### **1.Swab Test**

To prevent Corona, necessity is swab test  
 Quickly knowing about Corona, it is best  
 Detecting the virus is like killing of pest  
 Once detected, Corona can be put to rest  
 Though man is pushed to quarantine nest;  
 Against Corona antibiotics are toothless  
 So, Corona is becoming day by day ruthless  
 How to destroy it scientists are clueless  
 Swab test is now the best preventive way  
 Do your swab test today, you need not pay.

### **2.Enemy of poor**

Corona is enemy of the poor  
 Closed their livelihood door  
 Destroyed food grain store  
 Rich are also safe any more  
 Let us stop the naughty whore;  
 The fight against Corona is simple  
 Distance to be maintained by people  
 Corona will not be able to dribble  
 Hugging unknown is really horrible  
 To prevent mask, hand wash is reliable.

### **3.We are helpless**

We are now helpless creature  
 Worried for my children's future  
 Schools, colleges are closed down  
 Activities are standstill at lockdown  
 The family can't roam in the town;  
 Forced imprisonment is doing harm  
 On their faces, there is no charm  
 Children's attitude is now not warm  
 In home they are tired of virtual swims  
 We are passing days at nature's whims.

#### **4.The virtual world**

The virtual world has engulfed our life  
 People are also staying with virtual wife  
 Children play in the virtual playground  
 Their attitude will be different it is bound  
 Life of people will be within a circle round;  
 Virtual life is not the reality of the world  
 You can't feel the Mount Everest's cold  
 Virtual world will not teach how to climb  
 During danger people will become dumb  
 Virtually, you can't fertilize a woman's womb.

#### **5.Fear of death**

Fear of death is really terrible  
 Life in world is now horrible  
 To hug the best friend not reliable  
 Infection of Covid19 is possible  
 Staying inside home is desirable;  
 Covid19 is making our life miserable  
 Day by day it is becoming intolerable  
 Will it become an enemy formidable?  
 If we don't fear death, we are not vulnerable  
 To defeat Covid19 with courage struggle.

#### **6.Epidemic**

Epidemic is part of human story  
 But man, always forgets the history  
 Because too short is public memory  
 It is not like disease of coronary  
 Which is always in society to worry;  
 Epidemics are very dangerous  
 In the epicentre it is ferocious  
 Initially people remain curious  
 Seeing death becomes serious  
 Then vaccine become precious.

### **7.Scientists please find why and how**

Scientists, please do root cause analysis  
 Temporary measure is now dialysis  
 Symptomatic treatment can't resolve crisis  
 We need more and more research thesis  
 The whole gambit should be the basis;  
 Why and how the virus came we must know  
 It is not enough if we simply stop it's rapid flow  
 In future anywhere, any moment it will again grow  
 More dangerous may be the destructive show  
 Scientists please quickly find why and how.

### **8.World is burning**

World is burning  
 People are crying  
 China is shining  
 Kits are supplying  
 Money is earning;  
 China is lying  
 They are playing  
 Truth is missing  
 Death is increasing  
 Trump is bullying;  
 Death is coming  
 People are dying  
 Bodies are lying  
 Vaccine not finding  
 Nations are praying.

### **9.Life has become dull**

Life has become dull  
 Infront is Corona wall  
 Brain static inside skull  
 Activities in state of lull  
 Boredom in life is full;  
 Corona can't make us fool  
 The wall we must pull  
 To do it let's work cool  
 We have to invent tool  
 Soon man will again rule.

**10. Don't worry, be happy**

Soon everything will be fine  
 In restaurants we will dine  
 Bars and pubs will sale wine  
 We can drink with tasty swine  
 People will cultivate good vine;  
 For time being we are now mime  
 We are in the world for limited time  
 Let us make it a melodious rhyme  
 Avoid all types of violence and crime  
 To make world Corona free is duty prime.

**11. Good news coming soon**

We are waiting for the good news  
 People will write different views  
 Pharma companies will earn huge  
 Vaccine will blow Corona's fuse  
 The virus will not be able to abuse;  
 Challenge of the virus may be tall  
 But soon from the top it will fall  
 Corona will remain as a virus small  
 Even children will kick it like a ball  
 Forever the virus will lose fame and hall.

**12. Astrology**

Astrology is not a science  
 It is ostrich mentality blind  
 To falsehood don't be kind  
 Faith in it remove from mind  
 Positivity you will easily find;  
 Astrology is against uncertainty  
 To change future, it is not immunity  
 No good it can do to the humanity  
 Only for fun, astrology has utility  
 Scientific mind knows its futility.

### **13. Religion need substitution**

Religion failed to remove racism  
 Religion failed to stop fascism  
 Religion failed to eradicate caste  
 Religion failed to control human lust  
 Religion failed to prevent nuclear blast;  
 Religion encourage gender inequality  
 Religion promote jihad and brutality  
 Religion is never against superstition  
 Religion showed blind eye to prostitution  
 Religion now need better substitution.

### **14. Politics**

Politics decide nation's future  
 It is part of our social culture  
 Don't hate politics as vulture  
 Our children's future will rupture  
 Without politics democracy will puncture;  
 Politics is always necessary evil  
 Don't avoid it considering devil  
 Through voting, you take part little  
 Otherwise bad people will rule and kill  
 Take part in politics, do mental drill.

### **15. Religion and politics**

Religion is the opium of masses  
 But politics is everything's bases  
 For power and money everyone races  
 Study Ramayana, Mahabharata cases  
 You will realise politics is root causes;  
 Religion and politics two sides of the coin  
 Combining both politicians try to gain  
 To bribe for return religion also train  
 But to grab power mission always main  
 In human civilization both are in chain.

### **16. Don't hate sinner**

Jesus said 'hate the sin, not the sinner'  
 For whole world it is a teaching better  
 For better world it's implication is greater  
 It must be implemented in spirit and letter  
 Life in world will be happy and merrier;  
 Hate Brahminical culture, not the Brahmin  
 Indian polity the caste system is denting  
 De-facto discrimination the system is promoting  
 So many rituals in religion not suitable in modern time  
 If we pray God through honest good work that is fine.

### **17. Pain**

No pain no gain  
 Pain and gain are in chain  
 Hard work is main  
 To accept failure train  
 Umbrella required in rain;  
 Some work will go to drain  
 Some efforts will be in vain  
 Control pain using the brain  
 The ultimate goal is main  
 The road to success full of pain.

### **18. Cave man**

Suddenly we are forced to be cave man  
 Inside home caged all football loving fan  
 Roaming outside for long is totally ban  
 Our home is now quarantine Eden  
 We can't do party now even with ten;  
 Like cave man, our only goal is food  
 More we stay inside home is good  
 Our lives are in danger from invisible tiny  
 For safety cave man took shelter in cave is irony  
 But modern man faced to become cave man is funny.

**19. Baba Ramdev**

He popularised yoga among masses  
 In television also take yoga classes  
 For yoga Ramdev is real ambassador  
 To promote better health, he is coordinator  
 In marketing products also superior;  
 Without big stars he can sale his product  
 So, in selling advertising cost he can deduct  
 In politics also he has enviable qualities  
 To succeed in business, it is requisites  
 Will his Corona medicine be ventilators substitutes?

**20. Someone may be rowdy**

Morning may be cloudy  
 Someone may be rowdy  
 You may not stand proudly  
 Yet smile and laugh loudly  
 Sun will come soon undoubtedly;  
 Morning may not be beautiful  
 But move forward being cheerful  
 The whole day will not be harmful  
 Only movement should be careful  
 End of the day, you will see plentiful.

**21. Failure and suicide**

Failure has nothing to do with suicide  
 It is only one's attitude that decide  
 All great people have died before success  
 Through failure only success they access  
 To kill one's own life failure never teaches;  
 Failures will come and failures will go  
 But it will help your experience to grow  
 More experience means more perfection  
 Soon you will do your job with satisfaction  
 Failure will not remain as factor of limitation.

**22.Sour to sweet always matter**

Sour mango becomes sweet  
 Bad company immediately quit  
 False matter never tweet  
 In mind negativity should not weed  
 Changing attitude be a new breed;  
 In stomach bitter pill no more bitter  
 To change attitude use mind's filter  
 Good messages spread through Twitter  
 Enlarge your horizon to think greater  
 Changing sour to sweet always matter.

**23.Toe to top**

Take care from toe to top  
 Otherwise task will flop  
 Dirty things quickly mop

 Don't lose because of dope  
 Best results always hope  
 Consistency tie with rope  
 With failure never elope.

**24.Truth is always truth**

Truth is truth irrespective of religious belief  
 During epidemic prayer can't give you relief  
 Many age-old beliefs proved to be wrong  
 But truth is always true and remain strong  
 If truth hurts religious sentiment, sing a song;  
 Religious texts are not verified by standard norms  
 So many things in religious texts are harmful worms  
 Your beliefs may sometimes be hurt by necked truth  
 But remember, truth most of the times are ruth  
 Belief alone can't save forever your religion's booth.

**25. We pray Sun and Moon**

We pray the sun, because it gives light  
 We pray Moon, because in night it is bright  
 But to pray for our earth, we always fight  
 To destroy mother earth, we think is right  
 Corona has now made our position tight;  
 Sun and Moon don't need our protection  
 So, to pray them we have big attraction  
 Mother earth seriously need our attention  
 But every moment we are doing humiliation  
 To save mother earth need new solution.

**26. Saturday night fever**

Saturday night fever is missing  
 In home we are in forced hiding  
 Every weekend depression is rising  
 Our enthusiasm for party is dying  
 On Sunday also no more roaming;  
 Party, get together are dangerous  
 Because in the air there is virus  
 We are wasting our time precious  
 To save life we must be serious  
 The Covid19 is still going furious.

**27. Bad potato**

It is dangerous even one rotten potato  
 To destroy others is always it's motto  
 Throw away it immediately from basket  
 Before it starts to sale destruction ticket  
 Bad potato can spread odour like cricket;  
 One naughty man can destroy a society  
 To spread bad things people are plenty  
 People love to carry rumour in their kitty  
 Identify the rotten potato in your vicinity  
 To have a better society will be reality.

**28. Religion is deep rooted**

Religious beliefs are very deep rooted  
 From generation to generation imported  
 With society for thousands of years integrated  
 Religion and culture difficult to be differentiated  
 Throughout the whole world beliefs has migrated;  
 The older generations never allow reform  
 With their grandfather they always conform  
 No one is allowed to modify the deform  
 Thus, religion became opium for masses  
 But religion failed to eradicate racism and classes.

**29. Peace**

Peace is a state of mind  
 In loneliness you can find  
 To everyone always be kind  
 In search of peace don't be blind

 But for mistake they miss  
 It remains like a flying kiss  
 A never eaten delicious dish  
 Open your mind, see the bliss.

**30. Career and opportunity**

You may fail in hundred metres stint  
 In four hundred you are queen of sprint  
 Through practice in marathon you can mint  
 Never allow failure to keep imprint  
 Practice gives perfection is the hint;  
 If you fail to shine in running track  
 Long jump, high jump is in the back  
 In pole vault or javelin, you may not lack  
 In life and career there is no guarantee  
 But world is full of hurdles and opportunity.

**31.Career and life**

Career should not be a barrier  
 For better life we need career  
 But it is more important to be merrier  
 Chase your dreams to be happier  
 You can't be happy being money chaser;  
 To chase career don't lost in desert  
 Better compose music to become Mozart  
 If you are in wrong track better to restart  
 Remember career is only life's small part  
 Chasing career alone don't make life dirt.

**32.We are good in corruption**

We the Indian are good in corruption  
 If our mentality is this there is no solution  
 Everyone wants encashment of chance  
 Along with people Government also dance  
 Black marketing opportunity no one denounce;  
 We like to extort money from the poorest  
 But against corruption never unitedly protest  
 People will indulge in corruption in chance slightest  
 Lockdown in Assam used by all to mint quick money  
 Assamese people also consider corruption as honey.

**33.Luxury cruise**

Life is now passing of day  
 Every morning comes ray  
 But we are standstill at bay

 Towards them fate has very badly treat.

 To go back again you can't rew  
 To be happy many didn't knew;  
 Happiness is life's contemporary  
 You can find it even in solitary  
 It follows only your rule and directory  
 For happiness you are your own Notary  
 You can't invite happiness like dignitary.

**36. Failed marriages**

Now a days many marriages fail  
 For long together husband-wife can't sail  
 In small accident the train forced to derail  
 They can't reconcile even through mail  
 But divorce no one in the family hail;  
 Intolerance is the most important reason  
 They wish to have spring in all the season  
 Ego injects in mind negativity and poison  
 Both will try to impose his forced solution  
 Relationships pushed to ultimate dilution.

 Sometimes far reaching their effect  
 In first instance their proposal reject  
 Otherwise you bank balance will subtract  
 In doing fraud cyber criminals are perfect.

**38.Black lives matter**

Black lives also equally matter  
 Let us make this world better  
 We must make human values greater  
 Civilization will then move higher  
 In rainbow all colours are together;  
 All human beings have same hunger  
 Black, white, brown drink same water  
 To humanity racism is deadly thunder  
 Killing in the name of colour is blunder  
 We have to say goodbye racism forever.

 Do good to all creatures and enjoy wine  
 It means beautiful world and life is mine.

Simplify your own life  
 You can't simplify wife,  
 Simplicity is greatness

 Rather it is kindness  
 It is heart's softness  
 It represents highness.

 Our task remains in completed  
 Prayer to almighty not answered  
 Yet, don't accept defeat and move on  
 Soon God will come to help his son;

 To negativity of mind, it is the first warning.

 For what purpose you are living?  
 The tree smiled and answered  
 "To give you oxygen and sweet fruit  
 I give shadow and cool breeze  
 All living beings are in the same crease "  
 I asked myself, what is my purpose?  
 Is it to accumulate wealth and money  
 Or eat, drink and enjoy beautiful tourney?  
 The tree opened my eyes  
 I try to look at life from the skies;  
 The purpose is same like the tree  
 Because air, water, light and time are free;  
 Our purpose is also to do good to others  
 The living kingdom is our own brothers.

Every one works for money  
 Money can buy sweet honey

 The associated value of work, you block  
 Money will lose value, for long if you lock  
 Use your money in the night club and rock.

 Your thought process should work for well  
 In the mind, bad thoughts don't allow to swell.

 Status quo will reduce tension  
 Both nations need more discussion  
 To people war will bring destruction.

All snakes are not poisonous  
 They are always not dangerous  
 But fear on human minds marvellous  
 To kill them people become furious  
 Now to save snakes let's be serious;  
 For biodiversity snakes are necessary  
 They always live in their own territory  
 Rodents and insects are their food  
 In balancing these, snakes are good  
 Behaviour of man makes snakes rude.

 Together all nations will break their base
