PPE KIT: An English Poetry Collection composed by Devajit Bhuyan during Corona 2020 period and published by CAREER GURU devajitbhuyan.com. Copy right: Devajit Bhuyan

1.PPE kit

With PPE kit Doctors are fit
 Without it, Corona they meet
 Day and night, they treat
 Majority patients are now fit
 Even in supplying kit, China cheat;
 Wearing kit for long is difficult
 Breathless situation may result
 Yet medical staff must wear
 Now they are society's very dear
 For their services, let us cheer.

2.Corona proof jacket

PPE kit is Corona proof jacket
 Corona can't enter in nurse's basket
 Bullet proof jackets are for soldiers
 The kit is for the Corona warriors
 The virus can't penetrate its barriers;
 Masks, gloves, sanitizer all are handy
 But wearing PPE kit is not at all trendy
 After wearing it no one can eat even candy
 The kit is frontline weapon in Corona war
 It is now precious than bullet proof car.

3.We must kill the bustard Corona

Is surviving from Corona now purpose of life?
 Earlier it was quarrelling with beloved wife
 Mission, goal, objectives are now only hype
 A virtual thinking and failed prototype
 An invisible enemy become deadly knife;
 Hiding our face, we can't move forward
 We must throw away this unwanted reward
 In life we were looking for different award
 But now we are on back foot like coward
 To achieve goals, we must kill the bustard.

4.Invisible enemy is dangerous

Invisible enemy is dangerous
 To face them be serious
 The fight is always tedious
 Action can't be spontaneous
 You can't see the notorious;
 Any moment they can be furious
 Staying near can be injurious
 Cohabiting may be ridiculous
 No need of relation harmonious
 Save your life, it is precious.

5.Change is for better

Change is always for better
 People have become smarter
 Corona act as the starter
 Lockdown pushed later
 Better tomorrow always matter;
 Change has happened for good
 People are busy searching food
 To destroy environment no mood
 To weaker animals not at all rude
 Cheaper become oil and crude .

6.Break the chain

Break the chain
 World will gain
 Lesser will be pain
 To prevent is main
 Virus will go to drain;
 Children we must train
 Efforts will not go in vain
 Soon there will be rain
 Corona will not come again
 Let us together break the chain.

7.Fear is the change agent

This beautiful world Corona can't change
 The fear in human minds is reason main
 If fears subside, the world will look same
 Lockdown, fear all are created by our brain
 Experts told that we have to break the chain;
 The death of innocent people has pained
 Yet, for all these activities environment gained
 Ecological balance has cheerfully sustained
 To face disaster, the young generation is trained
 One day Corona will also be firmly chained.

8.Racism is genetic

Racism is a disease genetic
 In history it was never static
 Even in tribal life it was basic
 Relations of tribes not harmonic
 Caste, creed also has racial logic;
 Colour of skin is a big divisive force
 Look of face is also a racists source
 New hybrid generation can only reduce
 Scientists, please new gene try to produce
 Racism free new people in world introduce.

9.We come for limited time

We come to this world for a limited time
 So, we should always try to make it fine
 For survival in the world we must dine
 To enjoy with friends sometimes wine
 The land I have bought is forever not mine;
 Nobody knows how long he will live
 So, if you have, don't hesitate to give
 Tomorrow morning you may not see
 This is the life's most important key
 Learn from oxygen giving generous tree.

10.Best donation

No donation is better than eye donation
 You have no use of eyes after cremation
 Doctor can preserve it with your permission
 For someone it will give lifetime solution
 You can see the world with determination;
 To donate eyes, you need a brave heart
 It will prove that you are kind and smart
 A journey even after death you will start
 After leaving world you will be its part
 Let's donate eye to fill someone's cart.

11.Donate your eye after death

Eyes may be black, blue, golden or brown
 It is human life's most precious crown
 Without eyes, forever human life is down
 You can't see beauty of nature and town
 Blind people can't feel colour of own gown;
 Without eyes, light is of no use
 The rainbow can never amuse
 Can't realise that elephant is huge
 Thank God the best crown can be reuse
 Donate your eye, it will be good news.

12.O' my miser friend

O' my greedy miser friend
 Don't be totally blind
 In wealth life can't find
 To people be kind
 For society give mind;
 Don't chase mirage
 To spend show courage
 Lighten your baggage
 You will leave all luggage
 Charity is better mortgage.

13.Mystery of life

Impossible to understand mystery of life
 Equally difficult to understand wife
 Life and death are separated by a dotted line
 Any moment you can see cloud or sunshine
 So, better to accept everything is normal and fine;
 No one knows how mystery of life will unfold
 Many things in life always remain untold
 The memories in mind, only you can hold
 The better way to face the misery is be bold
 Till death takes you to the grave yard's fold.

14.Boredom

World population is suffering from boredom
 Work and movement can't be done random
 In Niagara Falls you will see tourists seldom
 Whole world is now Corona's own fiefdom
 The virus is invading mankind in random;
 Maintaining distance is really boring job
 O' God our freedom in twenty-twenty why you rob
 Please unlock from world the Corona knob
 America is destroyed by unruly criminals and mob
 By any means, from world boredom we have to lob.

15.Americans, protest peacefully

Everyone has right to peaceful protest
 But no one is authorised to create unrest
 Protest through nonviolence path is best
 For protesters keeping peace is the test
 Otherwise protest should be given rest;
 Neither all blacks are innocent and good
 Nor all white people are cruel and rude
 It depends on upbringing and attitude
 In both colours there are lots of prostitute
 Colour don't determine degree of gratitude.

16.Reboot American society

Death of a person in police custody is painful
 But rioting in the name of protest is shameful
 Why are you destroying property of innocent?
 They are in no way related to the killing incident
 Protest, but to law of the land always be obedient;
 The world doesn't deserve violence in the largest democracy
 Large scale mob lynching will encourage support for autocracy
 The pride of civil liberty will be tainted by looting
 American must go for new movement for social rebooting
 Otherwise division in American society will be everlasting.

17.Be like electricity

Be efficient like electric motor
 Move continuously like rotor
 Become static like a transformer
 Transform life in the society forever
 Be active like a transmitter
 Always send message for better
 Be bright like a LED light
 With minimum make life bright
 Be invisible like electricity
 Work always without publicity.

18.American green card is your crown

Colour may be black, red or brown
 The American green card is your crown
 Now why destroy your own town?
 You are crazy for the American passport
 For destruction of America why support?
 To work for America, you are import
 For destruction you may get deport
 Unity and integrity of America is important
 Stray incident doesn't support destruction
 You have to pay for the reconstruction.

19.Environment Day

To save environment should be attitude
 To mother nature it will be gratitude
 Protection requires bigger magnitude
 Start a battle to preserve beloved solitude
 Propagate the message to far off latitude;
 World Environment day is symbolic reminder
 By destroying environment, we have done blunder
 Unabated felling of tree will push mankind to danger
 The challenges ahead are much bigger
 By planting trees let us make our future better.

20.Celebration of Environment day not enough

Celebration alone is not enough
 If we are not serious, time will laugh
 Environmental law should be tough
 No one should be allowed to do rough
 Already destruction done is enough;
 The dynamic equilibrium must be saved
 Environment's enemy should be caged
 Development should be eco-friendly based
 Your protest voice must be strongly raised
 The destroyer should forever to be chased.

21.Cadet

Left right, left right
 Make your life bright
 Don't take discipline light
 On training show your might
 In difficult field bravely fight;
 Training is tough and tight
 With ease, you can climb height
 You never lose your sight
 Many a times sleepless night
 You work to remove nation's plight.

22.Caesar's wife

Always must be above suspicion
 Being Caesar's wife is a distinction
 Must support to find best solution
 Sometimes you may face humiliation
 Should not allow authority dilution;
 Caesar's wife backbone of power circle
 She should always smile with dimple
 Even with lot of power she must be bumble
 In minor pressure she should not buckle
 To become Caesar's wife is tough, not simple.

23.Breakup

In relationships breakup is painful
 But breakup is not at all shameful
 The jealous people become cheerful
 In relationships some people are harmful
 Some people enjoy when eyes are tearful;
 Before you breakup first try to makeup
 Small old matters don't try to wakeup
 When other people poke, say shut up
 To compromise always warmup
 Before you breakup, the dispute hush up.

24.In mother in law's grip

If you are in grips of mother in law
 You will certainly enter in debts jaw
 Expenses will come one by one in row
 You will lose your face's beautiful glow
 You can't defy because to wife you vow;
 Soon your finance and liquidity will be low
 The burden life you will be unable to tow
 But wife and mother in law will cheers wow
 They will never let you to go slow
 To lenders you will have to bow.

25. Don't be ashamed of depression

Like hate, anger, joy is also depression
 Always it is not a negative emotion
 But it should be kept under compression
 Drugs and medicine alone are not solution
 Use of drugs should not become addiction;
 Reading and creative work is the solution
 Make creativity your all-time companion
 Sometimes drugs may be needed for dilution
 But don't use it all the time for hibernation
 To overcome depression, you need determination.

26. Lifestyle will change

Lifestyle of people will change
 People will walk in different range
 Resources they will better manage
 Man will work to reduce wastage
 Will be happy with light luggage;
 People will fond of travelling wild
 In jungle fear of contamination is mild
 Parents will play hide and seek with child
 Social distancing will force avoid party
 Moving alone, people will avoid places dirty.

27. Book should not be like floppy

Book should not become like floppy
 Its journey is now very very sloppy
 In market we can sell limited copy
 To save from rain we are putting canopy
 Can book comeback winning the trophy;
 Responsibility is now with the reader
 There is no dearth of good writer
 Also, easy to get a self-publishing publisher
 But getting the readers is the barrier
 Will people support to make book winner?

28. Suppression

Suppression can't create impression
 It can't also remove depression
 Suppression is never a solution
 For problem it is not substitution
 It only gives temporary dilution;
 Suppression of weak is not at all fair
 Better sorrow of underprivileged share
 Brotherhood through suppression is rare
 Suppression will not encourage love and care
 It will create in mind a dirty irrelevant layer.

29. Always try to be kind

Always don't remain same my mind
 Sometimes it becomes unkind
 To others misery it remains blind
 Selfish way very easily it can find
 For own survival in box it is bind;
 At times mind becomes very kind
 Generosity it loves to freely unwind
 All misery goes with cool wind
 Because mind realise life will end
 So, to mind good thoughts always send.

30. Make everyday a good day

We can make our everyday good
 Enjoy always vegetarian food
 Eat non veg only to change mood
 No day come to us to make life rude
 Every day sun comes pure and nude;
 Tomorrow will certainly be better
 Today's food will make you fatter
 Realise that today is important matter
 Never push the good moment to later
 Make today a memorable day rather.

31. Beyond imagination

We must adjust for cohabitation
 Already started social transmission
 Always can't stay in isolation
 Only weapon to take precaution
 Frequently do hand sensitization;
 Lockdown is not permanent solution
 It can only do temporary dilution
 The virus is doing continuous evolution
 People eagerly waiting for vaccination
 But when vaccine comes beyond imagination.

32. Suicide

Depression alone can't compel suicide
 Reason must be poisonous like cyanide
 To vent pain, window to mind provide
 With friends and dear one tragedy divide
 Look to underprivileged, depression will subside;
 Suicide is not simply a medical condition
 Medicines alone can't provide restriction
 Body, mind, soul need perfect coordination
 With medicine, meditation is good combination
 Control suicidal thoughts with determination.

32. When you commit suicide

When you commit suicide
 Out of emotion you decide
 If you talk, emotion will recede
 Friends will stand beside
 Allow parents to preside;
 Suicide put family into pain
 Whole life for them tragedy remain
 Through suicide no one gain
 Your beloved, why you slain?
 To your mind confidence you train.

33.Suicide is never a solution

Suicide is never the solution
 It is only escaping dilution
 It is the worst way to face situation
 Better wait and watch from hibernation
 Time will give you good resolution;
 Pain maybe too heavy to bear and carry
 Struggle forced you to forget being merry
 Yet drive on your fully loaded lorry
 Enjoy on road eating wild black berry
 To suicide immediately say sorry.

34.Suicide is end point of depression

Suicide is end point of depression
 Dangerous is continued suppression
 With friends do its compression
 Games, sports, travelling are also solution
 Suicide push parents to humiliation;
 Our life is not for ourselves alone
 We are our parent's future backbone
 Our suicide will make them lifeless stone
 They will be forced to the depression zone
 Consult doctor to control depressive hormone.

35.Containmentment

For our safety is zone containment
 In life also containment is very pertinent
 Money and wealth alone is not supplement
 In life if you have minimum requirement
 We always realise it only after retirement;
 Containment can give in life satisfaction
 Greed can never be life's good resolution
 To many problems, containment is solution
 It is also the path for your need dilution
 Containment helps to overcome worst situation.

36. War is not solution

War is not the solution of dispute
 Negotiation is best resolving route
 High level teams India, China depute
 Silk route friendship is of age-old repute
 Peaceful resolution world will salute;
 The world is now fighting an epidemic
 Hostility at this time will not be democratic
 India, China both have nuclear weapon
 For world war a small spark may be reason
 To save humanity find negotiated solution.

37. Suicide is not a matter to be glorified

Suicide is not a matter to be glorified
 Some killed himself being dissatisfied
 His action need not to be simplified
 After his death nothing can be rectified
 Killing is not a good issue to be dignified;
 Attempt to suicide is attempt to murder
 The person needs counselling for blunder
 Ending one's own life is not very easy
 He who committed suicide must be crazy
 In the matter of committing suicide be lazy.

38. Remember also for father

When you love your mother
 Remember also for father
 They make you champion together
 Love for mom is always higher
 If you love equally, it is better;
 Father may be rough and tough
 Yet, in his heart love is always enough
 At your silly jokes he may not laugh
 But for your joy, money he will cough
 To save you in danger, he will never bluff.

39.Run

Run, run and run
 Work with fun
 For safety carry gun
 When hungry eat bun
 For light, thank sun;
 Respect the nun
 Work hard to earn
 If required, take a turn
 From other people learn
 But to win run and run.

40.Attention

When you give attention
 You can find a solution
 Attention helps in rectification
 Attention also gives resolution
 Never push it to hibernation;
 Attention is needed in classroom
 With attention result will boom
 Without attention the flower doesn't bloom
 You can't even clean floor with the broom
 If you drive without attention, life is doom.

41.Life is uncertain than cricket

Life is more uncertain than cricket
 In bathroom may fall your wicket
 No one can claim, he will hit century
 Time will prove it to be a perjury
 Tomorrow may write his obituary;
 In the uncertainty lies beauty of life
 We are duty bound to love our wife
 Any moment she may give a bouncer
 To entertain he have to become a jocker
 Next, if you don't face googly you are luckier.

42.Differentiate between need and greed

If you can't differentiate need and greed
 Your whole life will unhappily proceed
 In gathering wealth, you may succeed
 But love and affection will be diminished
 Chasing mirage, one day you will be finished;
 Need and greed try to distinguish every day
 With a smile to the waiter tips happily pay
 Put some money on the baggers tray
 To swim in the sea no need to buy a bay
 Without your greed sun will always give ray.

43.Solar eclipse

Natural phenomenon is an eclipse
 Superstition has no scientific basis
 Sun will move in its orbit as usual
 Towards solar eclipse be casual
 But don't look at the sun, be careful;
 The Indian demons Rahu, Ketu are myth
 No planet will ever change rotating path
 Planetary position is not going to harm
 In planetarium enjoy eclipse's charm
 Ignore all astrologers false beat of drum.

44.Sun is the heart

In solar system, sun is heart and soul
 Eclipse are momentary situation, not foul
 It happens in the system in cyclical order
 For bad effects of eclipse do not bother
 Only request is to take care of earth mother;
 All planets in the system are delicately balanced
 The planetary movement is perfectly maintained
 The centre stage, the sun always retained
 The shadow of planets and satellites is natural
 Physics has explained planetary movement well.

45.Go to planetarium

Don't see eclipse with necked eye
 With proper fillers you can try
 Necked eyes will become dry
 Your vision may forever fly
 Better, during eclipse remain shy;
 If you are curious, go to planetarium
 There you will learn many things premium
 Thank God, people can't harm the sun
 Man would have destroyed it for fun
 To save sun we don't need symbolic run.

46.Father's Day

Don't think father is big brother
 He is always the best friend rather
 He also loves his children like mother
 Father, mother take care of you together
 It is his responsibility to save you in danger
 Father is always rational and kind
 A mentor like him no where you can find
 But for your future he doesn't follow you blind
 If father scold you, no need to keep in mind
 On Father's Day memories with him rewind.

47.Civilization has not moved ahead

Civilization has not moved ahead
 Only older technology become dead
 Our mindset is still in mediaeval age
 We are bounded in the religious cage
 Mediaeval teachings are in front page;
 We use technology to promote falsehood
 For irrational religious texts always stood
 Technology is not used to modernize mood
 For us every religious verse is true and good
 Modern lifestyle failed to change our attitude.

48.Astrologer

Astrologers are rumour monger
 Superstition they make stronger
 So that their business run longer
 Rationality will force them to hunger
 Science will force them to bunker;
 They predict future only on probability
 Never they accept any accountability
 They are the people without integrity
 Foundation of astrology has no rationality
 Astrologers work only in cheating mentality.

49.Friends are also teacher

Friends are also good teacher
 They teach many things better
 Everything you can't ask mother
 Many things you afraid to ask father
 Friends try to give all that answer;
 Friends teach us love, hate and joy
 We learn from them to play with toy
 With friend's advice we become boy
 Football, cricket and counter strike
 From friends we learn how to ride bike.

50.Learning

Learning is needed for earning
 You have money for food buying
 Learning also make people cunning
 In the journey you can take turning
 Rebuild your house even after burning;
 Learning show you the path of knowledge
 Discipline, punctuality you acknowledge
 Learning give you positive attitude
 In life you will never become destitute
 Learning helps you to climb high altitude.

51.Man is pushed back

The tree has welcomed the sun
 It is dancing in wind with same fun
 The squirrel as usual with his run
 Crows are crying for morning bun
 The dogs are waiting for their turn;
 Forbidden is only human crowd
 In the park man is now without proud
 They are not allowed to sing loud
 No one knows why man is pushed back
 Will man can soon be able to go to track?

52.Sleep

Sleep is always sweet
 We are free from tweet
 All anxiety, tensions quit
 No need to peel any fruit
 We are on the calm route;
 Sleep gives sweet dream
 We can eat free cream
 Comfort of sleep invaluable
 Day sleep is also comfortable
 Without sleep, life is miserable.

53.Welcome to garden

Welcome to the garden
 Throw away your burden
 You will get back your rhythm
 God is waiting as Phantom
 Corona will lose his fiefdom;
 Fresh air is waiting for you
 Touch with feet morning dew
 The day will come as new
 You will enjoy the beautiful view
 Our old lifestyle let us renew.

54. Behind the naughty smile

Behind the naughty smile
 There is darkness hostile
 May break your heart fragile
 You will be forced to face trial
 Before you kiss, think for a while;
 Behind every rose there is thorn
 With thorn only roses can born
 Try to touch, thorn will blow horn
 Your hands will become worn
 In your plight no one will mourn.

55. Transmission

Sometimes a natural process transmission
 It doesn't need anyone's permission
 Sometimes it needed scientific solution
 Electromagnetic waves need amplification
 Transmission always do not give satisfaction;
 Transmission can be good or evil
 Transmission of diseases is devil
 Without transmission nothing will change
 Transmission process human has to manage
 To change its path, we need brain and courage.

56. Love is blind

Love is always blind
 Every heart you can find
 Society it can bind
 It is state of the mind
 With love one has you dined?
 Love is without boundary
 But it must be voluntary
 If one party is passive
 Love will be expensive
 Yet it is like drugs sedative.

57.Dalai Lama

The modern-day mascot of peace
 For better new world he has the keys
 Everywhere he planted brotherhood trees
 His motherland is still under seize
 Will Tibet ever see freedom breeze?
 All over world he distributed light
 But for his cause with arms never fight
 His principle is, nonviolence is right
 Bravely facing the Chinese army's might
 One day there will be end to Tibetans plight.

58.Why me?

When we hit jackpot, we never ask why me
 In trouble and pain, we always blame Thee
 In good days we forget to pray and see
 We never think to thank our friend tree
 Everything in the world we want to get free;
 For our happiness we hope God is bound
 But in celebration to him we turn around
 We are busy with music and loud sound
 In distress we feel lonely and ask why me?
 Pray to God to immediately send the key.

59.Salute the Indian hero

Salute the Indian hero
 Express gratitude and sorrow
 They died for our tomorrow
 Their own life became narrow
 Will remain forever in time's arrow;
 They sacrificed their life
 Left their children and wife
 Bravely faced terrorists knife
 When life is fulfilling and rife
 Left for heavenly abode before ripe.

60.Marriage

Beautiful lady who care
 Emotions she share
 To face danger she dare
 Companion like her rare
 To save family always aware;
 In life wife is the best companion
 To make a home she is champion
 Some people may have different opinion
 But living together is not the solution
 Institution of marriage need no dilution.

61.Wife

Beautiful lady with naughty smile
 Always love makeup and style
 But mood is very, very fragile
 Any moment can become hostile
 Better to follow her profile;
 Very difficult to know her mind
 Husband's fault she can easily find
 Yet on the pay day she is very kind
 Undoubtedly, she is the home maker
 When she is in vacation we suffer.

62.Regret

Don't waste time in regret
 Fix your next day's target
 Work for your future basket
 Sale your produce in market
 Success will blow your trumpet;
 Do regret only to correct mistake
 Not to repeat, measures you take
 Regret should not be false or fake
 Regret is not for backtrack
 It is for better solution and retake.

DEVAJIT BHUYAN, Engineer, Advocate, Management & Career Consultant, was born at Tezpur, Assam, India, on August 1961. He completed Bachelor of Engineering (Electrical), from Assam Engineering College and subsequently completed Diploma in Industrial Management, from International Correspondence School, Mumbai, LL.B. from Gauhati University, Diploma in Management from Indira Gandhi Open University, and Certified Energy Auditor Examination from Bureau of Energy Efficiency (BEE), New Delhi.
