravana was a wise king with high ego
All his good qualities under shadow
Ego was a reason for Mahabharata war
So was also with modern time Hitler
Ego leads to destruction of family
Throwing ego it could have been avoided easily
Ego separates many best friends
To our beautiful life ego make bends
Do not misunderstood ego as self esteem
Otherwise your life's light will be dim
Throw away your ego this Dussera
In life sun will rise with new Savera.

10.Night blooming jasmine

Night jasmine tell autumn has come
Everyone wil play festivity drum
The white flower with yellow stick
Mid night it blooms to its peak
Life is only for one night
Yet reaches life's full height
Fragrance is mind blowing
Beautiful to see it's glowing
In the morning it will fall on ground
Some ones neck the Garland will crown.

11.Jelebi Management

Bends and bends and bends
Prepared only by expert hands
HR knows Jelebi management well
When poured on sugar juice it swell
Some crispy jelebi are deep fried
Softness of some can also be tried
Diabetes always look them as retired
For over eating young one can be fired
For jelebi management consultant is hired
They will give better jelebi that is wired
After eating hot jelebi no one ever cried.

12.Travel without Visa

Without Passport and Visa I want to fly
Above the blue mountains in the sky
Only option to become a Siberian crane
No need of simulator and cockpit to train
I can enjoy flying even in monsoon rain
Immigration stamping nothing required
I can fly as long as I do not become tired
Kaziranga Chilka Bharatpur and many more
Above China to Russia never I will be bore
I maynot be like supremeanimal called man
But after death I will go to same heaven.

13.Better player

In PSU promotion is elixir
With policy no one familiar
Management say everything fair
Deprived one say management liar
Normal and fast the two tier
Fast people think they are rare
They are also frequent flyer
Outside the organisation nobody care
In society Hima Das better player.

14.Money

Money money it is best honey
Without it stops life's journey
Life is a difficult long tourney
Every steps lot of beautiful horny
Life is really very very funny
When young money is sunny
Growing old we become canny
No money in hand you are Danny.

15.Beautiful world

The world is so beautiful
Human species is wonderful
Mountain sea islands bountiful
Sun moon stars very delightful
For earth no creation is harmful
The animal kingdom so joyful
In life always remain cheerful
In corporate world be careful
Man only make world painful.

16.Hot bed of agitation

Assam is the hot bed of agitation
That is why Assam now in fragmentation
Doing agitation here big satisfaction
For bandh no need of any justification
Economy stagnant and no up gradation
Every field there is only degradation
People never follow rule regulation
For leaders agitation gives remuneration
So in agitation lot of diversification.

17.IK IK syndrome

I know I know syndrome is dangerous
For top management disease serious
People think IK IK is very luxurious
I know I know is mind's deadly virus
If infected you will never become Cyrus
Everyone will think you are hilarious
Throw away IK IK you will be knowlegeous.

18.Black box

Within the brick walls
Don't make life a black box
Nobody knows what is inside
No one allowed to peep inside
Don't cage the spirit in pride and ego
Life is not a black box
To be opened after the crash
To be searched to know history
Break the walls open the door
Let people see your smile
Play 'antakshri' with unknown friend
Seeing your smile listening voice
People will come with happiness
Friends will bring basket of joy
Make life open large and wide
Loneliness and depression can't hide.

19.We the Indian

One Indian equivalent to ten Chinese
Ten Indians less than one Chinese
We will divide us North and South
We will divide us Assamese Bengali Bihari
We will divide us Hindu Muslim Christian
We will divide us ST SC OBC and more
No Indian value in our core
Never we will work as one Indian team
Will be busy to extract our own cream
India's prosperity is not our dream
We will quarrel who perform more
How to fill own belly and store
We are master in the ring
In the tug of wire for petty thing
The Chinese team proved we are the king.

20.Modi

Modi is not selfish
Because he never eat fish
He has little ego
Because left home long ago
He can take things easily
Because he has no family
Modi can remain shy
Because he has no wife to reply
Modi can work twenty hours a day
To stop him no one in home to say
Modi need not do corruption
He has no children's botheration
Modi is a better PM
Because he proved he was good CM.

21.PSU world

People are divided in many lobby
Leg pulling some people's hobby
North Indian, South Indian,Bengali
Everyone play their own Holi
In promotion lobby matter
Unless the boss is very fair
Busy with calculating bonus incentive
Otherwise meetings unproductive
Everyone has false pride and ego
In the society shorter than own shadow
Toad in the little pond
With people little bond
Apple polish order of the day
New ideas never see ray
PSU world is very funny
Yet it is very sweet honey.

22.Clean bowled IOCIan

I am IOCIan clean bowled
But in life I have not slowed
Looking ahead with open eye
So beautiful the distant sky
God has given eyes to look forward
Eyes and mind are God's best reward
He has not given any eye to look backward
Looking back will push us downward
Human instinct is to move upward
In IOCL treasure of experience I discovered
Sweet memories are always remembered
Bad experiences long ago I discard
As an IOCIan everywhere I feel honoured.

23.Heat exchanger

Heat exchanger and dryer
In refinery both are good player
Shell and tube transfer heat
Without it distillation retreat
Air preheater maximize efficiency
Plug the tube if there is defficiency
Heat transfer will face insufficiency
Exchangers are very robustly built
Yet during operation it may tilt
In life don't be like boiler
Head will be always under fire
Nobody will ever care
Be an exchanger transfer love
You will become lovable dove.

24. Human spirit

Fire can't burn
Sea can't drown
Hummer can't break
Wind can't take
Human spirit can survive all
Civilizations stand up even after fall
Pyramids were built in desert
Space shuttle so smart
Colony in Moon will be free from dart
Very soon it is going to start
Yet spirit can easily fart
Loss of love badly hurt
Lonely in the biggest mart
Because spirit is life's part.

25.Pump

Suction and discharge, take and give
Without pump we can not live
The most important pump is inside body
Never allow your heart to become rowdy
Failure of crude pump stops refining
Without heart brain lost power of defining
For the most efficient pump we keep running
If it stops people will carry our body for burning
Maintain pump with proper tuning
However heart dislike too much oiling
Giving extra oil may even push boss to boiling.

26.Corporate vision

Every corporation has great vision
Like God it is always illusion
People have their own intuition
Identifying goals everyone has confusion
Many employees so stay in hibernation
Top ones are busy with own fermentation
Deprived are crying in dissatisfaction
Opportunists are doing wealth accumulation
Some people took voluntarily diversion
Vision and self interest in conflict situation
Visionary people will never get promotion
Better always keep vision in suspension.

27. Population explosion

We are product or by product of sex
Two adults try to make pleasure max
Without any wish we appear like fax
Cry loudly seeing the world's sharp axe
Never had we asked our parents give us birth
To loiter in a tiny small planet called earth
For population explosion resources are dearth
Big queue even to get a train's reserved berth
How civilization will survive with increasing population
Every birth is increasing in in the world pollution
Halting product or by product is the only solution.

28. See the world through closed eyes

Close your eyes and look at the world
Many mystery of life will unfold
Am I a mick coward or really bold
Wood or rustic iron or pure gold
Nobody has in front of me ever told
Flattery only everybody had sold
Take a deep breath ideas will be rolled
Mind will no longer remain cold
Open your eyes a new world you will behold.

29. Forty plus

When time comes bitter guard become testy
To eat rasgulla don't be very hasty
Now you may be doing too much party
Realisation about health will come at sixty
Sugar and pressure will tell sweets are dirty
Take care of health when you touch forty
Labourers are sugar free though live in filthy
Too much of comfort may make health nasty
At sixty plus without health life is grotty.

30. Pipeline

Whether for water or oil pipeline is always there
In refinery and petrochemicals pipeline is at glare
To undermine the role of pipeline is not fair
Chance of getting lime light by pipeline is rare
When water flow stops in the morning time
And you are stuck half bath under shower
Think about the pipeline that carries water
Arteries veins nerves are our body's pipeline
Any one in trouble we can't smile and shine
Big pipeline always remain buried under the earth
That is why to appreciate their role we found dearth.

31. Courage and confidence

Survival of the fittest law of nature

You will perish if courage is not there

Confidence is the first step for success

The journey in world is not bed of roses

With hard work only you can break stone

In the difficult journey of life you are alone

If you have courage and confidence to move

Your survival you need not to prove

One day you will reach the top of mountain

Your success in life hundred percent certain.

32. Life's measure

Promotion is not life's measure

Yet in corporation it is treasure

Every employee has strong desire

For promotion everybody under pressure

Promotion gives heavenly pleasure

Designations are organizational structure

Don't revolve around searching life's future

Measuring life with tiny scale is not fair

After sixty everyone will get same chair.

33. Statue of Unity

India a wonderful country of diversity
Patel was a true leader with dignity
Taller than the statue of liberty
Will statute of Patel bring real unity?
Patel was called as the iron man
In India he had millions of fan
Yet for first position he never ran
As leader he performed what he can
Princely states had gone forever
He was the uniting force please remember
No statute can be taller than real Patel
For real unity of India every citizen battle.

34. Compressor

Piston cylinder valve and pipe
There is also one rotary type
Air and gas under pressure only ripe
Without compressor no instrumentation
Operator will not get any indication
LPG cylinders will not go to destination
All vehicles stand on compressed air
Even for cleaning compressor is there
If we ignore compressor it is not fair
Compressor may be junior to pump
Yet whole refinery operation it can stump
Production will be automatically dumped
You can see how maintenance jumped.

35. Change

We always say change is the law of nature
Yet many things will remain same in future
Even now the speed of light remained same
Since big bang even change could not tame
The Sun rised in the East during Ramayana days
In the morning the testy eggs cock never lays
Relativity was same before Einstein told
Many things the scientists only unfold
Value of honesty truth love even today same
For degradation of values change is not to blame
Technology and minds have only changed with time
Like sun fundamental things are still very fine.

36. You can't eat diamond and gold

Even if you become a millionaire
You can't eat silver diamond gold
Your digestive system is not so bold
At dinner the piece of roti you have to fold
Your assets will appreciate can't be sold
Winter will bring you the same cold
Like any one many story will remain untold
Keep your greed for money under hold
A better life without much money you can mould
Empower you mind and spirit, a new world will unfold.

37. Legendary Myth

My wife cut me to the size
So I had given up all fight
Like boss she is always right
My pent is now very tight
In the sun's shadow moon is also bright
My confidential report wife will not write
On incentives boss can only throw light
Boss is always tall irrespective of height
Boss and wife are the legendary myth.

38. Apple polish

The fruit vendor polishes his apple for better price
The mill owner also polishes his basmati rice
Apple polishing is neither crime nor vice
For success it is the best bet in corporate dice
In every opportunity tell boss, 'sir you are genius
I have never seen anything of you minus'
If you say spade a spade somebody may dislike
Though corporation's mission, goal, objectives it may strike
So listening to heart always prefer
So saying no you should not defer
Sharing knowledge and information always prefer
Organization's mission goals motivating force
Seniors experiences are guiding source
Belief and ethics how can you divorce.

39. Promotion

The philosopher's stone called promotion
It will cage all your positive emotion
Good qualities in you will get demotion
In life there will be no satisfaction
Promotions are rat race in Corporation
Do not make your large peg dilution
For all problems promotion not solution
Promotion gives status, power is illusion
There is little increase in remuneration
Once out of the circle you will feel no discrimination.

40. Marketing

Marketing always have the dream team
Even in darkest night it is head light's beam
The people are smart and smiling in nature
Company's brand everywhere they care
The toughest fight they face in lubricant sale
In front of IOCL marketing competitors are pale
When car enters the depot for fuelling
Then only IOCL's cash flow starts swelling
Marketing is the toughest job in business chain
Poor marketing means all productions will go to drain
Marketing revolves around buyer seller bonding
In energy sector Indian Oil has done best branding
In oiling marketing is the master of the game
If customer base shrinks company will give blame.

41. When I behold a girl

My heart jumps when I behold a girl
In the desert of life they are real pearl
The beauty is better than the Dal lake
Beautiful costume every day they take
Some beauty may be dull and fake
Yet with most girls I love to cut cake
Enjoy when my body beautiful girl rake
But everything me too campaign shake
Now afraid to go near password may hack
Me too may put hard earned reputation at stake.

42. Z-D Analysis

For equipment we do zero defect analysis
So that production never face any crisis
But failed to induce people's symbiosis
Zero defect necessary for better production
Without symbiosis motivation in reduction
TPM may increase productivity and efficiency
Without human satisfaction there will be defficiency
No human being is a machine without emotion
Performance will decrease if he don't get promotion
In Corporation promotions give highest satisfaction
Z-D analysis and promotion policy should be in conjunction.

43. Backbone of company

Before the cock crow in the morning
The man round about plant's surrounding
A small drop of oil leakage is painful
For reducing fuel oil loss he is dutiful
When the sun rises in the sky for a new day
Goodbye night shift, will come again he say
The company achieved its production target
But everyone in the head office will forget
For poor performance in EPMS he has no regret
He is proud to be backbone of the company
With him, self-satisfaction always accompany.

44. Pay master

The young engineer is amazed
Salary the finance manager paid
So salute him as the pay master
Finance manager has also no roster
Breakdown occurred in the factory
Working round the clock mandatory
All technical people became perplexed
Finance manager remained relaxed
Casual workers did the cleaning
Technicians engineers did all repairing
Production again came to the stream
The youngster knew who are in salary team.

45. Firefly

In the darkness of night
Firefly shows the light
Though little it is bright
Light and darkness always fight
Truth and honesty forever right
If you can't be become moon
Even then in life lot of room
Become Firefly in the dark
You will glow like a spark
Someone will find the lost path
You can sing loud at the time of bath.

46. Why drive Bullock cart?

If you are capable to fly F16 and Raffle
Why remain satisfied with Bullock cart
Jump to the runway and sit in the cockpit
Do not listen to the day to day bullshit
You know for higher achievement you are fit
Throw away the regressive force called fear
Take care of courage and confidence dear
Success and sunshine is very near
Forget about the comfort zone of life
You know you have the cutting edge of Swiss knife.

47. We are new breed of IOCan

We are the new breed of IOCan
Life is challenging yet full of fun
In the darkest night we look for star
When sun rises our milestone is not far
Always hope for the best but prepared for worst
In the hostile sea also our journey is not lost
We are not with the mindset of being in an island
We are tuned to live with the people of the mainland
As IOCan we know we are part of the society
We will contribute to the people with our own capacity.

48. Society's poison

Cast, creed and religion
All are now society's poison
They are only creating tension
About Jihadi no need to mention
In India too much of division
The result is cast base reservation
It creates too much dissatisfaction
In the name of religion social pollution
Politics, society took ugly direction
For country, humanity no dedication
Break the wall of caste-religion for solution.

49. Human Mind

Human mind is very fickle
Under pressure it easily buckle
But in worst condition it struggle
It can cross dangerous jungle
Even in worst journey it does not tumble
Mind can overcome any strip of rumble
It can withstand any type of trouble
To have a beautiful strong mind be humble.

50. Persistence and perseverance

When we are at the rock bottom in life
We can't go further down but only up
Climb, climb and climb only upward
In the darkest night look to the moon
You will find the ray of light soon
If you look to the mud you will lost path
When you fall from the racing horse
Don't wait just jump and ride again
Fear will not be able to stop your journey
When you cry seeing repeated failure
Smile wiping your eyes looking to shadow
With persistence and perseverance you will see rainbow.

51. Do good

When you are sixty plus
Your mind please flush
Good memories do brush
Bad incidents all crush
For money never rush
Hate anger always squash
Greed you should mash
Keep everyone's trust
Don't allow health to rust
Forget enemy of the past
Doing good should be thrust.

52. When shadow becomes taller

When shadow become taller than height
You have entered in the area of moonlight
No more terrible hot summer to sweat
With your sweet heart you can sing duet
No cloud burst of tear from wife to see
Wife allow you to roam with old monk free
You can talk bullshit with your old friends
No need to copycat the latest trends
The moonlight will make your hair silvery
No need to hide it from girlfriend cleverly
Like night blooming jasmine you will fall
Your shadow will no more remain tall.

53. Career

You have run very fast
Never want to be the last
Many roles you have to cast
Big hurdles remain as past
Your competitors bite dust
Many friends gathered rust
For coveted post you have lust
Upon anyone you have no trust
When you reached the high mast
Time has already become past
Then you realised life is very vast.

54. Murphy's Law

Things will go wrong if it has a chance
That is why evils always give break dance
Boss will see you when you are gossiping
He will never see you when you are working
With girlfriend wife will catch you easily
Afterwards you can't lead life happily
Good thing you have done nobody encourage
Wrong rumour no one will ever discourage
Bad religion wrong practice spread like wildfire
Society will never try to resist it with warfare
Murphy's Law is true in every walk of life
Entropy of universe always tries to rise.

55. Continuous transition

No one can change your destiny and fate
So on hard work and honesty you bet
Devote time in acquiring knowledge and skill
Toughest enemy in the world you can kill
Never join the rat race call promotion
Positive attitude is the best emotion
Alexander Napoleon can't hold position
Life is always under continuous transition
What you have, from it derive satisfaction.

56. Eat the cake

You can't eat the cake and have it too
But people are always inclined to do so
In the process they missed life's rainbow
When they become old repent in sorrow
Today is the best time you may not see tomorrow
To enjoy life if required you should borrow
If you don't eat now you have to give it to sparrow
If you only hold looking it your life's horizon will be narrow.

57. Puja and Roja

Food is more important than Puja
Cloth and shelter necessary than Roja
Religion is subordinate to basic need
Love and peace more important seed
Religion is for purification of mind
If you follow religion be always kind
Language is for communication and expression
Not a thing for quarrelling and destruction
Fusion of religion and language matter of time
In the future the world will be free from religious crime.

58. Harmony Reed

Whoever is worried for religion cast creed
Always remember they are poisonous breed
Never give them in your society any feed
They will saw hatred and violence seed
For mankind they will never do good deed
One world, one humanity is today's need
Together let us play the harmony reed.

59. Diwali

The festival of light brings joy
Enlighten people's hearts and minds
Ram returns home killing Ravana
People welcome their beloved prince
He will take care of thorn as King
The darkness will go away forever
In the Kingdom Demon Ghosts will be rare
Rule of law and natural justice will be there
No one will face exploitation and injustice
Ram spent fourteen years for natural justice
The festival of light will bring to world peace.

60. Indian Oil We the People

Unity in diversity without any nativity
People with highest order of integrity
Rule here is discipline and punctuality
That is why Indian Oil full of prosperity
People will come and people will go
They will only love but never become foe
Lot of groups and lobbies like Brahmaputra tributaries
Yet everyone is strengthening IOCL's boundaries
The Sun never sets in Indian Oil Corporation
Every moment people work for new innovation
Products are as diverse as the people
Indian Oil's anthem every employee jingle
With glorious history IOCL will always twinkle.
