

Fall - 2026

Our 76th Year

A Summer Worth Celebrating

As the days grow shorter and the lake settles into its autumn quiet, we have so much to look back on with gratitude. It was a wonderful summer at Rushford Lake—filled with time on the water, familiar friends, new neighbors, and a community that continues to show up for one another.

Dam Day was a tremendous success! Behind all the fun was the hard work and generosity of volunteers, sponsors, donors, and everyone who came out to participate. Whether you gave your time, contributed a raffle basket, made a purchase, or brought family and friends, you helped make the day something special. Thank you.

We also took an exciting step in caring for our lake by acquiring an underwater drone to help inspect the dam. Looking after the infrastructure that makes Rushford Lake possible remains an important part of looking toward its future.

There are new faces on the RLLA Board, too, bringing fresh ideas and a willingness to serve. You can meet them and learn more on page 4. We appreciate everyone who steps forward to help guide our association and keep our community connected.

As always, boating safety and lake etiquette deserve our attention. Watching our wakes, giving swimmers and other boats plenty of room, keeping noise considerate, and respecting our neighbors' docks and shorelines are small courtesies that make a big difference. Each of us helps keep the lake safe, welcoming, and enjoyable for everyone.

Fishing Derby Winners

Easton

15.25" walleye

Dawson

13.5" rainbow trout

Grayson

15" walleye

*A huge thank you to the
RLLA for
generously donating the
prizes!*

Most of all, thank you to everyone who helped make our lake a community this summer. It happens through helping hands, friendly waves, and the everyday kindness of neighbors.

Enjoy the beauty of fall and the months ahead. We can't wait to welcome everyone back next year for another summer of memories at Rushford Lake!
