We have an extensive music library of over 600,000 songs and can get almost any song you may wish to hear.

- Our DJ's pride themselves on being able to read the pulse of a crowd and tailor a song list to that crowd at that time ensuring the greatest degree of enjoyment for you and your guests.
- While we greatly appreciate your song suggestions and are happy to play your list of "must haves" we try to avoid playing a predetermined playlist as often times such playlists do not take into account the diverse tastes of a large crowd and allow for the flexibility that a veteran DJ with years of experience can demonstrate on the fly by mixing in your favorites.
- If you intend to have a specific, playlist only event, please contact us as soon as possible to discuss that with our staff.
- If you are having a hard time thinking of songs that you want, Google search it on the internet, there are many sites that you can get song ideas from!

*Making memories one song at a time!*
