1. Give and take

Give and take, give and take
Your progress you can make
Without giving you can't bake
Rationality, fair play is fake
Give, people will come to lake;
Give and take is law of nature
So, it is not a negative culture
Every action has opposite reaction
By giving, you can expect action
Give and take should be in rotation.

2. Give and take is like third law of motion

Every action has equal and opposite reaction
Habit of give and take always keep in motion
For survival in world, don't forget it till cremation
Without give and take some problems have no solution
In life give and take will help you to control tension;
When you give, you draw others attention
To be friendly, you will get quick permission
So, to the habitat of give and take show no hesitation
For success in life, give and take is a good combination
Without giving if you only take, you will lose the direction
Apply the trick of give and take in life with determination.

3. Give and take part of the game

Every rung in the ladder takes our weight
But to say thank you we always forget
If you don't give, one day you will regret
You will miss you path, goal and regret
Even to get love, you must care your pet;
In give and take there is no shame
It is part of our family life's game
In society without giving you are lame
You are foolish, if you try to tame
For your failure, you yourself to blame.

4. Permutation-combination

When to pray God, we give him respect
In return something we always expect
At least our expectation is better prospect
Our give and take attitude we never distract
From our mindset give and take we can't subtract;
God also follow his universal laws of motion
Realising it, to temples people give good donation
By giving, they want to take own problem's solution
The universe exists only through universal gravitation
For success, give and take is the only permutation-combination.

5. Simple living

Simple living can make life easy going
Small thing you get become satisfying
A little progress can make you smiling
For failures you will not start crying
In greed and hunger, you are not dying;
Simple living will not lower your dignity
But peace and happiness will be in vicinity
Never in life you will try to sale your integrity
With truth you will be capable to stand with solidarity
Simple living will strengthen your honesty.

6. Dream big

Always dream very big
To get gold we must did
It's not easy like wearing a wig
But it should not be like pig
No liquid gold without rig;
For success dreams are important
But planning is more significant
To make it real you must be prudent
Every small step is pertinent
Without work it dream will become silent.

7.If you can't travel to the moon

If you can't travel to the moon
Visit great wall in China soon
Look at the sky on full moon night
From moon also great wall is bright
Enjoy as if now you're on moon right;
If you can't swim across the Pacific Ocean
Swim across the channel in summer season
To show your capability this can be a reason
When you are angry, do show your emotion
Silence will always give you better solution;
If you can't climb a tall tree in the forest
Look to the birds from the homely resort
You will enjoy the singing of the parrot
During travel if you lose your passport
To the nearest police station quickly report;
If you can't drive a motor car of your choice
Higher a vehicle for the journey and rejoice
The food in a five-star hotel is also same
Eating on roadside don't think you're lame
For your unhappy thoughts, no one is to blame;
To enjoy life, always no need to have the best
When tired of work, any bed comfortable to rest
A hungry stomach doesn't bother for good taste
Thank God for the beautiful things he has given
Enjoy with it today, tomorrow is always uncertain.

8.I am nothing

In the universe, I am nothing
Every moment life is diminishing
Only for some time I am shining
With family and friends smiling
To welcome grave is silently waiting;
In the world we are like a soap bubble
To live longer always struggle
But in a moment, we may tumble
So, in life always be nice and humble
Even in a bubble, rainbow is visible.

9.Superiority complex breeds ego

Superiority complex breeds ego
To respect others feeling we forgo
Ego is always a down fall logo
Achievements will become long time ago
As if you lost road in jungles of Congo;
Ego and superiority complex destroy man
People quickly lost all well-wishers and fan
With ego no one can accept his mistake
To repeat it superiority complex will dictate
Soon you will be in the arrogance basket;
Never insult anyone as inferior creature
Everyone has unique purpose in nature
In life superiority complex is bad culture
Life's beautiful journey it can puncture
Superiority complex and ego spoils dossier.

10.Inferiority complex push to jealousy

Inferiority complex make us jealous
In life jealousy is always hazardous
Jealousy can breed hate story dangerous
It will spoil your happiness precious
To stop inferiority complex be serious;
You are not inferior to anybody else
Comparisons can worse your case
Always strengthen your own base
With confidence, your goal you chase
Ignore with smile, if someone try to tease.

11.Soul

Body, mind, knowledge and wisdom
All together is the soul's kingdom
Without soul life has no real value
Where the soul exists, no one has clue
But respect every soul and give his due;
You can't separate soul from your life
Soul is always like an inseparable wife
No one can kill your soul with sharp knife
soul is our real identity immortal, infinite
Listen to your soul, life will fly like kite.

12.IK IK Syndrome

I know, I know is hindrance to learning
You will be busy only in money earning
Learning is a continuous process
Only learn and unlearn can give success
To know new things with others, discuss;
In learning IK IK syndrome is big hindrance
To be a good learner, one needs persistence
In acquiring knowledge, I know gives resistance
With IK IK syndrome failure is not a coincidence
To acquire knowledge, keep IK IK syndrome at distance.

13.Praise

Some one's good job always praise
If he is wrong, your voice you must raise
Support friends during their bad days
Accompany them, when bills they pays
Praising others will bring for you good rays;
Appreciating others is a good quality
But it should be done with sincerity
Praising for vested interest lower integrity
When you praise, show with him solidarity
Always praise from heart and with dignity.

14.Impartiality

Impartiality is always myth
Partiality is everywhere right
Our own religion is very bright
For our caste he will fight
To our village he will show light;
For our children we do partiality
With wife we show blind solidarity
We are partial even in our charity
Nations are not fiefdom of equality
Partiality is universal truth and reality.

15.If you are a gay

If you are a gay
For you night is day
Different is your way
You don't see nature's ray
Dislike to swim in the bay;
Nature made you unnatural
To your own gene you are cruel
You don't want to make it plural
Your gene can't go to your funeral
In society you are like the vowel.

16.Lesbianism

Lesbians rights are now legally protected
From society they can't be legally ejected
In some societies they are still rejected
People insult them when they are detected
With same sex marriage society is infected;
Psychiatrist say, lesbians not unnatural
There are some lesbians who play duel
But to lesbians many people are cruel
Many lesbians are successful jewel
Yet in the nature lesbianism not natural.

17.Control your mind

Control your fickle mind
Destination you will find
Uncontrolled mind is unkind
Any direction it flies with wind
Learn, how your mind you can bind;
Uncontrolled mind is speeding car
It can't travel safely very far
Any moment it can make accident
So, controlling though is important
Who can't control mind, are ignorant.

18.Choose good companion for success

If you wish to be a champion
Always choose good companion
Friends influence with their opinion
Bad companion will do goal distortion
With them, you will take wrong direction;
Good companion motivates to achieve goal
Through team spirit they inspire your soul
They will pull you whenever you fall
During sadness, they will certainly call
In success, friend's contribution is not small.

19.Avoid negative people

When you avoid negative people
Your life becomes easy and simple
Every move you need not dribble
You can avoid too many trouble
With negative though you don't cripple;
Avoid negative people for success
Every morning you will see progress
Your mind's garden will be full of roses
You will be determined to fulfil wishes
Soon you will be at top with new dresses.

20.You will not live here forever

Majority of people think they will not die
In the journey of life to everyone they lie
To amassing money, wealth they always try
In the world of greed, falsehood they fly
But when the end comes, they loudly cry;
Death is ultimate truth we must remember
We are not going to stay in world forever
Today's king, tomorrow may become beggar
So, your money and wealth for good cause share
In the last journey, people will give respect rare.

21.In the midnight

In the darkest midnight
In the soft bed everything is right
Hard battle two souls' fight

Nothing is indecent in the bed
The surrounding is already dead
With emotions faces become red
For future life, eggs should be laid
To fertilize male-female union is made.

22.Root cause of India's problems

Root cause is population explosion
With it we can't find any solution
Poverty will remain as India's humiliation
There will not be control of pollution
The nation needs child birth restriction;
Flood, unemployment all are secondary
Population control in India is primary
Development will remain as tantalus cup
To become developed nation, we can't jump
For India population is cancerous lump.

23.To weak, nature don't care

The life in earth is not fair
So, our wealth we don't share
To weak, nature don't care

Everyday weaker species diminish
In hostile we have to fill our dish
No one wishes, his life should extinguish.

24.The road ahead

The road ahead is not to afraid Corona
The WHO protocol has lot of lacuna
The time is now to learn self defence
Herd immunity will fight the offence

All bans, restrictions should be lifted
To us, our old good days should be gifted
No new protocol should be drafted
New lockdown must be resisted
Fear psychosis from society to be evicted.

25.Let's cheer

O' my friend dear
For Corona don't fear
Again, move on top gear
The road ahead is clear
No need to look rear;
The past doesn't need repair
Future is very near
Enjoy sweet pear
With friends' drink beer
Together let's cheer.

26.For our loss no one will regret

One day in future people will forget
For our loss no one will regret

Time has put barrier and picket
We all are bound to listen dictate
Whole humanity is now necked
Soon the time will change and rotate
But by that time empty will be our basket.

27.Life is not virtual

Life is not virtual

Living is time pass only
Better live life really.

Mental health is equally important
For life body and mind both pertinent
When body and mind you synchronise
In the morning confidently you can rise
When mental health is good, you are wise;
Celebrate world mental health day
To the mentally ill distribute hope and ray
Don't ignore depression of your mind
Discuss with doctor, solution you will find
To the mentally retreated always be kind.

29.Still scope to make life better

And life flows like this
Epidemic, pandemic
Flood, earthquake
Volcano and tsunami
But never stopped for a moment
Civilization move on with faster speed
Fire, wheel, electricity and computer
All the discoveries to make life better
The wars failed to stop the moment
Celeron, Pentium, dual processor
Moving in tandem with expanding universe
Every setback mankind faced with courage
Yet poverty is still throughout the globe
Hungry people are forced to move
Discrimination, racial or gender
Still roam in the society together
However, in the graveyard same cry
Reality is that one day everyone will die
By instinct life and death will flow forever
There is still scope to make world better.

30.Our lifestyle has changed

Happy at our lifestyle change
Husband-wife together we manage
We may be confined in two rooms cage
But wild geese we need not chase

In life that was a different page
Beauty of those days now we can gauge
The time has forced us to a new phase
In the family life we are feeling amaze.

31.Be bold to withstand pressure

If you can withstand the pressure
You are capable to find treasure
Your efforts time will rightly measure
Success will give you enough pleasure
Beautiful life you will enjoy in leisure;
Pressure helps rice to boil quickly
The pressure of of work deal smartly
In life problems will always be in plenty
Play it like the cricket match of county
Never allow pressure to make mind dirty;
Pressure change coal into diamond
But diamond is not everywhere found
Coal has to withstand pressure around
Then only as diamond coal is crowned
Only on time, pressure cooker makes sound.

32.Part of humanity

Religion, politics are part of humanity
Without mankind they don't have identity
With mankind they must go with solidarity
So, goal of religion, politics must be unity
Tolerance needed to accept the diversity;
Without human values world is animal kingdom
Survival of fittest will rule the earth's fiefdom
No need of society, law because of absolute freedom
Killing others for survival will be only wisdom
Requirement of religion, politics will be seldom.

33. Departure of friend is painful

Departure of a friend is always painful
The time we spend with him was joyful
To take our care good friends are careful
Best friends remain in heart and respectful
Forgetting the help of friends is sinful;
Friends will come and friends will go
Your hospitality to friend today please do
Tomorrow he may be busy and say no
Circumstance may made him your foe
To cruel death, without meeting he may bow.

34. Take care of old friendship today

Today take care of your friend
Tomorrow maybe you're the-end
A gratitude message today send
Put forward your helping hand

The small difference today please forget
Smile with him and play friendly cricket
To join broken friendship today is target.

35. Friends can make life comedy

Not having good friend is tragedy
Only friends can make our life comedy

Your good qualities to others they say.

Passport, visa failed to stop movement
One world needed for civilization's improvement.

With smile starts next day's counting
Quietly ignore husband's shouting
Every morning they start survival fighting;
Move to paddy field after household work
For road construction break hard rock
But their education the rural society lock
During old age their boats hit the dock
Totally deprived is rural women flock.

The batsman only knew how difficult was the ball
But from galleries it is easy to give experts call
In comparison to sympathy, empathy is very tall.
