### 3. Scorers Responsibilities

3.1 The home and away team scorers must sit together, during the entirety of the match, in a designated area that is isolated away from players, officials and spectators.

3.2 The scorers will transfer the line-ups of both teams onto their respective scorebooks. The information contained on the "pink" line-up sheet given to them by the managers must be accurately be transposed to the score book prior to the commencement of the match. Scorers must ensure that the Surname and First names are recorded in full and are identical to what is on the "pink" line-up sheet.

3.3 To record their own teams line-up onto the Match Report Card. This information to be accurately transposed from the "pink" line-up sheet supplied by their manager. The information containing the Surname along with First name put on the Match Report Card are accurate.

3.4 To score the match according to the "Official Scoring Rules of Baseball". The scorers' shall have the authority to rule on any point not specifically covered in these rules but only by consensus. Both score books must be identical.

3.5 If the teams change sides before three players are out, the scorer shall immediately inform the umpire of the mistake.

3.6 If the game is protested or suspended, the scorer shall make note of the exact situation at the time of the protest or suspension. The information noted is usually done by "ruling" the scorers boos indicating the score, the number of outs, the position of any runners as well as the ball and strike count on the batter.

### 4. Starting Matches

4.1 Games shall commence at times stated in fixtures, and these Bylaws, unless other arrangements have been made via the mutual agreement of both clubs, and with the approval of the BBA Pennant Committee.

4.2 No games shall commence unless there are two scorers present.

4.3 The ground manager of the home club, can declare the ground unsuitable for play, up until 15 minutes prior to game time. The ground manager should do this if:

- a. There are pools of water on the playing surface, and it is raining.
- b. The surface is too slippery to be safe.
- c. The batting boxes, and / or the base paths are unsafe.

d. The ground does not pass a ground assessment.

They will then decide whether the game is to be abandoned due to adverse weather.

4.5 For any game, up to 15 minutes grace can be allowed to correct ground markings to a reasonable standard before the game need be forfeited. If, and when, a diamond is declared unfit to play, 15 minutes can be allowed for the home team to complete a new diamond, or a "No Game" results. Umpires shall give at least 10 minutes notice before the scheduled starting time, for any ground items requiring attention.

4.6 To "call" a game due to the fitness of the playing conditions, the umpire must be in attendance at the ground at the scheduled time of commencement. This ruling does not prevent the association abandoning a round due to weather etc.

4.7 Matches which are washed out (abandoned), will result in a draw, equal match points, and a score of 0-0 being recorded.

4.8 If the umpire/umpires and the managers of both teams declare the ground suitable, then control of the game goes to the umpire.

4.9 No game should commence if it is raining.

4.10 Once a game is started, the umpire has sole control of decisions regarding the weather, but shall be guided as follows:

a. If the rain increases acutely, and affects visibility, the game should be halted.

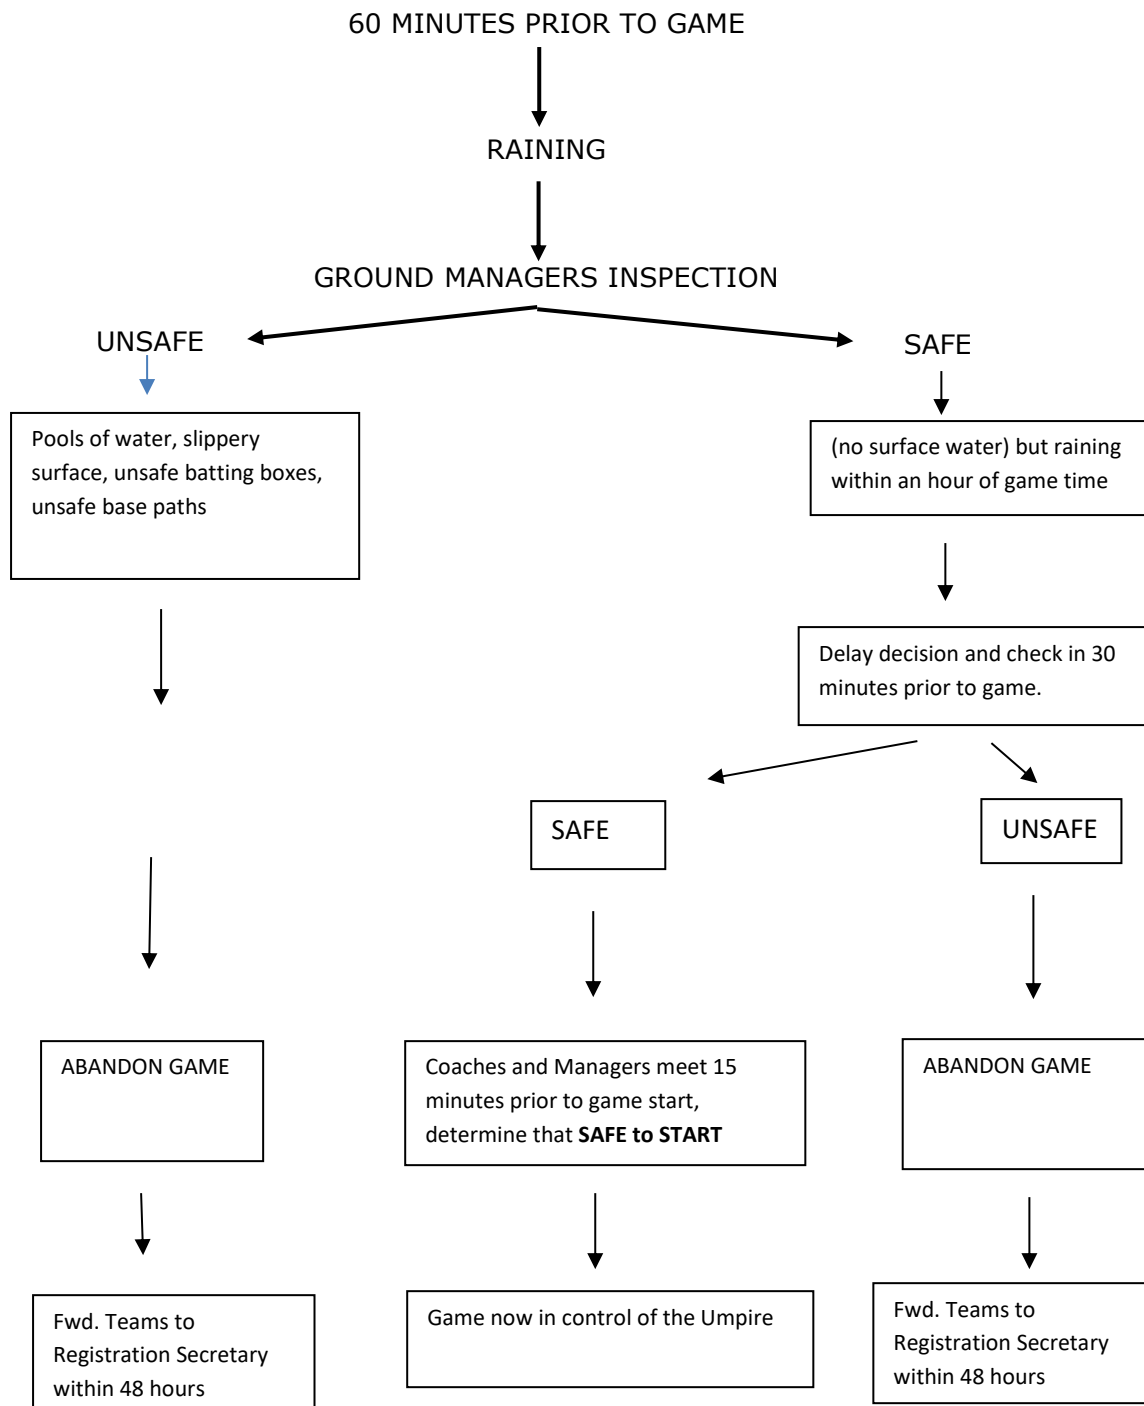

b. If the rain continues and becomes hard enough to cause pools of water on the ground, the game should be halted.

4.11 No attempt should be made to clear water from the ground while it is raining.

4.12 If the rain stops, the home team is to be instructed to remove all the water from the playing surface.

4.13 If they can accomplish this within 15 minutes, the game can resume.

## 7. Designated Hitter Rule

7.1 A hitter may be designated to bat for the starting pitcher and all subsequent pitchers in any game, without otherwise affecting the status of the pitcher/s in the game. A Designated Hitter for the pitcher must be selected prior to the game and must be included on the line up cards presented to the Umpire-in-Chief.

7.2 It is not mandatory that a club designate a hitter for the pitcher, but failure to do so prior to the game, precludes the use of the Designated Hitter for that game.

7.3 Pinch hitters for the Designated Hitter may be used. Any substitute hitter for a Designated Hitter, becomes the Designated Hitter. A replaced Designated Hitter shall not re-enter the game in any capacity.

7.4 The Designated Hitter may be used defensively, continuing to bat in the same position in the batting order, but the pitcher must then bat in the place of the substituted defensive player, unless more than one substitution is made, and the manager must then designate their spots in the batting order.

A runner may be substituted for the Designated Hitter, and the runner assumes the role of the Designated Hitter. A Designated Hitter may not pinch run.

7.5 A Designated Hitter is "locked" into the batting order. No multiple substitutions may be made that will alter the batting rotation of the Designated Hitter.

7.6 Once the game pitcher is switched from the mound to a defensive position, this move shall terminate the Designated Hitter role for the rest of the game.

7.7 Once a pinch hitter bats for any player in the batting order, and then re-enters the game to pitch, this move shall terminate the Designated Hitter role for the remainder of the game. (The game pitcher may only pinch hit for the Designated Hitter).

7.8 Once a Designated Hitter assumes a defensive position, this move shall terminate the Designated Hitter role for the remainder of the game. A substitute for the Designated Hitter need not be announced until it is the Designated Hitter's turn to bat.

**Note:** The rule will be applied with a maximum of 10 minutes added to the scheduled finishing time. If the game fails to be completed within the 10 minutes added on to the scheduled finishing time, scores revert back to the last completed innings.

## 11. One – Sided Games (10 Run Rule)
