[Verse 1]

**From the White House flame to the world we roam,
We carry the stories that built this home.
In kitchens and halls, we serve with pride,
With culture and honor side by side.**

[Chorus]

**We are torchbearers, bold and true,
With red, white, and global hues.
From medals to meals, from truth to art,
We serve the world with a patriot's heart.**

[Outro]

**The United States Presidential Service Center and Global Embassy of Culture
Where service meets diplomacy.
One world, many flags, one guiding light—
Together we rise, together we write.**
