

## Legacy Partnership

CLEAR Ed. has developed an initiative that combines literacy and leadership development for all youth. Through our literacy and leadership initiatives, CLEAR will bring a variety of opportunities to foster a rich environment that empowers each child on a personal level. Together, we can move these initiatives forward in a way that can greatly impact our children now and in the future.

Your legacy partnership will provide a full two-year scholarship to CLEAR's Early Childhood Learning Center or Leadership Academy. You as the partner will participate in the selection process, if desired. At the end of the two years, you can choose to continue the journey for that child.

Through your legacy partnership you can be part of the change that is needed in education. We need a transformation that will serve our children, their families, and future families for generations to come. Join us in shaping the future of our children today so they can lead tomorrow.

### **Benefits:**

All Leader partner benefits;

Provide a child with a full two-year scholarship;

Play a major role in the selection process and progress of that child;

Personal name or business recognition on CLEAR's Legacy Partners display located at the school;
