1.Life is amazing

Life is amazing
 World is fascinating
 Universe is inspiring
 No need of verifying
 Do your synchronizing;
 People are diverse
 Don't try to converse
 Diversity always preserve;
 Your love everyone deserve
 Smile is your free reserve.

2.Life has given amazing power

Life is really strange and amazing
 If you search, you get everything
 With blind eyes, you will get nothing
 Newton's law truly says something
 Without action no use of waiting;
 Life has given us amazing power
 To climb up, build your own tower
 Hold tightly when there is heavy shower
 Utilise your every minute and hour
 Amazing life in world is not forever.

3.Essence of life

The purpose of life is to live
 The essence of life is to give
 To catch fish, you have to dive
 Food-shelter alone is not life
 To give dresses, you need wife;
 Wife may not appreciate your gift
 If you donate poor, you will get lift
 Charity begins at home is true
 Otherwise wife will tighten screw
 So generous people are very few.

4. Life is simple

Life is very simple
 Accompany with people
 Happiness will be triple
 Don't allow others to cripple
 Smile with your dimple;
 If you make life complex
 You will be unhappy in duplex
 Everywhere you will perplex
 Better to become simplex
 Don't have too many girlfriends Ex.

5. Talk to your inner self

We visit Church, Mosque for happiness
 But never try to remove our mind's blindness
 Seldom talk to our inner soul with kindness
 We suffer in pain and become directionless
 Without result our prayers become fruitless;
 No one can buy happiness by giving donation
 Happiness need anxiety, tension, greed dilution
 The state of mind can be altered listening inner voice
 Visit to Church, Mosque is only a temporary choice
 Even in Church, impure mind will hear distorted noise.

6. It is your life, make it

Life is full of options
 Opportunities are plenty
 Once you choose it
 It is your own life
 To achieve it lies with you;
 Successful people are few
 How to choose they knew
 Their dreams they renew
 Every day they work with idea new
 Make or break, can be done only by you.

7.Life is a beautiful song

Life is a beautiful song
 Give it your own tune
 Make it melodious
 No need to be serious
 Your song is always precious;
 If you sing your song well
 It's melody everyone will tell
 In many hearts it will ring bell
 In the world you have come for a spell
 With distorted noise don't make life hell.

8.Mistake and failure

Mistake and failure are good teacher
 It makes your performance better
 If you learn from mistake, you don't repeat
 Failure makes your experience complete
 In next attempt, you will not accept defeat;
 Life is not a three hours examination
 In the last attempt you may get appreciation
 Experience will always help for better solution
 For failure never dilute your determination
 Mistake and failure are good learning combination.

9.Don't waste your present

For past and future don't waste present
 Present is your actual moment
 Ignore all the past comment
 Think about past after retirement
 To make future better present is important;
 Present is very short and momentary
 Past will always come as complimentary
 Future is uncertain like winning lottery
 To enjoy life today hit the ball over boundary
 Beautiful will be life's journey, not quandary.

10.Arrogance

With arrogance you can't do romance
 Arrogance will reduce your performance
 From you, people will maintain distance
 Girlfriend will give you direct resistance
 In your life romance will have no existence;
 Arrogance make people unpopular
 Your life and vision may turn bipolar
 Positive attitude arrogance will hamper
 Negativity will come to you bumper
 Avoiding arrogance will make life simpler.

11.Be humble

Always be humble
 Life with ego horrible
 Everywhere to face trouble
 The ball you can't dribble
 Bitter will be your apple;
 Humble people can adjust
 With team they move fast
 Easily they can remove dust
 Their friendship always last
 Good impression they cast.

12.Retrospect

Sometimes we should retrospect
 It will make our future actions perfect
 For good decision, retrospect can impact
 We can play long without losing wicket
 No longer we will run to get a free ticket;
 Retrospect gives us valuable wisdom
 So, try to do retrospect in random
 To prevent mistake, it works like condom
 Retrospect is self-criticism for excellence
 It will help is giving better performance.

13.Refresh and renew

Not only we refresh our computer
 With time we renew our software
 Word star used to type now rare
 No hardware remains with us forever
 Once upon a time punch card was there;
 Like computer refresh and renew mind
 A beautiful new world you will easily find
 To mental virus never become kind
 Many valuable data it will erase and wind
 To sit silently, mind should be assigned.

14.Male is a dying species

Male sperm is the most inefficient thing
 To fertilize an egg, millions you must bring
 So, male is a dying species in the nature
 In history of time, male will see bleak future
 Dominance of male will be primitive culture;
 Why nature made sperm so inefficient is mystery
 In efficient things in nature always become history
 The function of male sperm in nature is secondary
 For nature egg and mother's womb is always primary
 Among millions of sperms the strongest is solitary.

15.Android

We come to world for a limited period
 Thank God, he has sent to us android
 With touch screen we can see the world
 Every information of world is in our fold
 In the new society, android is really bold;
 Without android many things will remain untold
 Many information will go to hibernation and cold
 For good reason, with android phones are sold
 For modern life smart phones are better than gold
 To people, a brave new world, android has un-fold.

16.Google

What Google does not know is not knowledge
 The superiority of Google every one acknowledge
 For all knowledge Google is now haulage
 Every information very smoothly Google manage
 In dissipation of knowledge, Google has privilege;
 Google is now teacher, doctor and above God man
 Every driver all over the world are now Google fan
 Only through Google we can now search heaven
 Google does not believe in caste, creed, religion or racism
 With monopoly, Google should not be new centre of fascism.

17.I love my smart phone

I love my smart phone
 Now I am not alone
 It is my social backbone

 Smart phone is always in cheerful mood
 With me it never behaves harsh and rude
 It helps me in every way as long battery stood.

 In a better way, your life, you can manage
 Wide will be your vision and working range
 In life you can be capable to face challenge
 Time will write about you a beautiful page.

19.Bigger problem, greater reward

Bigger the problem, greater the reward
 Resolve problems and move forward
 In every solution there is nice reward
 If you don't move, you will become coward
 Life will deprive you from all type of award;
 Hurdles are in the path to test our efficiency
 With practice, we can remove our deficiency
 Don't give up if you failed in the first attempt
 If you don't try second time, whole life you will repent
 Success and reward certainly efforts will supplement.

20.Pranab Mukherjee

Pranab Mukherjee was everyone's Dada
 In politics clear was his funda
 Instrumental for rise of Ambani empire
 To become Prime Minister was his desire
 Becoming President remained happier;
 Jewel of Indian politics for a long period
 Knows well when to use which steroid
 Yet he can never become number one
 But for others he can get it done
 In Indian politics he gave a long run;
 Bharat Ratna he got for his clever politics
 He is well versed with economic statistics
 In his home state he was never big leader
 Though in national level lots of feather
 India lost a clever and smart political thinker.

21.Welcome

Welcome guests with a smile

 With smiling welcome relationships flow.

22.You are welcome

You are welcome, my dear friend
 To welcome you, we are arranging band
 The party is organised to welcome you
 Welcome, as you are one of the invited few

 Food and drinks can't make party complete
 Someone you have to welcome with garland
 The bridegrooms are welcomed with band
 Keep your doors open to welcome friend.

 Motivational books can strengthen mind's course
 To remove mental weakness, meditation good source.

24.Happy people are fortunate

Fortunate are those who are always happy
 They can smile though the road is bumpy
 Never they allow themselves to be wimpy
 They can smile, when resources are skimpy
 They can smile though the house is dumpy;
 Happy people can give others happiness
 In others wellbeing they enjoy own success
 So, their mind never become depress
 Looking happy people society become impress
 With happy people you can always progress.

 With focus always harness;
 Ignore all negative criticism
 Some people are used to cynicism
 Foes will abuse through racism
 You can see rainbow in your prism
 Always preach for humanism.

26.Everyone can't handle

When you are in love
 Fly in the sky and above
 The full moon is so near
 Girlfriend is very dear
 No one in world you fear;
 But sometimes love is brittle
 Because human mind is fickle
 Emotion in love is not simple
 Everyone can't handle
 For some love easily buckle.

27.Worse than hunger

Religion and cancer should go together
 For them mankind is suffering forever
 Religion is devil's transmission tower
 Cancer is killing with poisonous shower
 For mankind they are worse than hunger;
 Religion will never allow peace in the world
 Cancer is killing even the brave and bold
 Brotherhood, religions failed to uphold
 For doctors, cancer is like mine of gold
 In their names some fake hope sold.

28.Be rational

Corona should make man rational
 In the name of religion don't be emotional
 God, Allah no one come forward for rescue
 We are fighting for them which is undue
 Allah, God are business for selective few;
 Pray to your god for your mental satisfaction
 No quarrel please for the religious diversification
 Christian, Muslim, Hindu no God came to save
 To wage war for non-helping father no need to be brave
 Through harmony for mankind better tomorrow we have to pave.

29.Hongkong needs freedom

From China, Hongkong needs freedom
 Giving independence will be wisdom
 China should not think agitation is random
 Forever Hongkong will not be their fiefdom
 Soon Hongkong will get joy of life seldom;
 World community should work together
 Let Hongkong become a nation forever
 Trade and business will flourish again
 The world community will immensely gain
 The Chinese virus will break its chain.

30. Suppression of Hongkong is wrong

Let's work for freedom of Hongkong
 People of Hongkong waited for long
 We have to make movement strong
 To support fight become one among
 Suppression of Hongkong is wrong;
 China is torturing innocent people
 The demand of Hongkong is simple
 Spirit of people China is trying to cripple
 Support for Hongkong let's make triple
 China must be forced to become humble.

31. Moral support

Moral support in distress is value less
 It will never help to overcome the mess
 Moral support never removes financial stress
 Rather for a penny you should press
 Better help if someone gives a dress;
 Moral support is like crocodile tears
 It will not support to reduce your fears
 You, yourself have to change your gears
 Moral supporters are selfish coward
 In their problems do give any reward.

32. Primary Teacher

O' thy worshipful soul
 You made me whole
 In my life you have role
 Today I may be very tall
 But on your feet, I will fall;
 When I was too small
 You responded my call
 Even you played ball
 Pulled me when I fall
 For me you are above all.

33.Thank you, Teacher on Teacher's Day

In the journey of life
 Some teachers we remember
 They remain in heart forever
 We forgot many things they taught
 But we carry good teachers thought;
 Good teacher is like an angel
 The angel who was kind to Cinderella
 He/she can change our life for better
 In life we can think to achieve higher
 We never forget him even after retire;
 An ideal teacher is impartial to pupil
 He is not rude but always compatible
 In class he creates laugh and ripple
 Every question he can easily dribble
 Red card rarely uses even students' trouble;
 A good teacher not only teach
 But what he says, always preach
 He is friendly and easy to reach
 A selfless friend in the time of need
 Make us good human through his deed.

34.Good students respect teachers

Respect to teachers is sign of good student
 With good will teachers' compliment
 In problem, teachers will always supplement
 Teachers dislike cheating in the examination
 They encourage students to give his own solution;
 With father, mother, sister, friends and brother
 The home teacher also become extended family member
 Sometimes the role of good teacher is greater
 Those who don't respect teachers will see failure
 With respect to teachers and study, success is sure.

35.Saffron

The colour of courage and confidence
 Symbol for not to take failure as precedence
 Saffron colour is bright and beautiful all the time
 Wearing saffron dress is not at all a crime
 In Hinduism saffron colour is always prime;
 Saffron colour keeps our mind cheerful
 To any danger we don't become fearful
 The colour gives peace even if situation is tearful
 So, saffron is at the top of India's National flag
 Nonviolence and brotherhood are also in saffron bag.

36.Free meal is bad economics

When government give free food
 For economy it is not at all good
 It changes people's working mood
 On their foot no poor will stood
 If not given free, they will be rude;
 Sometimes subsidy is necessary
 But in the long run it is reactionary
 Empowerment of poor is more important
 Forever free meal is economic deterrent
 Interest free working capital is sufficient.

37.The idiot box

The idiot box is trying to be intelligent
 But activities are same foolish diligent
 Talk shows proves the box is really idiot
 Trying to make people fool is the box's pivot
 Always biased and motivated the box's report;
 Entertainment is becoming day by day low
 Though the box is maintaining its flow
 Because of falsehood idiot box losing glow
 For the box, social media is now a big blow
 Because of own fault the box is now hollow.

38.Indus valley civilization

Three thousand years before Christ was born
 The Indus valley civilization has grown
 When people in many parts of world were nomadic
 The urbanisation of Indus valley was scientific
 Existence of Mohenjo-Daro and Harappa is historic;
 When the world was still in the clutches of darkness
 Copper coin of Indus valley glow in brightness
 The script of Indus valley is still mystery and un-deciphered
 For drainage systems the people of the valley bothered
 As one of the earliest civilizations, Indus valley is remembered.

 Spreading of knowledge is civilization
 ICT is civilization
 War is not civilization
 Peaceful living is civilization
 Civilization means improving quality of life
 For a better new world mankind must strive.
 (ICT: Information Communication Technology)

40.Weakness

Don't think you are weak
 If you think so, future is bleak
 Everyone will try to kick
 All your energy will leak
 You will never reach peak;
 Weakness is death
 You die without wealth
 Miserable will be health
 Boldness is better life
 Courage will strive.

41.Recognise others good qualities

Recognise good qualities in others
 Appreciate them like your own brothers
 But don't hide bad qualities like mothers
 Mention them like responsible fathers
 In their success you will find pleasures;
 Don't measure everyone with same yardstick
 All women never like the same colour lipstick
 Every house is not made of the same brick
 Everyone in life will not climb the same peak
 Recognising people as they are is a helpful trick.

42.Forgive leg puller

When someone pulled my leg
 I always put on him a mercy tag
 Never I carry the revenge bag
 When someone stab me on my back
 I forgive him and asked to pack;
 Leg puller taught you to be cautious
 But back stabbers are very dangerous
 The mindset of bac stabber is spurious
 So, to back stabber be serious
 Never allow them within your radius.

43.Love and sex

Love without sex is pure
 For mother's love be sure
 When love end in sex
 In the long run it is vex
 It will burn like candle wax;
 Sex without love is prostitution
 It is only momentary physical solution
 Sex with love is better combination
 So, sex is also known as love making
 Through love and sex exists human being.

44.Is age just a number?

People say age is just a number
 But after sixty you are bad climber
 In cricket no one wish them as runner
 People always prefer young drummer
 Though aged are better in grammar;
 Mental age always remains young
 But body of young people are strong
 Experience of old people are long
 So, they can avoid doing wrong
 Youngster can sing better song;
 Age has two sides, mental and physical
 When both are in peak, people are practical
 Nascent oxygen can do action miracle
 But when stored it becomes simple
 The physical side of life age always cripple.

45.Accept your mistake

China is not accepting their mistake
 Rather, they are trying to dictate
 The world economy is in quandary
 China is diverting focus for boundary
 For their mistake lot of people are hungry;
 We have made a mistake, China should accept
 For their falsehood, one day they will regret
 Now nowhere in world China will get red carpet
 From China many companies are buying return ticket
 A small mistake of China emptied their own bucket.

46.Covid19 is without cure

The air was already impure
 Corona now made it sure
 Till now Covid19 has no cure
 Contamination masks can secure
 Vaccine no one can assure;
 Pollution now becomes secondary
 To save life from Corona is primary
 School, college everything tertiary
 Fear and uncertainty everywhere visible
 Economy, Corona has come to cripple.

47.Decay

Everything in the world decay
 I am constant no one can say
 Decay and time move in tandem
 Nature destroy things in random
 Future is not in decay's fiefdom;
 With decaying the bold become old
 Free from decay not even pure gold
 The beautiful youth no one can hold
 To slow down decay, aging creams are sold
 But only with decay life in world unfold.

48. God can't see our misery and pain

Allah is dumb, deaf and blind
 Our misery and pain he can't find
 So, most of the time he is unkind
 Through prayer, we have to remind
 Though God is capable to read mind;
 We have to use loudspeaker for him
 Light candles for heat and light beam
 Yet God's voice no one has heard
 Declaring as prophet some become smart
 They say to our prayers God is always alert.

49. Mind need exercise

Mind also need healthy food
 For us exercise of mind is good
 Positive thoughts are good for mind
 Through it, creative thinking you can find
 For mind, good books are always kind;
 Cleaning of mind is also necessary
 Throwing hate and jealousy is primary
 Greed is a dirty stain difficult to remove
 But looking to to poor, you can dissolve
 All our problems, healthy mind can solve.

50. Hesitation

Never perform jobs with hesitation
 It will create unnecessary confusion
 Vulnerable will be your own position
 Always work with will and determination
 For every problem you will find solution;
 Hesitation slow down our day to day progress
 In the long run we can't achieve our goals and success
 Hesitation is always detrimental in business
 With hesitation we fail to maintain persistence
 Towards success, hesitation gives big resistance.

51. In the greed for money and power

In the greed for money and power
 Own integrity people lower
 Demolish his honest tower
 Become falsehood whistle blower
 But can't avoid fall down however;
 When power failed to give happiness
 They cry alone in pain and distress
 Power can't bring back honesty back
 Forever their integrity people will pack
 Even with money, difficult will be life's track.

52. Time is not reliable now

Time is not at all reliable now
 I am alive today, thank you God
 Tomorrow will come as usual
 But I may not be here to see it
 Uncertainty is now at the peak;
 Today is mine, because I am fine
 So, I will sing, dance and dine
 Though I can't invite you for wine
 I pray, tomorrow also you shine
 This year very good is growth of vine;
 We may not meet again to hug
 Time may pull from our feet the rug
 My grave someone might have dug
 Don't forget to call me in the evening
 No guarantee, I will call you next morning.

53.I may not see your smile again

I don't know, I will see your smile again
 All throughout the night there is heavy rain
 Maintaining distance is now lifeguard main
 To avoid meeting each other please train
 Any moment we may fall in the deadly drain;
 You are in my next door; I feel as usual
 Though our meetings were very casual
 I feel your presence through your smile
 Under the mask now you may be hostile
 I have lost my job and smile; it is now fragile.

54.Caste system is another form of racism

Symbol of caste people proudly show
 Against caste system they never say no
 So, the reforms in India is very slow
 But with reservation they dislike to go
 To express superiority symbol has to bow;
 Caste system is stumbling block to unity
 For their own caste people show solidarity
 In modern time caste system is liability
 The orthodox rituals are only stupidity
 A symbolic thread will not give superiority.

55.God Man

All God men are living devil
 For society they are big evil
 They are nasty fraud and thief
 Their words never try to believe
 Deceiving people, money they receive;
 God men are ordinary notorious man
 So, if you have sense, don't be their fan
 Motive of God men is to earn easy money
 In the name of God, they eat sweet honey
 Educated people worshipping them is funny.

56.My lol

I miss you; I miss you
 You are among selected few
 Now I can't hug and kiss you
 Regarding you, I have good view
 But Corona is my beloved new;
 For fear of Corona, I am avoiding all
 My new beloved if strong and tall
 To everyone I love you she call
 In her love old and young all fall
 I will not allow her to enter your hall;
 Though Corona is very, very small
 She can play all types of ball
 Her hiding place can be even a doll
 In abundance available in shopping mall
 I am avoiding you to save from her my lol.

57.Society likes uniform conduct

Society likes conduct uniform
 If you differ, people say you are deform
 Uniformity is law of the society
 Nature always like diversity
 If you think differently, they question integrity;
 To think differently is your unique identity
 You have the imagination to think differently
 Today majority of people may not accept socially
 But never give up to think differently and logically.

58.I am not feeling good

I am feeling not good
 Only job is eating food
 To seniors God is rude
 All of us are in bad mood;
 Social gatherings Corona uproot
 Lifestyle forced to reboot
 No need to polish our boot
 Outside home Corona can shoot
 Very deep is now Corona's root.

59.If you are influential

If you are influential
 Don't be judgmental
 Keep your view confidential
 People will say, it is political
 Listen others also to be social;
 Judgemental people are intolerant
 They start quarrel at any moment
 Don't realise, their view is not permanent
 Listening others will always supplement
 Respect those, who give views independent.

60.Builders of Nation

Engineers are builders of a nation
 Without electricity no ration
 No textile mills, no fashion
 If water stops, lot of tension
 Communication is now vision;
 Fire, wheel, computer engineering invention
 Engineer always gives us better solution
 To do things better is engineers' resolution
 Civilization moves on engineering and technology
 Development of modern world is engineer's chronology.

61. Don't try to see problems everywhere

When you see problems everywhere
You can't move forward to anywhere
Instead looking for problems as excuse
Solve problems one by one and reduce
Accumulation of problems make it huge;
When you solve problem, you gain experience
With experience you can overcome all hindrance
Sometimes to solve problem you need persistence
Solving more and more problems will give you excellence
For success in life you will easily overcome all resistance.

62. Technology for better tomorrow

Technology is for better tomorrow
Don't use technology for sorrow
Vision of technology is not narrow
Without discrimination it allows to borrow
Always move forward technology's arrow;

For human problems it gives solution
Hiroshima is blunder and aberration
Technology is not for humanity's humiliation.
