(fun *and* for a great cause)

- **Kids Fishing Derby & Food Pantry Drive – Labor Day**

As another beautiful summer season begins at Rushford Lake, we extend a warm welcome to our returning seasonal residents, visitors, and friends. The boats are getting polished, the lawns are getting mowed, and somewhere, someone is already insisting that this will be the summer they finally catch "the big one." We're glad you're back!

We hope you'll make plans to join us for **Dam Day on Saturday, August 8**. While the name may get a smile from first-time visitors, the purpose is important. Dam Day helps raise funds to support and preserve the nearly 100-year-old dam that created the lake we all enjoy. This year's event features a Chicken BBQ, Poker Run, vendors, raffles, music, and activities for all ages. It's a chance to have fun, reconnect with neighbors, and support the future of Rushford Lake. After all, it's one dam good day!

As the lake fills with boaters, swimmers, anglers, and paddlers, let's all remember that safety and courtesy make everyone's day better. Observe no-wake zones, boat responsibly, watch for others on the water, and lend a hand when someone needs it. Lake etiquette extends beyond the shoreline too. Sound carries remarkably well across the water, especially in the evening, so a little consideration helps preserve the peaceful atmosphere that draws us all here.

Rushford Lake is more than a beautiful place—it's a community. The friendships, volunteer spirit, and shared commitment to protecting this lake are what make it special.

Thank you for helping keep Rushford Lake safe, welcoming, and enjoyable for everyone. Have a wonderful summer, support Dam Day, and may your sunscreen last longer than your fish stories.

Supporting the Lake We Love

A friendly reminder that RLLA membership dues are now due for the 2026-2027 season. Your membership dollars help support community events, lake advocacy, communications, and the many projects that help preserve and protect the Rushford Lake experience we all enjoy.

This year's dues are **\$35 per household**. Members who renew promptly will receive their annual window sticker—a small badge of honor that lets everyone know you're doing your part to support our lake community. If you've already paid, thank you for your continued support. If not, please take a few minutes to renew. Every membership helps strengthen our organization and our ability to advocate for the interests of Rushford Lake property owners and visitors.

Together, we're making a difference—one membership at a time. And remember, unlike your fish stories, your dues don't get better with age. Please renew today!

Thank you for supporting the Rushford Lake Landowners Association.
