1.Mask

On road don't inhale dust
 Wear your designer mask
 Though it is a difficult task
 Otherwise in hospital fast
 Even in coffin you may rust;
 On your masks keep trust
 Only it should be robust
 After wash it should last
 Wait till Corona can be cast
 For your safety mask is must.

2.Redefine life

Life needs to be redefined
 To analyse memories rewind
 Look at the strained relations
 With rationality find solutions
 It is easy with ego extinctions;
 Re energise all old friendship
 Establish new relationship
 Throw away hate and anger
 With a smile cross the barrier
 Life will be certainly merrier;
 Social distancing is terrible
 Soon handshake will be permissible
 Get together again will be possible
 Kiss and hugs will be more lovable
 All the hindrance are temporary trouble.

3.Is social distancing really lifesaving?

What next, scientists are not saying
 With crude hand wash we are trying
 In lockdown world economy is dying
 On streets jobless labourers are crying
 Is social distancing really lifesaving?
 Prevention is better option good to hear
 But economies lockdown can easily tear
 In stock markets already entered the bear
 Mutual funds are now no more dear
 To invest money for future people will fear.

4.Learn to cohabiting

The fear is slowly diminishing
 People's understanding is increasing
 Some couples already started dating
 Soon people will also start socialising
 To go for normal life people are realising;
 But we have to continue hand washing
 Also, will be necessary social distancing
 Better to use face mask in marketing
 Sanitize hands after outdoor job executing
 With Corona we must learn for cohabiting.

5.Important matter

Bread and butter
 Important matter
 Can't push for later
 First throw hunger
 Become merrier;
 Lockdown is rare
 Do daily prayer
 Take health's care
 Love you share
 Play your guitar.

6.Hope when things are odd

There is always a ray of hope
 But present pain you have to cope
 With defeat no need to elope
 Tightly hold on the faith rope
 Soon will end downhill slope;
 Hope give courage and confidence
 Move ahead with persistence
 You will overcome all resistance
 Hope is always omnipotence
 Almighty's help is coincidence.

7.Book will survive

Book will survive
 It will again revive
 Soon book will strive
 New titles will arrive
 New culture will derive;
 Books are always good
 For millions mental food
 Corona slaughter it will stood
 Again book will raise it's hood
 People are now in reading mood.

8.Digital marketing

Marketing will be fully digital
 Reason for it not political
 We will not remain social
 Now is the stage initial
 Reach of marketing will be global;
 Newspaper ad will go down
 Circulation will be limited in town
 No more reading wearing gown
 Market share of hoarding will be brown
 Digital media will wear the crown.

9. Reading books enlighten mind

Reading books enlighten mind
 Everywhere in world you can find
 To disadvantaged also it is kind
 Books can be read even by blind
 Books are also very easy to rewind;
 Reading books is not stressful
 To eyes also books are not harmful
 Get up and cover pages are beautiful
 Travelling world through book is wonderful
 If book vanishes for us it will be shameful.

10.If you fall down now

If you fall down now
 Nobody will come to lift
 Social distancing is made rift
 It is now direction fifth
 So, on road don't walk swift;
 People not only fear to hug
 Distancing is now a new bug
 Grave of socialising it has dug
 Social gatherings we have to tug
 Till then play with your puppy pug.

11.Corona's gimmick

Don't allow Corona to make us insensitive
 For social life it will be very destructive
 Continue old values and be constructive
 As individual one cannot be productive
 Together only human become competitive;
 Social fall out will be dangerous than economic
 It will be worse than gender inequality of Islamic
 Soon world will be free from Corona pandemic
 So no need to destroy the relationships harmonic
 Trying to destroy social life is Corona's worst gimmick.

12. Don't expect funeral procession

Don't expect funeral procession
 World is under Corona recession
 Priest are unwilling to take commission
 No friends to make cremation provision
 All religious rituals are under dilution;
 Accept the brutal truth that we die alone
 In graveyard no one may be to mourn
 Departure is now a painful experience
 Immediately after death no existence
 Only way now is to pray and have patience.

13. This is called life

This is called life
 Even temporary is wife
 Above head hanging knife
 Everywhere death is rife
 Play your tune on fife;
 Life is always uncertain
 So use what you gain
 To mind containment train
 Any moment may come pain
 No way to break the chain.

14. Today is a good day

Good days will come
 But it will take time
 So accept present as fine
 Drink your favourite wine
 My time is now totally mine;
 Today is also good
 I am in cheerful mood
 Eating home-made food
 Wife is not at all rude
 Enjoy today as much you could.

15. Self-help is now best help

Self-help is best help
 Always think first for self
 Alone play the game golf
 Your plight people think bluff
 In bank keep sufficient stuff;
 To others don't be helpful and kind
 To avoid you, excuse they will find
 To others problem always blind
 Don't keep a soft and sensitive mind
 To help others with them never aligned.

16. Time to be selfish

This is the time to be selfish
 Else your bank balance will diminish
 Let your image tarnish
 Try not to infect and vanish
 Aim should be not to perish;
 Being selfish is now necessary
 You will not get food complimentary
 Situation forces to live solitary
 To save life in now task primary
 What other thinks is secondary.

17. Once upon a time

In a planet once upon a time
 Life was smooth and fine
 Together friends used to dine
 In get together parties they wine
 Children used to play in sunshine;
 All of a sudden everything changed
 From home everything to be managed
 Going outside is totally discouraged
 All human beings are for long caged
 The social fabric of the planet is ravaged.

18. Best friend now

Dog and books are now best friend
 Staying inside home is the new trend
 Their friendship nothing can bend
 To them money need not to be lend
 So friendship will never become bend;
 Dog and books will never leave you alone
 Till the last journey you can listen their tone
 To quarrel they will never blow their horn
 On your death till last day dog will mourn
 In loneliness one day the books will worn.

19. We had a satisfied life

Within a boundary was our childhood
 But the freedom and friends were good
 In small shops not available junk food
 On the greenery we ran in cheerful mood
 Used to swim on ponds being nude;
 Ten kilometres was the radius maximum
 Yet life's necessity was available in optimum
 For branded products no need to pay premium
 The most popular musical instrument was harmonium
 We were always satisfied with the life's bare minimum.

20. Globalization

Internet proved globalization is good
 Corona now totally changed our mood
 Never thought globalization will be rude
 Life was better on foot and being crude
 For young one totally changed childhood;
 Globalization is now double edged knife
 It can go wrong any moment like wife
 Time to think about paradigm shift in life
 We have to go back to simple living type
 achievement of globalization Corona wipe.

21.He has to follow expert

Modi may also do wrong
 His integrity is strong
 The journey is long
 He never sing a song
 But can play ping pong;
 He has to follow expert
 Accordingly decision impart
 Got feedback after implement
 Sometimes necessary to supplement
 In all issues one man is not competent.

22.For virus world is native place

For virus also the world is native place
 They are survivor of a long race
 The arrival of man in world is new case
 Viruses adopt with nature in better pace
 So, in the world they build a strong base;
 In the battle for survival virus has advantage
 In numbers human race is in smaller percentage
 Humans have knowledge, technology and courage
 But virus can multiply in millions like conquering savage
 In the battle for survival human are in disadvantage.

23.Animals are selfish by nature

All animals are selfish by nature
 The reason for it is hunger
 Only exception is mother
 They think for offspring rather
 Greed forced man to do blunder;
 There is sufficient food to meet need
 Forests are destroyed due to man's greed
 From forest animals used to get enough feed
 Destruction of ecology is mankind's misdeed
 Will Corona be able to spread cohabitation seed?

24. Life will now be a remix

Life will now be a remix
 You generation has to fix
 Quickly they have to hit six
 Must take calculated risk
 There will be activities brisk;
 Values and technology will mix
 DJ will play new generation disk
 After winter spring will come as usual
 For society there will be new manual
 Man will again become an animal social.

25. Snake and ladder

Civilization move up like snake and ladder
 After every fall, it try to perform better
 One step, two steps and sometimes jump
 Always try to avoid the snakes bump
 Yet sometimes to bottom it is dump;
 History says there was no smooth sailing
 Civilization rose up every time after falling
 It quickly always starts upward rolling
 From every disaster mankind gain experience
 So, when cloud goes, civilization overcome all resistance.

26. Life has become a puppet show

Life has become a puppet show
 Freely we cannot move and go
 The spirit of freedom is low
 The string is in someone's hand
 Our movement as he planned;
 Hand shake is totally forbidden
 No one can be hugged all of a sudden
 Going near to friends is now burden
 Gap between people has become widen
 The enemy is dangerous than Laden.

27. Temporary hibernation

Lockdown is forced shutdown
 Movements are restricted in own town
 We are now happy with home gown
 Still love to eat if the bread is brown
 Indomitable spirit is not at all down;
 The hibernation is a temporary phase
 From our memory soon it will erase
 Our goals again we will start to chase
 Stronger will be our foundation and base
 In future mankind's misery will be less.

28. Books never becomes old

If knowledge is power
 Books transmission tower
 Now readers maybe fewer
 Spreading knowledge however
 To mankind books will always shower;
 Books never becomes old
 It is made of pure gold
 For generations it can be sold
 Collectors can always hold
 Books are still brave and bold.

29. Hesitation

Don't hesitate to accept change
 New situation will be easy to manage
 Hesitation will stop your movement
 You will lose opportunity of improvement
 The loss of valuable time is permanent;
 Hesitation is not a positive attitude
 It will narrow your progress and longitude
 Hesitation discourage virtue of gratitude
 Narrow will be your horizons magnitude
 Throw away hesitation and avoid solitude.

30. Use your wealth and cheer

All your material gain will stay here
 Nothing will go with you to there
 So, use your wealth to cheer
 Only your pain will go you
 Smile and change your life's view;
 Memory of love will be last companion
 Habit of generosity will make you champion
 Nobody will remember your pain
 With kind heart for last journey you will gain
 Love, respect all are reciprocal reaction in chain.

31. When you break your parents' heart

When you break your parents heart
 Don't think that you have done smart
 Soon you will see that downfall start
 Misfortune will become life's part
 In ditch may fall your life's beautiful cart;
 In a single day you may not realize
 But to face it your mind sensitize
 Don't think you will escape being globalize
 One day repentance will come to sanitize
 Till death action and reaction will tantalize.

32. Poetry is intoxicating

Poetry is intoxicating
 Everyone can't taste
 It is the art best
 Under its shadow rest
 Soul will get a nest;
 It is flow from heart
 Life's invisible part
 It cleanses mind's dirt
 It can also flirt
 Enjoy your own art.

33.Relationships are fragile

Relationships are so fragile
 Any moment it can be hostile
 Mind becomes quickly agile
 Sometimes go away like missile
 Really relationships are volatile;
 Harmonious relationship is art
 With a smile you can easily start
 But any moment it can become blurt
 Self-esteem or ego once hurt
 No patch up even with best flirt.

34.Husband and wife

Wives are always angry
 To scold anytime hungry
 For all action has a query
 Like to listen own glory
 But will never say sorry;
 Wives think they are always right
 They will use all their might
 Husbands take it as light
 Try to avoid unnecessary fight
 So that wife's face remain bright.

35.Good and bad

Good and bad are two sides of the coin
 Happiness comes if perfectly we can join
 Without bad good has no existence
 To triumph over there will be no resistance
 To achieve good there will be no persistence;
 Without winter there will be no joy in spring and summer
 You can't break the stone wall without a hummer
 Because of bad we know that good is road to light
 For making a better world continuously we fight
 Comparing with bad quickly we realise that good is right.

36.Broom

Basically, used to clean room
 A unique tool called broom
 After marriage used to tame groom
 Mother in law taught how to use it
 In married life how it can be fit;
 In family life broom is important part
 Broom represents cleanliness and dirt
 Once in hand, women become smart
 With her, quarrel never you start
 If argument peaks, you may be hurt.

37.No one will understand you

In life no one will understand you
 Your view will listen by only few
 All your emotions people will chew
 They will never try to realize your view
 Better accept life is a lonely queue;
 No one will give balm on your pain
 Even in pain people will see own gain
 To move alone your mind always train
 You can then walk even in heavy rain
 If you fall down, alone stand up again.

38.I can't become a yes man

I can't become a yes man
 So, I am not hard-core fan
 My best companion is pen
 Though I have limited yen
 Always try to achieve zen;
 Never I am jealous of any one
 Don't conspire to leg pull none
 Many people with me not fine
 Yet with them silently I dine
 Always follow philosophy mine.

39.Success eluded me

I couldn't become a good son
 So, in world in vane is my born
 I couldn't become a good husband
 My life has so become an island
 Now I can't go back and rewind;
 I couldn't become a good father
 Though I have faced many thunder
 I remain as an unsuccessful learner
 Whole life I have to play as runner
 Life has now become a hot burner.

40.What is success?

For a man success is wife with children
 Without car and house life will be burden
 When you have good earnings to take care
 Life will always be full of happiness and fair
 If you can't give smartphone success is rare;
 For common man wife, home, car, children are enough
 But without cashflow life will always be tough
 Unless you meet family's demand, success is rough
 Very few will be Zuckerberg, Modi, Trump or Bill
 Many successes story family pressure easily kill.

41.Twenty feet will be tough

Lockdown is already half
 Now six feet is not enough
 Twenty feet will be tough
 Life's journey will be rough
 People will be forced to cough
 Society will be permanently dwarf;
 Vaccine is the only solution
 Distancing will see dilution
 Mask and wash better combination
 Scientists give us new innovation
 We will follow with full determination.

42. Bald man

No one likes to become bald
 Looking at him girls are not glad
 Quickly bald man resembles dad
 So, quickly bald man becomes sad
 Some bald use wigs as their pad;
 If you are bald no need to be mad
 Your head colour will never fade
 For you barbers are forever dead
 You should be proud of hereditary head
 In your clan, next generation you can add.

43. Depression may engulf

Depression may engulf the world
 Anxiety may increase many fold
 To face the aftermath be bold
 Your bank balance try to hold
 Job market will be very cold;
 In world many new things will unfold
 You will listen stories which were untold
 New ethnicity, Covid19 immune will be rolled
 Accordingly, in society people will be mould
 In stores, like toilet paper face mask will be sold.

44. Civilization will be resilient

Challenges will make civilization more resilient
 To humanity mankind will be obedient
 Lesser will be the role of the omnipotent
 More integration among the continent
 Information sharing will become pertinent;
 Paradigm shift in attitude is inevitable
 Man's behaviour will be positive, humble
 Society will be able to overcome trouble
 A better approach to brotherhood probable
 Thinking differently may become tolerable.

45.Up down is inseparable

In the long journey of civilization
 Up and down is an inseparable part
 So, the human civilization is very smart
 Sometimes your flight thunder may hurt
 After trouble best computer need restart;
 The temporary setback will get solution
 Human civilization will take new resolution
 One day mankind will get one constitution
 Civilization will march to bright destination
 The setback will give us new determination.

46.Discrimination

Racial discrimination is shame to mankind
 To gender discrimination never be blind
 Solutions to both mankind must find
 Poverty and discrimination should vanish
 Civilisation's image these things tarnish;
 Time is ripe for new social order to furnish
 Discrimination of any form we must banish
 Education has failed to change the mindset
 Religion could not remove the thing dirtiest
 Discrimination is the reason of all unrest.

47.Humility

Humility is a positive virtue
 It is effective is actually true
 Hearts will laden with rue
 You will get your respect due
 Humility is humanity's hue;
 Humility is not a weakness
 Rather is a sign of boldness
 It is also a virtue of kindness
 Humility brings love and respect
 To change life, it has good prospect.

48.Panic

When you face danger, don't be panic
 Nor try to see the tiger's face scenic
 You will be considered as a cynic
 To face the danger, use your logic
 Face the danger becoming rustic;
 If you become panic you will be hurt
 So, be rational and behave like smart
 Panic reaction will derail your cart
 It will be difficult for you to restart
 In danger, from mind panic reaction divert.

49.You kill without trial

You kill without trial
 Because he is black
 Rationality you lack
 Discriminatory pack
 Old days you are back;
 You claim justice keeper
 Yet injustice hooker
 Without trial citizen killer
 Don't pretend peace broker
 World is now on looker.

50.Killing without trial is murder

Killing without trial is murder
 In America justice has surrender
 The police had done a blunder
 On democracy it is a thunder
 Are American police head hunter?
 Racial discrimination still exist
 This is attitude of the fascist
 Racism all world should resist
 To humanity America must transit
 Let democracy and justice persist.

51.America is a rainbow nation

America is a rainbow nation
 Discrimination can't be fashion
 Racial discrimination is not solution
 Don't push justice to hibernation
 It will lead to America's dissolution;
 Black and brown are also citizen
 Must treat them as equal human
 Once Obama was America's spokesman
 America now needs a better boatman
 Not any cruel and dangerous gunman.

52.Black and white both are bright

Climate made man black and white
 Both the colours are good and bright
 Discrimination for colour is not right
 Let us feel black people's plight
 To remove it mankind should fight;
 No race can claim supremacy for colour
 In the name of race don't do humour
 Every human being deserves honour
 Black, white, brown and red are world's flower
 Let God give mankind brotherhood shower.

53.Don't discard night

We can't discard night because it is black
 Day and night are part of the same pack
 Together God made and in world stack
 That is why the world is a beautiful rack
 The melody exists only on rainbow track;
 Without night day has no meaning at all
 Year, decades everything day we will call
 In universe our life will become too small
 Black and white everyone will instantly fall
 Remember our earth is round like a ball.

54.America, don't teach human values to other

Don't teach human values to other
 We know cruel were your forefather
 It seems you have not changed either
 Try to change your attitude rather
 No need to give others your lecture;
 Conduct can only prove you have changed
 You position in witness box now hinged
 World will see how well things are managed
 On discrimination your democracy should not be based
 Otherwise voice of protest in world will be raised.

55.You killed lot of aborigine

Once America was virgin
 You killed lot of aborigine
 Established supremacy of white
 Position of indigenous became tight
 Simple aborigines never try to fight
 Snatched from them birth right
 Discrimination became their plight
 True history also you didn't write
 To the arms less you showed might
 And you claim you are democracy's light.

56.For division reasons are multiple

Religion can easily divide people
 Colour of skin is also reason simple
 For division reasons are in multiple
 Divisive forces grow quickly like pimple
 But blood flow in red colour is humble;
 Air, water, light and time never divide
 Platform of unity only always provide
 All the discriminations are man made
 To divide man nature have never said
 Even in twenty first century it has not fade.

57.Racial discrimination must pack

Racism is in some people's gene
 To continue racism, they are keen
 Possibility of change is very thin
 Sometimes racism becomes lean
 A small incident makes it green;
 Ego of white supremacy is fake
 Change of mind they must make
 On their ego mankind has to press break
 New attitude white has to take
 Soon racial discrimination must pack.

58.Corona is not racial

In America also, Corona is not racial
 To black and white treatment is equal
 The internet and social media are practical
 Social discrimination is a disease global
 Why man can't learn and be true social?
 Racial discrimination is part of civilization
 It has no place in the era of computerization
 People should go for attitude modernisation
 To chase racism, change of mindset is only solution
 Till then racism free world will remain as an illusion.

59.Trump takes refuse in bunker

Trump takes refuse in a bunker
 He behaved like a heavy drinker
 To him racial unrest is thunder
 People looted shops in hunger
 Donald Trump again made blunder;
 Why he has not become vocal?
 The protest would have been local
 Now America is burning in total
 Twitter removed twit from portal
 To brotherhood he is not loyal.

60. My dear Trump

My dear Donald Trump
 Remove your racial lump
 Brotherhoods please pump
 Discriminations throw to sump
 Racism America must dump;
 Try to be a true leader of people
 The road to it is very simple
 Your tongue is reason of trouble
 Treat all Americans as equal
 Good will to you also quickly ripple.

61. The cruellest animal

Man is the cruellest animal
 But at the same time, he is social
 Killing of pregnant elephant is brutal
 Really man is personality of dual
 People for animals, protest against cruel;
 Man is the only animal, who kills all species
 With hundreds logic brutality always justifies
 All these activities, hypocrisy of human justifies
 Nature will give justice to the weaker genes
 Man should realise, through Covid19 what nature means.

62. We have destroyed elephant's habitat

We have destroyed elephant's habitat
 Yet for long they remain totally silent
 To elephant-man conflict, elephant was lenient
 To nature's law elephants were always obedient
 Man- elephant conflict is now permanent;
 Elephants have also equal right to life and food
 To kill them on flimsy ground by man is not good
 This behaviour will force nature to angry mood
 Nature will punish mankind with actions rude
 Let us work to preserve elephant habitat and wood.
