

# Mark your calendars for August 8th! It's Dam Day at Rushford Lake

And it's going to be epic! We've got a ton of new and old favorites lined up, including our **mouthwatering Chicken BBQ**, a **brand-new Poker Run on the lake**, **DJ music blasting on the dam**, and a **new spot at Dam Park, 7860 Mill Street**. And guess what? You can still enjoy our popular **meat and basket raffles**, browse the **local vendors**, and soak in the awesome atmosphere that makes Rushford Lake feel like home. Whether you're a foodie, a prize hunter, a boating enthusiast, or just a music lover, there's something for everyone.

But Dam Day is more than just about the food and fun. It's also a chance to show your love for our lake. Check out our **Rushford Lake T-shirts and event posters** throughout the day, and support a great cause. Every ticket, purchase, and donation helps preserve our historic dam and protect the lake for future generations. This special day is all about neighbors, families, and friends coming together for something we all love. Bring a friend, bring an appetite, and bring your lake spirit—then join us on August 8th and make this year's Dam Day one to remember!

*Your chance to get real information*

## **GO TO THE DAM MEETING!!!**

The Annual RLRD/RLLA Assoc. Lake/Dam Meeting is your chance to get straight-up facts from the experts. If you've never been to a Lake/Dam meeting before, be prepared to be blown away. You'll learn about the history, legends, people involved, repairs, and exploits. Did you know we hire people to rappel down the backside of the dam to scrape off vegetation that weakens the mortar? Love to see that! By the way, there will be newly designed Lake T-Shirts and posters by a local artist for sale at the meeting.

**July 25, 9am at the Rushford Fire Hall**

**District Elections take place immediately following the meeting at the District Office  
8999 Main Street Rushford (around the back).**

## **Interested in Joining Our Board? (Snacks Included!)**

The Rushford Lake Landowners Association is looking for a few good neighbors to serve as Directors—and we promise, it's much more fun than it sounds. Our main mission is raising funds to help preserve our nearly 100-year-old dam, but along the way we also organize community favorites like the food pantry drive, Fourth of July fireworks, and the kids' fishing tournament. The time commitment is

refreshingly reasonable: we meet only during the summer season, our meetings are short, and yes—there are refreshments. (Sometimes that alone is worth showing up.)

Serving as a Director is a great way to get to know your lake neighbors, share a few laughs, and feel good about giving back to the place we all love. No special experience required—just a sense of community spirit and a willingness to care about Rushford Lake. If you've ever thought, "Someone should help with that," congratulations...that someone might be you! To learn more or raise your hand, contact **MJ Brown** at **716-698-0357** or email **RushfordLakeLandowners@yahoo.com**. Join us and help make a difference—one meeting and one snack at a time.
