

Dear Sir or Madam:

Our Estate, Household, and Resort Management Service and Placement service were and remain the first in history to offer our unique approach to managing loving homes and qualifying managers. We are the only service in the world using this proprietary system.

Here our candidates fulfill long-term function with families and resorts by creating genuine relationships. We continue to teach through the Intercontinental Academy of Household, Hotel, and Resort Management (IAHHRM) located inside of The Inn of the Patriots and United States Presidential Service Center. We train onsite at our award-winning inn ranked 9.8 of 10, in our school with 5074 graduates, at your estate, or online – worldwide.

We not only offer outstanding service as a colleague, confidant, and helper, but we offer the best follow up in the business. We look after our clients because we want that long term relationship.

Sincerely,

Stormy L. Mongiello, BS, PHR, SHRM-CP
